Lavenberg,1997 Marking the culmination of research extending back to Darwin in 1835 this comprehensive reference source for scientists also provides an identification guide for visitors to the Gal pagos National Park Includes 521 illustrations 151 color *Reef Fish Identification* Paul Humann,1994 A complete systems for identifying and recording fish sighted on reefs wrecks ledges and walls of Florida the Caribbean and the Bahamas Cover *Galápagos Wildlife* David Horwell,Pete Oxford,2005 Bradt s fully illustrated wildlife guides focus on regions of the world particularly celebrated for their amazing and often unique species With spectacular photography or exclusive watercolour drawings throughout each visitors guide provides an introduction to the region s principal flora and fauna alongside suggested wildlife itineraries practical information on when to go and what to take and photography tips

Written in a deliberately engaging way they offer something different from dry field guides and will appeal to the interested layman as much as the wildlife devotee. Ideal as a lightweight companion to any wildlife trip they also make a handsome souvenir. The Pantanal of Brazil, Bolivia and Paraguay is South America's Serengeti; its wetlands are the largest on earth; they're half the size of France and in the dry season crocodiles and storks jostle to gobble the last of the dying fish. Here the continent's largest cat, the jaguar, lives alongside giant otters, anacondas and the world's largest parrot. A comprehensive introduction to the best place to watch wildlife in South America and beautifully illustrated throughout. Bradt's Pantanal Wildlife is the only portable book to cover all the main wildlife groups while focussing exclusively on the Pantanal. Based in Argentina, James Lowen is a wildlife writer, editor, photographer and lecturer. He is editor of the only magazine to focus on birdwatching in Latin America.
