Redefining the U.S.-Japan Alliance Tokyo's National Defense Program, McNair Paper 31, U.S. Department of Defense, 1995 National Defense University, *Rethinking Japanese Security* Peter J. Katzenstein, 2008-03-11 This collection brings together Peter J Katzenstein's selected essays on the regional and domestic dimensions of Japan's security policy Using a theoretical and comparative perspective it covers recent developments in Japanese security Japan's Defense Policy and Bureaucratic Politics, 1976-2007 Takao Sebata, 2010-06-05 It is a well known fact that Japan spends only a small percentage of her gross national product on defense What is not well known however is the fact that Japan's defense budget ranks among the top in the world and that her self defense forces are considered to be amongst the best conventional armed forces in the world Since empirical studies concerning Japan's military expansion are rare both in Japanese and English the book takes up this neglected area It examines Japan's military expansion and the decision making of her defense policy between 1976 and 2007 focusing on the National Defense Program outline and the guidelines for United States Japan Defense Cooperation This book deals with how the bureaucratic politics model applies to the case of Japan's defense policy and demonstrates some similarities and differences between Japanese and United States decision making **The A to Z of United States-Japan Relations** John Van Sant, Peter Mauch, Yoneyuki Sugita, 2010-03-01 The most important bilateral

relationship in Asia since the end of World War II is assuredly between the United States and Japan. Despite the geographical and cultural differences between these two nations as well as the bitterness leftover from the war, an amicable and prosperous relationship has developed between the two countries boasting the world's largest economies. As the 21st century progresses, the continuing goodwill between the U.S. and Japan is of the utmost importance as the peace and stability of the Asia Pacific depends on their cooperation and efforts to contain destabilizing factors in the area. The A to Z of United States Japan Relations traces this 150 year relationship through a chronology, an introduction, appendixes, a bibliography, and cross-referenced dictionary entries on key persons, places, events, institutions, and organizations. Covering everything from Walt Whitman's poem "A Broadway Pageant" commemorating the visit of the Shogun's Embassy to the U.S. in 1860 to zaibatsu, this ready reference is an excellent starting point for the study of Japan's dealings with the U.S. Monthly Catalog of United States Government Publications United States. Superintendent of Documents, 1995 **New Directions in Japan's Security** Paul Midford, Wilhelm Vosse, 2020-09-06 While the US-Japan alliance has strengthened since the end of the Cold War, Japan has almost unnoticed been building security ties with other partners in the process, reducing the centrality of the US in Japan's security. This book explains why this is happening: Japan pursued security isolationism during the Cold War, but the US was the exception; Japan hosted US bases and held joint military exercises even while shunning contacts with other militaries. Japan also made an exception to its weapons export ban to allow exports to the US. Yet since the end of the Cold War, Japan's security has undergone a quiet transformation, moving away from a singular focus on the US as its sole security partner. Tokyo has begun diversifying its security ties. This book traces and explains this diversification. The country has initiated security dialogues with Asian neighbors, assumed a leadership role in promoting regional multilateral security cooperation, and begun building bilateral security ties with a range of partners from Australia and India to the European Union. Japan has even lifted its ban on weapons exports and co-development with non-US partners. This edited volume explores this trend of decreasing US centrality alongside the continued and perhaps even growing security interdependence with the US. **New Directions in Japan's Security** is an essential resource for scholars focused on Japan's national security. It will also interest on a wider basis those wishing to understand why Japan is developing non-American directions in its security strategy.

McNair Papers National Defense University. Institute for National Strategic Studies, 1995 *McNair Papers* National Defense University, Mobilizing U.S. Industry in World War II Alan L. Gropman, 1996 **Managing crises in defense industry** Steven R. Linke, 1996 National planning for the expeditious recovery and expansion of essential industrial production facilities is often geared only to large-scale declared emergencies. Under the worst scenario of a global war, all necessary authorities and funding are assumed to be available. But more often, lesser emergencies require responses without the broad powers and commitment associated with a declared national emergency. A real emergency can provide insight into the appropriateness of planned management approaches and the adequacy of available authorities. This account of two actual

emergencies provides lessons on how statutory procedures could be improved regulations clarified the government data base expanded and steps taken to speed up the process to be followed in the event of other crises In May 1988 the United States lost half of its capacity to produce ammonium perchlorate when explosions and fire destroyed one of the two producing plants Ammonium perchlorate is the oxidizer essential to solid fuel rocket motors Here without question was an excellent test case Existing ammonium perchlorate had to be carefully allocated and additional production capacity was needed numerous ongoing production programs for both strategic and conventional systems needed the product and some would be curtailed if sufficient ammonium perchlorate was not available This paper documents the government's actions and decision making process in dealing with various legal and administrative hurdles in both restoring the capacity and allocating available ammonium perchlorate Khomeini's Incorporation of the Iranian Military Mark J.
