Rediscovering Interlanguage Larry Selinker, 1992 An account of the development of research and thinking in the field of learner language Draws on wide ranging research into contrastive analysis bilingualism theoretical linguistics and experimental psychology

*Rediscovering Interlanguage* Larry Selinker, 1994

Introducing Second Language Acquisition Muriel Saville-Troike, 2005-11-17 Written for students encountering the topic for the first time this is a clear and practical introduction to second language acquisition SLA It explains in non technical language how a second language is acquired what the second language learner needs to know and why some learners are more successful than others The textbook introduces in a step by step fashion a range of fundamental concepts such as SLA in adults and children in formal and informal learning contexts and in diverse socio cultural settings and takes an interdisciplinary approach encouraging students to consider SLA from linguistic psychological and social perspectives Each chapter contains a list of key terms a summary and a range of graded exercises suitable for self testing or class discussion Providing a solid foundation in SLA this book is set to become the leading introduction to the field for students of linguistics psychology and education and trainee language teachers

*Intonation in L2 Discourse* María Dolores Ramírez-Verdugo, 2021-07-11 Grounded in a systemic functional linguistic SFL approach this book applies a contrastive interlanguage corpus based approach to investigate the nature and role of L2 intonation and its pragmatic function in spoken discourse The volume offers a brief overview of SFL theories and frameworks with a clear focus on Halliday s model of phonology and the proposal of developing a grammar of speech Integrating a SFL framework with a corpus linguistic informed approach the book uses this foundation as a jumping off point from which to explore the prosodic complexities involved in English language teaching and learning for L2 learners highlighting its various functions as illustrated in examples from the UAM English Learner Spoken Corpus A final chapter synthesizes these findings toward critically reflecting on future directions for the study of L2 speech prosody This book will be key reading for graduate students and researchers in applied linguistics and English language teaching

project Written by an international team of specialists the Routledge Encyclopedia of Second Language Acquisition is an invaluable resource for students and researchers with an academic interest in SLA Explorations of Language Transfer Terence Odlin, 2022-05-13 When learners of a new language draw on their native language or on any other that they may know this earlier acquired linguistic knowledge may influence their success Such cross linguistic influence also known as language transfer has long raised questions about what linguists can predict about success in the new language and about what processes are involved in using prior knowledge This book lucidly brings together many insights on transfer e g on the relation between translation and transfer the relation between comprehension and production and the problem of how complete any predictions of difficulty may ever be The discussions also explore implications for future research and for classroom practice The book will thus serve as a reliable guide for teachers researchers translators interpreters and students curious about language contact

**The Solution to the 'Son of Man' Problem** Maurice Casey, 2009-09-01 The opening chapter surveys the history of scholarship regarding the problematic use of the phrase son of man in the New Testament It also explains why this problem could not be solved until recently Casey then presents the relevant Aramaic evidence He offers a careful discussion of the use of the Aramaic term son of man in the light of over 30 examples of the use of this term by speakers who are referring to themselves Chapters 4-9 discuss authentic examples of this idiom in the teaching of Jesus with Aramaic reconstructions of each saying All but one of these sayings is found in Mark or Q There is then a full discussion of secondary sayings in the Synoptic Gospels The first ones dependent on Daniel 7:13 belong to the earliest Gospel which also contains the results of translating genuine sayings of Jesus from Aramaic into Greek There is a discussion of the transition process between authentic Aramaic sayings of Jesus and Greek son of man sayings in the synoptic Gospels This argument builds on work in the field of translation studies and the work of ancient translators especially of the Septuagint Casey argues that Gospel translators deliberately translated both literally and creatively to produce a new Christological title It is this tradition that is evident in the Fourth Gospel its son of man sayings fit perfectly into Johannine theology The final chapter draws together a complete solution to this difficult problem
