Romania since the Second World War Florin Abraham, 2016-11-17 CHOICE Outstanding Academic Title 2017. Romania since the Second World War is the first book about Romania designed to chart the progress of the nation under the communist regime as well as the transition period that followed providing detailed analysis of the aspects of continuity and change that can be identified over the period as a whole. The book begins with Romania's involvement in the Second World War looking at the communist regime in depth. It examines how communism took hold and the elimination of traditional elites took place before discussing the impact of Gheorghiu Dej and Nicolae Ceausescu the two most important leaders of the communist era. The following chapters cover the main social and economic changes during the communist regime. The second part of the book explores the transition period following the end of communism in 1989 with special attention given to international relations and Romania's drive for inclusion in NATO and the EU. Romania since the Second World War assesses socio demographic trends across the postwar period before concluding with some thoughts on the nation's development during this time. The book includes a useful appendix covering the key figures in Romania's recent history and a helpful bibliography making this a key text for anyone interested in the modern history of Eastern Europe.

Romania's Holy War Grant T. Harward, 2021-11-15. Romania's Holy War rights the widespread myth that Romania was a reluctant member of the Axis during World War II. In correcting this fallacy Grant T. Harward shows that of an estimated 300 000 Jews who perished in Romania and Romanian occupied Ukraine more than 64 000 were in fact killed by Romanian soldiers. Moreover the Romanian Army conducted a brutal campaign in German occupied Ukraine resulting in the deaths of thousands of Soviet prisoners of war partisans and civilians. Investigating why Romanian soldiers fought and committed such atrocities Harward argues that strong ideology a cocktail of nationalism religion antisemitism and anticommunism undergirded their motivation. Romania's Holy War draws on official military records wartime periodicals soldiers diaries and memoirs subsequent war crimes investigations and recent interviews with veterans to tell the full story. Harward integrates the Holocaust into the narrative of military operations to show that most soldiers fully supported the wartime dictator General Ion Antonescu and his regime's holy war against Judeo Bolshevism. The army perpetrated mass reprisals targeting

Jews in liberated Romanian territory supported the deportation and concentration of Jews in camps or ghettos in Romanian occupied Soviet territory and played a key supporting role in SS efforts to exterminate Jews in German occupied Soviet territory Harward proves that Romania became Nazi Germany's most important ally in the war against the USSR because its soldiers were highly motivated thus overturning much of what we thought we knew about this theater of war Romania's Holy War provides the first complete history of why Romanian soldiers fought on the Eastern Front Romania under Communism Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceaușescu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry *Romania at the Paris Peace Conference* Sherman Spector, 2023-04-18 Romania at the Paris Peace Conference studies the diplomacy of Ioan I C Brătianu during World War I and in its aftermath that led to the formation of Greater Romania The book describes the successful struggle waged by the Romanian government for recognition of the provisions of the secret treaty of 1916 and in addition for approval of the de facto annexation of Bessarabia carried out in 1918 with the encouragement of the Central Powers A substantial share of the credit for this achievement Spector asserts must be given to Ioan I C Brătianu a skillful negotiator who answered all attempts to delineate more equitable frontiers with a rigid restatement of Romania's full claims *The Soviet Army's High Commands in War and Peace, 1941-1992* Richard W. Harrison, 2022-07-28 The first full treatment of the unique phenomenon of High Commands in the Soviet Army during World War II and the Cold War The war on the Eastern Front during 1941-45 was an immense struggle running from the Barents Sea to the Caucasus Mountains The vast distances involved forced the Soviet political military leadership to resort to new organizational expedients in order to control operations along the extended front These were the high commands of the directions which were responsible for two or more fronts army groups and along maritime axes one or more fleets In all five high commands were created along the northwestern western southwestern and North Caucasus strategic directions during 1941-42 However the highly unfavorable strategic situation during the first year of the war as well as interference in day to day operations by Stalin severely limited the high commands effectiveness As a consequence the high commands were abolished in mid 1942 and replaced by the more flexible system of supreme command representatives at the front A High Command of Soviet Forces in the Far East was established in 1945 and oversaw the Red Army's highly effective campaign against Japanese forces in Manchuria The Far Eastern High Command was briefly resurrected in 1947 as a response to the tense situation along the Korean peninsula and the ongoing civil war in China but was abolished in 1953 soon after Stalin's death Growing tensions with China brought

about the recreation of the Far Eastern High Command in 1979 followed a few years later by the appearance of new high commands in Europe and South Asia. However, these new high commands did not long survive the collapse of the Soviet Union in 1991 and were abolished a year later. The book relies almost exclusively on Soviet and post communist archival and other sources and is the first unclassified treatment of this subject in any country East or West.

