as an ally of the United States received military equipment financed under the policy of lend lease It was then that highly placed spies operated inside the U S government and in America s nuclear facilities Thanks to the Venona transcripts of KGB cable traffic we now have a detailed account of wartime Soviet espionage down to the marital problems of Soviet spies and the KGB s abject efforts to capture deserting Soviet seamen on American soil During the Truman years Soviet espionage was in disarray following the defections of Elizabeth Bentley and Igor Gouzenko The American Communist Party was much diminished by a number of measures including its expulsion from the labor unions the prosecution of its leaders under the Smith Act and the weeding out under Truman s loyalty program of subversives in government As Morgan persuasively establishes by the time McCarthy exploited the Red issue in 1950 the battle against Communists had been all but won by the Truman administration In this bold narrative history Ted Morgan analyzes the paradoxical culture of fear that seized a nation at the height of its power Using Joseph McCarthy s previously unavailable private papers and recently released transcripts of closed hearings of McCarthy s investigations subcommittee Morgan provides many new insights into the notorious Red hunter s methods and motives Full of drama and intrigue finely etched portraits and political revelations Reds brings to life a critical period in American history that has profound relevance to our own time

**Resisting Apartheid America** Miguel A. De La Torre,2023-01-31

Miguel De La Torre foresees a future America dominated by white nationalists and equips us with the tools to resist it In Burying White Privilege he opened our eyes to white Christians complicity in maintaining racist hierarchy in America In its sequel Decolonizing Christianity he encouraged us to decolonize Christianity and return it to its revolutionary roots Now in

his conclusion to the trilogy Miguel A De La Torre shows us the America on our horizon should we continue down the path of heretical white Christianity and the outlook is not bright Resisting Apartheid America assesses the past and present threads of systemic racism in American politics from Plymouth Rock to the Capitol on January 6 Sweeping and unsparing in his critique De La Torre takes on authors revered in Christian theology including Paul Augustine and heroes of the Reformation aiming to uproot the ideological foundations of racism in Christianity Following these through lines of oppression he warns of a decline in democracy and rise in political violence but equips us with the nonviolent ethical framework to resist this bleak future Resisting Apartheid America is a clarion call to Christians to remake America in the image of the God of liberation
