The Doctrine of the Incarnation Opened Edward Irving, 2023-08-31 In The Doctrine of the Incarnation Opened an abridgement of Edward Irving s 1792 1834 sermons readers have fresh access to and insightful comment on Irving s distinctive views regarding the person of Jesus Christ The book follows the sermons in a logical progression the goal and method of the incarnation the events of the incarnate life and the death of Christ and the effects of the incarnation For Irving God the Son's assumption of a fallen human nature was of the upmost importance and garnered most attention This view also dominates Irving s soteriology according to which the incarnate Son takes over the human will reforming the very origin of sin and offers obedience to the Father as a sacrifice of praise Irving's radical Christological thought informed the thinking of notable theologians such as John McLeod Campbell Thomas F Torrance and Karl Barth With an introduction by G McFarlane and a critical response by J D Cameron The Doctrine of the Incarnation Opened provides an accessible format to engage with Irving s influential thoughts and ideas Your Gospel Is Too Small Jason Valeriano Hallig, 2021-04-07 Friedrich Nietzsche believed that with the gospel the Christian is a useless separated resigned person extraneous to the progress of the world Hence to Nietzsche the Christian message is a virtue of the weak This criticism emanates from the kind of a gospel we have known accepted and preached for centuries a gospel that represented the Christian message out of the medieval and Reformation theologies With the revival of biblical studies and theology in the eighteenth century and onwards studies on the gospel shifted to more historical approaches paying the way for a more biblical gospel that is faithful to the larger biblical narrative Slowly we have rediscovered a different understanding of the gospel that is not limited to a personal and highly spiritualized gospel but one that is more cosmic in its grandeur Your Gospel Is Too Small invites readers to a whole new world open to men and women toward a vision greater than previously held a world that is even beyond what ubermensch offers to us This is a reframation of the gospel we thought we already knew **The Mission of God's People** Christopher J. H. Wright, 2010-09-07 What does the Bible say about God's purpose for us the witness of the church and our mission to spread the message of the gospel Chris Wright's pioneering 2006 book The Mission of God revealed that the typical Christian understanding of missions encompasses only a small part of God's overarching mission for the world God is relentlessly

reclaiming the whole of creation for himself and each of us fit into that big picture plan In The Mission of God's People Wright argues that having a strong biblical theology that shapes our thinking and behavior must be in place before answering the call of the Great Commission Wright first steps back and answers some of the biggest questions of God's story and our place within it Who are the people of God What kind of people are we What are the priorities and limits of our mission What exactly is the gospel that lies at the core of our mission What was it that made Christianity a missionary faith from the very start While answering these essential questions Wright thoroughly details what the Old and New Testaments teach Christians about being God's people He addresses questions of both ecclesiology the theology of the church and missiology the practice and methodology of missions with topics like called to care for creation called to bless the nations sending and being sent and rejecting false gods Part of the Biblical Theology for Life series this practical and robust book will help you and your church ground your witness bearing purpose and worship on the solid foundation of biblical understanding and reflection What's the Good of Humanity? Victor Lee Austin, Joel C. Daniels, 2021-09-21 From a Christian perspective it could well be said that humanity a good gift of God is being undermined by the technology and thought patterns and practices of contemporary Western culture In response to what is seen as an attack many books have been written on the harm of these technologically driven practices These articles and books focus on what is wrong with euthanasia with surrogate motherhood with the denial of the male female difference and so forth Yet to make a compelling cultural witness it is more important for Christians to know what is right and essential that they be able to articulate the positive Why do babies matter What is the goodness embedded in being made male and female How can one approach death in a godly manner We need in other words to be able to give an account of God's Yes 2 Cor 1 20 the hope that is within us 1 Peter 3 15 In this collection of essays an ecumenical group of scholars of diverse perspectives discuss these and other important questions in order to help discern what is good for humanity With contributions by Phillip Cary Donna Freitas Paul Hinlicky Edith M Humphrey Patrick Lee Gilbert Meilaender Nancey Murphy SCM Core Text: Christianity and Science John D. Weaver, 2013-02-11 The SCM Core Text Christianity Science provides an advanced introduction to the lively debate between the relative truth claims made by science and the absolute truth claims made by religions and Christianity in particular The author examines the interaction between science and the Christian faith and explores the place of faith in an age of science John Weaver himself a scientist explores the responses of the Christian faith to scientific advances particularly as they impinge upon an understanding of God and human nature Contemporary issues such as cloning stem cell research GM crops global climate change and ecological destruction new research on the origins of life and the issue of suffering brought about by natural evil such as the Boxing Day tsunami are covered in this accessible and student friendly textbook It is designed to communicate information clearly and accessibly using chapter summaries diagrams and questions for further reading as well as suggestions for further reading at the close of chapters The Collected Writings of Edward Irving

Edward Irving, 1865 The Sabbath Recorder ,1906 **Alternative Salvations** Hannah Bacon, Wendy Dossett, Steve Knowles, 2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality Alternative Salvations probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation Examples include twelve step recovery programs drug culture and public policy surrounding HIV AIDs in Kenya Although outside traditional religious contexts the contributors show ways in which they are not free from religious symbolism Part two explores alternative accounts of salvation rooted in religious traditions Established orthodoxies are confronted by contemporary critical questions for example about gender the status of animals and the political dimensions of salvation By contributing new perspectives and unique case studies Alternative Salvations provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation **The Restorer - Large Format Bryn** Jones, 2020-02-10 The compiled messages of Bryn Jones taken from the restorer website This book has been approved by Bryns brother Keri and the family The minimum amount of revenue is made on this book Love. being oriented toward a better overall grasp of the subject As the title suggests the book is an introduction that should allow the reader to apprehend the mystery in its internal coherence in order subsequently with the aid of other texts to be able to enter more deeply into the study of one or other specific point While this ecclesiology treatise is written from a Catholic point of view an ecumenical perspective is often present either through the presentation of divergent views from other Christian confessions or through the proposal for a theological convergence **Ecologists and Ethical Judgements** N.