Let's Make World War II the Last World War Donald Johnson, 2023-04-07

The purpose of this book is to let the people, mostly the young people of today who think they're living in hard times and that everything around them is so brutal and savage and of so much despair, though many think that way because of the constant negative ambush they receive today from the media, schools, newspapers, and through many elites in our society who are taught that everything around them is going to hell in a handbasket, know that this is the best time in the world to be alive. Most people are safer, better educated, and living around modern high tech advances that make their lives easier. People have more wealth and leisure time than ever before. They are healthier and tend to live longer than ever before. The world is also more acceptable among the races and religions of the world, and this generation has the chance to live in everlasting peace without no World Wars, though there will always be conflicts among people and nations, and it will never be perfect. This generation today must know that the world was a pretty savage, doggy world throughout history, climaxed by World War II, though savage wars did continue after World War II. They must also be taught that the perpetrators of the savagery were all people, races, and religions, not just some. For today's media want to use that narrative, and the victims of the savagery were also from all people, races, and religions. We all know that slavery is wrong in America, but it ended over 160 years ago. Why not also talk about slavery before American slavery, like the slavery in Africa? And why not talk right now about slavery that's been going on right now in China, in North Africa by Isis, and in Libya? Because it doesn't get the media's narrative on who is good and who is bad. And one more thing about the media: how about talking about some of the good things that America has done throughout its history, instead of bashing America all the time? For example, if America were to be wiped out by a tidal wave, the rest of the world would be in warfare because there will be no America to secure peace.

The Red Army and the Great Terror Peter Whitewood, 2015-09-25

On June 11, 1937, a closed military court ordered the execution of a group of the Soviet Union's most talented and experienced army officers, including Marshal Mikhail Tukhachevskii. All were charged with participating in a Nazi plot to overthrow the regime of Joseph Stalin. There followed a massive military purge from the officer corps through the rank and file that many consider a major factor in the Red Army's dismal performance in confronting the German invasion of June 1941. Why take such action on the eve of a major war? The most common theory has Stalin fabricating a military conspiracy to tighten his control over the Soviet state. In *The Red Army and the Great Terror*, Peter Whitewood advances an entirely new explanation for Stalin's actions, an explanation with the potential to unlock the mysteries that still surround the Great Terror, the surge of political repression in the late 1930s in which over one million Soviet people were imprisoned in labor camps and over 750,000 executed. Framing

his study within the context of Soviet civil military relations dating back to the 1917 revolution Whitewood shows that Stalin sanctioned this attack on the Red Army not from a position of confidence and strength but from one of weakness and misperception Here we see how Stalin s views had been poisoned by the paranoid accusations of his secret police who saw spies and supporters of the dead Tsar everywhere and who had long believed that the Red Army was vulnerable to infiltration by foreign intelligence agencies engaged in a conspiracy against the Soviet state Recently opened Russian archives allow Whitewood to counter the accounts of Soviet defectors and conspiracy theories that have long underpinned conventional wisdom on the military purge By broadening our view The Red Army and the Great Terror demonstrates not only why Tukhachevskii and his associates were purged in 1937 but also why tens of thousands of other officers and soldiers were discharged and arrested at the same time With its thorough reassessment of these events the book sheds new light on the nature of power state violence and civil military relations under the Stalinist regime World War II Spencer C.

Romania during the Second World War Dennis Deletant, 2016-04-08 British Clandestine Activities in Romania during the Second World War is the first monograph to examine the activity throughout the entire war of SOE and MI6 It was generally believed in Britain's War Office after Hitler's occupation of Austria in March 1938 that Germany would seek to impose its will on South East Europe before turning its attention towards Western Europe Given Romania's geographical position there was little Britain could offer her The brutal fact of British Romanian relations was that Germany was inconveniently in the way opportunity proximity of manufacture and the logistics of supply all told in favour of the Third Reich This held of course for military as well as economic matters In these circumstances the British concluded that their only weapon against German ambitions in countries which fell into Hitler's orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany
