Reemergence Of Fascism

E. Weitz, A. Fenner

Reemergence Of Fascism:

Fascism's Return Richard Joseph Golsan, 1998-01-01 The past fifteen years have witnessed the renewed presence of fascism in European political and cultural life In addition there have been scandals surrounding the fascist pasts of numerous renowned intellectuals including Martin Heidegger Paul de Man and Maurice Blanchot In *Fascism's Return* eleven leading American and European scholars examine the resurgence of fascism from many angles providing an essential and timely view of this troubling moment in European political cultural and intellectual history Intellectual and public scandals surrounding the fascist past including the highly publicized Barbie and Touvier trials in France are addressed Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France The reemergence of the new fascist movements and ideologies in various European nations is also examined A final essay considers the controversial U S support during the 1980s of Central American dictatorships As editor Richard J Golsan notes the essays in this volume illustrate a multitude of ways in which fascism continues to make its presence felt in western democratic societies erupting with disturbing frequency as a return of the repressed in judicial and artistic scandals as well as in historical critical and political debates

The Re-emergence of Fascism Dennis Eisenberg, 1967

How to Read Like an Anti-Fascist Annette Wannamaker, 2025-06-03 On the urgent need to promote critical reading skills amidst rising authoritarianism Children's author Philip Pullman famously said that There are some themes some subjects too large for adult fiction they can only be dealt with adequately in a children's book While the recent rise of fascist ideology in the United States might seem a subject too large and adult to be dealt with in literature for children or teens Annette Wannamaker proposes in *How to Read Like an Anti Fascist* that there are books aimed at future generations which critique and counter fascist propaganda and mythmaking Works of literature can reflect fascist ideology and promote it as well but Wannamaker proposes that some books also offer tools for understanding it Books written for beginners can introduce readers to complex concepts break big ideas into manageable parts and teach readers how to read the world outside of the book Antifascist books are ones that analyze fascistic rhetoric and storytelling educate about America's long history of authoritarianism and highlight various facets of fascism such as scapegoating others and reasserting patriarchal power From *The Emperor's New Clothes* and the tales of Superman to Mildred Taylor's *Roll of Thunder Hear My Cry* the 1619 Project and contemporary works such as *All Boys Aren't Blue* and *Donald Builds the Wall* Wannamaker shows how the ethos of authoritarianism is characterized by a strict hierarchy that places children at its very bottom In doing so she argues convincingly that books written for young people can provide a particular view from the bottom a perspective well suited to interrogating systems of power

Carl Schmitt's Critique of Liberalism John P. McCormick, 1997 This is the first in depth critical appraisal in English of the political legal and cultural writings of Carl Schmitt perhaps this century's most brilliant critic of liberalism It offers an assessment of this most sophisticated of fascist theorists without attempting either to apologise for or demonise him Schmitt

s Weimar writings confront the role of technology as it finds expression through the principles and practices of liberalism Contemporary political conditions such as disaffection with liberalism and the rise of extremist political organizations have rendered Schmitt's work both relevant and insightful John McCormick examines why technology becomes a rallying cry for both right and left wing intellectuals at times when liberalism appears anachronistic and shows the continuities between Weimar's ideological debates and those of our own age *The Rise of Ecofascism* Sam Moore, Alex Roberts, 2022-01-26 The world faces a climate crisis and an ascendant far right Are these trends related How does the far right think about the environment and what openings does the coming crisis present for them This incisive new book traces the long history of far right environmentalism and explores how it is adapting to the contemporary world It argues that the extreme right after years of denying the reality of climate change are now showing serious signs of reversing their strategy A new generation of far right activists has realized that impending environmental catastrophe represents their best chance yet for a return to relevance In reality however their noxious blend of conspiracy hatred and violence is no solution at all it is the eco socialism of fools Only a real commitment to climate justice can save us and stop the far right in its tracks No one interested in the struggle against right wing extremism and the crusade for climate justice can afford to miss this trenchant critique of burgeoning ecofascism *Hitler's Rival* Russel Lemmons, 2013-01-01 Describes the life of German politician and activist Ernst Thälmann who once led the German Communist Party but lost the 1932 presidential election to Adolf Hitler and examines how his legacy became one of the most important propaganda tools in central Europe [Enough Already! A Socialist Feminist Response to the Re-emergence of Right Wing Populism and Fascism in Media](#) Faith Agostinone-Wilson, 2020-01-20 This text explores the reassertion of right wing populist and fascist ideologies as presented and distributed in the media In particular attacks on immigrants women minorities and LGBTQI people are increasing inspired by the election of politicians who openly support authoritarian discourse and scapegoating More troubling is how this discourse is inscribed into laws and policies Despite the urgency of the situation the Left has been unable to effectively respond to these events from liberals insisting on hands off free speech policies including covering both sides of the issue to socialists who utilize a tunnel vision focus on economic issues at the expense of women and minorities In order to effectively resist right wing movements of this magnitude a socialist Marxist feminist analysis is necessary for understanding how racism sexism and homophobia are conduits for capitalism not just identity issues Topics addressed in this text include an overview of dialectical materialist feminism and its relevance and a review of characteristics of authoritarian populism and fascism Additionally the insistence on a colorblind conceptualization of the working class is critiqued with its detrimental effects on moving resistance and activism forward This was a key weakness with the Bernie Sanders campaign which is discussed Online environments and their alt right discourse function are used as an example of the ineffectiveness of e libertarianism which has prioritized hands off administration allowing right wing discourse to overcome many online spaces

Other topics include the emergence of the fetal personhood construct in response to abortion rights and the rejection of science and expertise

Researching the Far Right Stephen D. Ashe, Joel Busher, Graham Macklin, Aaron Winter, 2020-11-09

Researching the Far Right brings together researchers from across the humanities and social sciences to provide much needed discussion about the methodological ethical political personal practical and professional issues and challenges that arise when researching far right parties their electoral support and far right protest movements Drawing on original research focussing mainly on Europe and North America over the last 30 years this volume explores in detail the opportunities and challenges associated with using ethnographic interview based quantitative and online research methods to study the far right These reflections are set within a wider discussion of the evolution of far right studies from a variety of disciplinary viewpoints within the humanities or the social sciences tracing the key developments and debates that shape the field today This volume will be essential reading for students and scholars with an interest in understanding the many manifestations of the far right and cognate movements today It also offers insight and reflection that is likely to be valuable for a wider range of students and scholars across the humanities and social sciences who are carrying out work of an ethically politically personally practically and professionally challenging nature

Threats to Democracy Franco Ferraresi, 2012-09-17 This book represents the first systematic research by a social scientist on the radical right wing movements in Italy since 1945 During the heyday of right wing violence between 1969 and 1980 street aggressions attacks and murders were commonplace These bloody episodes were assumed to be the work of fanatical bands of political soldiers and urban warriors loosely controlled by secret services and other covert groups which used them as part of a strategy of tension pursued in domestic and international circles Franco Ferraresi here acknowledges that these rightist groups were in fact permitted a certain amount of freedom and even in some cases actually aided in the hope that revulsion at terrorist tactics would have the effect of mobilizing public opinion in favor of existing political arrangements However he also studies the extent to which they operated as autonomous units while he carefully considers the political heritage the doctrines and the ideology that motivated them With the decline of violent activity on both extremes of the political spectrum in the early 1980s the theory and practice so comprehensively discussed by Ferraresi seemed to have entered a dormant stage Ferraresi however places in context the recent resurgence of neo fascist forces in Italy and of the so called New Right throughout Europe together with the rise of fundamentalism in many parts of the world

The Era of Authoritarian Neoliberalism Ernesto Gallo, 2025-07-28 We live in an era of crises How should we address them Many turn to experts particularly economists or technologists Others look to strong authoritarian leaders as seen in China or Russia Some advocate a return to the nation state rejecting globalization and targeting immigrants But what about democracy Are we prepared to abandon it This book argues that since the 1970s neoliberalism has increasingly favored authoritarian solutions It s time to break this cycle and strive for a more just fair green and equitable planet

Global Resurgence of the Right Gisela Pereyra

Doval, Gastón Souroujon, 2021-07-27 This book provides a broad ranging analysis of the global resurgence of right wing forces in the twenty first century These parties organisations and social movements represent a break from right wing forces in interwar political history in Europe and the United States and the right wing dictatorships in Latin America The book reflects on the most appropriate conceptual categories to account for this phenomenon and whether terms such as populism fascism authoritarianism or conservatism can explain the new manifestations of the right The book also explores this through a range of national case studies written by country specialists focusing on Austria Italy Spain Argentina Brazil Ecuador and the United States of America Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism fascism right wing extremism and conservatism Language in Ernst Bloch's Speculative Materialism

Nathaniel Barron, 2023-09-20 Nathaniel Barron offers the first book length account in English of Ernst Bloch s contribution to a Marxist philosophy of language It is ambitious both in situating Bloch s ideas in the broader Marxist engagement with language as it currently exists and in using Bloch s utopian categories to challenge that engagement In particular Barron reads Voloshinov s insights into language through Bloch s categories and argues that Bloch advances on Voloshinov by offering an understanding of the social materiality of language which is more useful for challenging fascist forms of utterance *The Far-Right, Education and Violence*

Michael A. Peters, Tina Besley, 2020-10-19 In the last decade the far right associated with white nationalism identitarian politics and nativist ideologies has established itself as a major political force in the West making substantial electoral gains across Europe the USA and Latin America and coalescing with the populist movements of Trump Brexit and Boris Johnson s 2019 election in the UK This political shift represents a major new political force in the West that has rolled back the liberal internationalism that developed after WWI and shaped world institutions globalization and neoliberalism It has also impacted upon the democracies of the West Its historical origins date from the rise of fascism in Italy Germany and Austria from the 1920s In broad philosophical terms the movement can be conceived as a reaction against the rationalism and individualism of liberal democratic societies and a political revolt based on the philosophies of Nietzsche Darwin and Bergson that purportedly embraced irrationalism subjectivism and vitalism This edited collection of essays by Michael A Peters and Tina Besley taken from the journal Educational Philosophy and Theory provides a philosophical discussion of the rise of the far right and uses it as a canvas to understand the return of fascism white supremacism acts of terrorism and related events including the refugee crisis the rise of authoritarian populism the crisis of international education and Trump s end of globalism **Prophets Facing Backward**

Meera Nanda, 2003 The leading voices in science studies have argued that modern science reflects dominant social interests of Western society Following this logic postmodern scholars have urged postcolonial societies to develop their own alternative sciences as a step towards mental decolonization These ideas have found a warm welcome among Hindu nationalists who came to power in India in the early 1990s In this passionate and highly original study Indian born author Meera Nanda reveals how these well

meaning but ultimately misguided ideas are enabling Hindu ideologues to propagate religious myths in the guise of science and secularism At the heart of Hindu supremacist ideology Nanda argues lies a postmodernist assumption that each society has its own norms of reasonableness logic rules of evidence and conception of truth and that there is no non arbitrary culture independent way to choose among these alternatives What is being celebrated as difference by postmodernists however has more often than not been the source of mental bondage and authoritarianism in non Western cultures The Vedic sciences currently endorsed in Indian schools colleges and the mass media promotes the same elements of orthodox Hinduism that have for centuries deprived the vast majority of Indian people of their full humanity By denouncing science and secularization the left was unwittingly contributing to what Nanda calls reactionary modernism In contrast Nanda points to the Dalit or untouchable movement as a true example of an alternative science that has embraced reason and modern science to challenge traditional notions of hierarchy

