## Rediscovery Of Wordsworth:

**The Rediscovery of Wordsworth..** Cornelius Howard Patton,1966      The Rediscovery of Wordsworth (Classic Reprint)

Cornelius Howard Patton,2018-01-21 Excerpt from The Rediscovery of Wordsworth N writing this book I have had three classes of people in mind First those who know practically nothing about Wordsworth but who might be drawn into the circle of his influence should the right word be said Second those who know enough of the Poet to realize that they should go much farther but who lack the guiding clue Third those who know a great deal of Wordsworth as an honored poet of one hundred years ago but who have not appreciated the unique significance of his message for our own particular time Perhaps it is fair to add that I have named the classes of hoped for readers in the reverse order of importance as the matter has lain in my mind At least I have felt that the message of the Poet is the main thing and that there is no accounting for his steadily increasing influence evidenced in so many ways other than on the ground that to the modern world to use his own expression he has become or is becoming A Mighty Voice It has been my aim to show how closely his teachings fit into our present post war situation and to do this in a somewhat detailed way passing from the lower to the higher that is from nature to man from man to society and from society to the ethical and philosophical principles that underlie his work Then in order that the totality of impression might not be missed I have added a brief summary at the end About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**REDISCOVERY OF WORDSWORTH** CORNELIUS HOWARD. PATTON,2018      The Rediscovery of America Stuart

Andrews,1998-10-15 The Rediscovery of America features some twenty representatives of England France and America whose careers in some sense straddled the Atlantic in the last quarter of the eighteenth century While not establishing causal links between the American and French Revolutions the collective weight of these individual responses to the new America supports the idea of an Atlantic Revolution This study of the writings and transatlantic experiences of the revolutionary generation shows the power of American images in shaping political rhetoric if not political reality      Wordsworth's Counterrevolutionary Turn John Rieder,1997 Arguing throughout that Wordsworth's originality springs from his invention and elaboration of a peculiarly literary form of community Rieder maintains that the didactic element in Wordsworth's concept of community was doomed to irrelevance by the course of English economic and social development Yet Wordsworth's writing became enormously influential not by virtue of the agrarian community it envisioned but rather by virtue of the literary form of community it modeled and produced in its dissemination      Making of the Victorian Novelist Bradley

Deane,2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria s reign could be esteemed among the greatest of artists Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings *The Making of the Victorian Novelist* offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians understanding of their great novelists

*William Wordsworth's The Prelude* Stephen Gill,2006-08-31 William Wordsworth s poem *The Prelude* is a fascinating work both as an autobiography and as a fragment of historical evidence from the revolutionary and post revolutionary years This volume gathers together 13 essays on *The Prelude* and is useful as a companion for students and general readers of Wordsworth s greatest poem

*Annual Bibliography of English Language and Literature* , Romantic Presences in the Twentieth Century Mark Sandy,2016-04-08 Concerned with the intermingled thematic and formal preoccupations of Romantic thought and literary practice in works by twentieth century British Irish and American artists this collection examines the complicated legacy of Romanticism in twentieth century novels poetry and film Even as key twentieth century cultural movements have tried to subvert or debunk Romantic narratives of redemptive nature individualism perfectibility and the transcendence of art the forms and modes of feeling associated with the Romantic period continue to exert a signal influence on the modern moment both as a source of tension and as creative stimulus As the essays here show the exact meaning of the Romantic bequest may be bitterly contested but it has been difficult to leave behind The contributors take up a wide range of authors including Virginia Woolf F Scott Fitzgerald W H Auden Doris Lessing Seamus Heaney Hart Crane William Faulkner Don DeLillo and Jonathan Franzen What emerges from this lively volume is a fuller picture of the persistence and variety of the Romantic period s influence on the twentieth century

The Monist Paul Carus,1925 Vols 2 and 5 include appendices

**Wordsworth's Poetry of Repetition** Sarah Houghton-Walker,2023 This book explores those moments of repetition placing them in the early nineteenth century context from which they emerged and teasing out through extended close attention to the poetry itself the complexities of repetition and recapitulation

The Princeton University Library Chronicle Lawrance Thompson,1950 Vol 1 includes section Biblia devoted to the interests of the Friends of the Princeton Library v 11

**Daybooks of Discovery** Mary Ellen Bellanca,2007 Rooted in a thriving culture of amateur natural history the keeping of nature journals and diaries flourished in late eighteenth and early nineteenth century Britain As prescientific worldviews ceded to a more materialist outlook informed by an explosion of factual knowledge lovers of nature both famous and obscure began to use daily composition as a quest for information about and a celebration of their

surroundings A central site of encounter discovery and expression nature diaries took part in a vigorous cultural dialogue performing in an era called the golden age of nature writing an engaging alchemy of language science and art In *Daybooks of Discovery Nature Diaries in Britain 1770-1870* Mary Ellen Bellanca offers the first critical study of this genre In looking at the diaries of Gilbert White Dorothy Wordsworth Emily Shore George Eliot and Gerard Manley Hopkins as well as those of lesser known figures she explores the writers pursuit of empirical knowledge of nature for its own sake rather than focusing on Romantic nature philosophy or on ecology as a metaphor for spiritual connectedness Each chapter situates an individual author's journals amid contemporary discourses of natural history examining how journal writing enabled and mediated the diarist's practice as naturalist A m lange of fact narrative and imaginative re creation the nature diary played a crucial role in literature and science in a period of burgeoning knowledge about the natural world For students and scholars of environmental history the history of science ecocriticism and Victorian studies *Daybooks of Discovery* will prove an essential tool for understanding this distinct genre

**Wordsworth's Poetry, 1815-1845** Tim Fulford, 2019-02-08 The later poetry of William Wordsworth popular in his lifetime and influential on the Victorians has with a few exceptions received little attention from contemporary literary critics In *Wordsworth's Poetry 1815-1845* Tim Fulford argues that the later work reveals a mature poet far more varied and surprising than is often acknowledged Examining the most characteristic poems in their historical contexts he shows Wordsworth probing the experiences and perspectives of later life and innovating formally and stylistically He demonstrates how Wordsworth modified his writing in light of conversations with younger poets and learned to acknowledge his debt to women in ways he could not as a young man The older Wordsworth emerges in Fulford's depiction as a love poet of companionate tenderness rather than passionate lament He also appears as a political poet bitter at capitalist exploitation and at a society in which vanity is rewarded while poverty is blamed Most notably he stands out as a history poet more probing and more clear sighted than any of his time in his understanding of the responsibilities and temptations of all who try to memorialize the past

Re-Reading The Excursion Sally Bushell, 2017-03-02 *Re-Reading The Excursion* Narrative Response and the Wordsworthian Dramatic Voice is a groundbreaking study which transforms contemporary critical understanding of *The Excursion* and of the place of this long poem in the Wordsworthian canon Sally Bushell argues that the poem which has suffered at the hands of critics for most of the twentieth century has been unfairly judged according to a Coleridgean rather than a Wordsworthian definition of philosophy that it has been read as a didactic work rather than one which uses its dramatic form to teach its readers to think for themselves She offers a new reading in which *The Excursion* is shown to be about providing the readers with moral habits and mental constructs by which to learn not simply telling them what to think The book begins with a discussion of the reception of the poem in 1814 considering the responses of Coleridge Hazlitt Francis Jeffrey and Charles Lamb This historicized discussion is then balanced by a reading of the poem at the compositional stage looking at the emergence from the manuscripts of a Wordsworthian dramatic voice The

author goes on to argue that the poem's philosophy is performative that is concerned with the way in which moral ideas can best be communicated as much as with the ideas themselves She then shifts her attention to consider how this operates in relation to the reader considering the importance of context in relation to emotional response Later the epitaphic books are reconsidered in the light of Wordsworth's critical writing Bushell argues that the significance of the epitaph for him lies in its values as a poetic form in which the text itself is released from poetic authority Finally the author looks back at *The Prelude* from the perspective of *The Excursion* and shows how the later poem attempts to value the ordinary rather than the poetic mind The conclusion reached is that Wordsworth is not just the egotistical poet of *The Prelude* interested largely in the development of his own imaginative powers but one who goes on to explore the limits of subjectivity and the importance of different kinds of imaginative links between individuals

**Romantic Writing and Pedestrian Travel** R. Jarvis, 1997-08-04 *Romantic Writing and Pedestrian Travel* is an exploration of the relationship between walking and writing Robin Jarvis here reconstructs the scene of walking both in Britain and on the Continent in the 1790s and analyses the mentality and motives of the early pedestrian traveller He then discusses the impact of this cultural revolution on the creativity of major Romantic writers focusing especially on William and Dorothy Wordsworth Coleridge Clare Keats Hazlitt and Hunt In readings which engage current debates around literature and travel landscape aesthetics ecocriticism the poetics of gender and the materiality of Romantic discourse Jarvis demonstrates how walking became not only a powerful

means of self enfranchisement but also the focus of restless textual energies      **Rediscovering Confession** David A. Steere, 2009-05-26 Rediscovering Confession is about recovering the experience of confession in danger now of becoming a lost practice It explores our common urge as human beings to share and deal with what troubles us most whether we are inside or outside organized religion      **Topographies of the Sacred** Catherine E. Rigby, 2004 Although the British romantic poets notably Blake Wordsworth and Byron have been the subjects of previous ecocritical examinations this text compares English and German literary models of romanticism
