Camille L. Z. Blachowicz, Donna Ogle, 2008-05-05 This practical resource and widely used text presents a wealth of research based approaches to comprehension instruction The authors offer specific classroom practices that help K-9 students compare and evaluate print and online sources develop vocabulary build study and test taking skills and become motivated readers **Supporting Struggling Readers** Barbara J. Walker, 2003 Barbara Walker believes that struggling readers like

their more proficient counterparts are active learners in search of meaning In this revised and expanded edition of **Supporting Struggling Readers** she suggests that teachers can build on these children's strengths the things they can already do to help them broaden the strategies they use to make sense of text The book examines the phases of literacy and expands on the instructional strategies and assessment techniques that support children's reading development during each phase To draw together the practical teaching techniques that made the original edition of **Supporting Struggling Readers** so popular Dr Walker has added a chapter that explains how to incorporate these techniques into a framework of effective instruction that supports struggling readers as they progress through the developmental phases of literacy **Reading as**

Communication Frank B. May, 1994 **Children's Difficulties In Reading, Spelling and Writing** Peter Pumfrey, Colin Elliott, 2013-10-15 Reflects a wide range of issues regarding children's literacy problems mainly at the primary school level The purposes of the book are twofold in part 1 to identify some challenges in the field of literacy and in part 2 to give an account of **A History of Literacy Education** Robert J. Tierney, P. David Pearson, 2021 In this volume two notable

scholars trace the monumental shifts in theory research and practice related to reading education and literacy with particular attention to what they consider the central goal of literacy making meaning Each section describes a specific epoch including a brief snapshot of how the reader of that period is envisioned and characterized by researchers and teachers as well as a deep discussion of the ideas and contextual events of that era These developmental waves are organized in rough historical sequence by a series of shifts in underlying theoretical and scholarly lenses from the behavioral to the psycholinguistic to the cognitive to the sociocultural to the critical to the multimodal to the global The book closes with a discussion of the various research frames and methodological approaches that paralleled these developments Throughout there is a profound recognition that all research and practice are ultimately directed toward how students make meaning from sound to letter to word to ideas and images **Book Features** Animates some of the revolutionary developments related to reading education and literacy in modern times Each development is accompanied by a discussion of the aspirational reader

that sets the stage for contemplating these shifts and their significance Traces the research and theoretical developments to illustrate the origins of the shifts and their influences Supported by a website with video lectures and conversations tied to the various waves of development *Doing Second Language Research* James Dean Brown, Theodore S. Rodgers, 2002-10-24 An accessible introduction to language learning research which provides a feel for what research activities are like by engaging the reader in several roles across a range of research design types both quantitative and qualitative Roles include research subject research organizer data collector data analyst and research reporter The book systematically explains the characteristics and purposes of various types of research including terminology the logic underlying selection and the steps typical of each type of research design It also offers an introduction to some classic research studies *Specific Learning Difficulties (Dyslexia)* Mr Peter D Pumfrey, Peter Pumfrey, Rea Reason, 2013-09-05 Drawing on the work of eleven experienced educational psychologists this book presents a variety of approaches to prevention identification and intervention and makes practical recommendations for future progress **Reading Diagnosis for Teachers** Rebecca Barr, 2002 Built on a case study approach to reading diagnosis this classroom based text features strong research a theoretical foundation and a developmental constructivist perspective of literacy In this fourth edition the authors offer an Instructional Approach that consistently helps the reflective practitioner connect diagnosis with instructional planning It provides many more cases from actual students and classrooms than other diagnostic texts as well as a strong research and theoretical grounding for practice Designed for courses on diagnosis and treatment of reading difficulties the text introduces readers to early literacy screening running records informal reading inventories miscue analysis and much more