Politics of Happiness Ross Abbinnett,2013-02-14 This unique and engaging study argues that the Western concern with achieving happiness should be understood in terms of its relationship to the political ideologies that have emerged since the Enlightenment To do so each chapter examines the place that happiness occupies in the construction of ideologies that have formed the political terrain of the West including liberalism postmodernism socialism fascism and religion Throughout Hegel s phenomenology Nietzsche s genealogy and Derrida s account of deconstruction as reactions to modernization are used to show that the politics of happiness are always a clash of fundamental ideas of belonging overcoming and ethical responsibility Stressing that the concept of happiness lies at the foundation of political movements the book also looks at its place in the current global order analyzing the emergence of such ideas as affective democracy that challenge the conventional notions of privatized acquisitive happiness Written in a clear manner the work will appeal to political theory students and researchers looking for a critical and historical account of contemporary debates about the nature of happiness and ideology

Fascism and Neofascism E. Weitz,A. Fenner,2016-09-27 The dramatic transformations of the the 1990s the end of the Cold War the establishment of political liberties and market economies in Eastern Europe German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism Just as quickly however right wing extremism began a surge in Europe that has not significantly abated to this day Fascism and Neofascism is a collection of essays that is distinctive in two important ways First unlike most volumes which cover either historical fascism or the recent radical right Fascism and Neofascism spans both periods Secondly this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism The editors approach is deliberately interdisciplinary even eclectic

Staging the Third Reich Anson Rabinbach,2020-07-08 A widely celebrated intellectual historian of twentieth century Europe Anson Rabinbach is one of the most important scholars of National Socialism working over the last forty years This volume collects for the first time his pathbreaking work on Nazi culture antifascism and the after effects of Nazism on

postwar German and European culture Historically detailed and theoretically sophisticated his essays span the aesthetics of production messianic and popular claims the ethos that Nazism demanded of its adherents the brilliant and sometimes successful efforts of antifascist intellectuals to counter Hitler's rise the most significant concepts to emerge out of the 1930s and 1940s for understanding European authoritarianism the major controversies around Nazism that took place after the regime's demise the philosophical claims of postwar philosophers sociologists and psychoanalysts from Theodor Adorno to Hannah Arendt and from Alexander Kluge to Klaus Theweleit and the role of Auschwitz in European history **Rethinking Antifascism** Hugo García, Mercedes Yusta, Xavier Tabet, Cristina Clímaco, 2016-06-01 Bringing together leading scholars from a range of nations Rethinking Antifascism provides a fascinating exploration of one of the most vibrant sub disciplines within recent historiography Through case studies that exemplify the field's breadth and sophistication it examines antifascism in two distinct realms after surveying the movement's remarkable diversity across nations and political cultures up to 1945 the volume assesses its postwar political and ideological salience from its incorporation into Soviet state doctrine to its radical questioning by historians and politicians Avoiding both heroic narratives and reflexive revisionism these contributions offer nuanced perspectives on a movement that helped to shape the postwar world **Changing the World, Changing Oneself** Belinda Davis, 2010 A captivating time the 60s and 70s now draw more attention than ever The first substantial work by historians has appeared only in the last few years and this volume offers an important contribution These meticulously researched essays offer new perspectives on the Cold War and global relations in the 1960s and 70s through the perspective of the youth movements that shook the U S Western Europe and beyond These movements led to the transformation of diplomatic relations and domestic political cultures as well as ideas about democracy and who best understood and promoted it Bringing together scholars of several countries and many disciplines this volume also uniquely features the reflections of former activists **Breakdown and rebirth** Thomas Garden Barnes, Gerald D. Feldman, 1982

Reemergence Of Fascism: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Reemergence Of Fascism : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Reemergence Of Fascism : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Reemergence Of Fascism : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Reemergence Of Fascism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Reemergence Of Fascism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Reemergence Of Fascism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Reemergence Of Fascism free PDF files is convenient, it is important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it is essential to be cautious and verify the authenticity of the source before downloading Reemergence Of Fascism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Reemergence Of Fascism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Reemergence Of Fascism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely!
