showing the significance of God's work of creation for understanding the good news of redemption in Jesus Christ Wilson develops a trinitarian account of the life of the world and sets forth how to live wisely hopefully peaceably joyfully and generously in that world He also shows how a mature doctrine of creation can help the church think practically about contemporary issues including creation care sexuality technology food and water and more The Story of Creation Gibson Callaway Andrews,1900

The Holy Spirit as Communion I. Leon Harris,2017-09-26 In *The Holy Spirit as Communion* Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia For both theologians the doctrine of the Holy Spirit is foundational to understanding their doctrine of God Christology and ecclesiology Drawing on the theme of communion *The Holy Spirit as Communion* expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ *The Holy Spirit as Communion* explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ
