Refashioning Of Catholicism 1450 1700 A Reassessment Of The Counter Reformation Pb

Michael A. Mullett

Refashioning Of Catholicism 1450 1700 A Reassessment Of The Counter Reformation Pb:

The Refashioning of Catholicism, 1450-1700 Robert Bireley, 2015-12-31 Unlike the traditional terms Counter Reformation or Catholic Reform this book does not see Catholicism from 1450 to 1700 primarily in relationship to the Protestant Reformation but as both shaped by the revolutionary changes of the early modern period and actively refashioning itself in response to these changes the emergence of the early modern state economic growth and social dislocation the expansion of Europe across the seas the Renaissance and to be sure the Protestant Reformation Bireley devotes particular attention to new methods of evangelization in the Old World and the New education at the elementary secondary and university levels the new active religious orders of women and men and the effort to create a spirituality for the Christian living in the world A final chapter looks at the issues raised by Machiavelli Galileo and Pascal Robert Bireley is a leading Jesuit historian and uniquely well placed to reassess this centrally important subject for understanding the dynamics of early modern Europe This book will be of great value to all those studying the political social religious and cultural history of the period

Journey to the East Liam Matthew BROCKEY, 2009-06-30 It was one of the great encounters of world history highly educated European priests confronting Chinese culture for the first time in the modern era This journey to the East is explored by Brockey as he retraces the path of the Jesuit missionaries who sailed from Portugal to China

Princes of the Church Dominic Aidan Bellenger, Stella Fletcher, 2001 Princes of the Church the first complete modern history of the head of the Roman Catholic Church in England examine the English cardinals public careers and their private lives

The Refashioning of Catholicism, 1450-1700 Robert Bireley, 1999 *The Writers Directory*, 2013 [The Refashioning of Catholicism, 1550-1700](#) Robert Bireley, 1999 *Trent and All That* John W. O'Malley, 2009-06-01 Counter Reformation Catholic Reformation the Baroque Age the Tridentine Age the Confessional Age why does Catholicism in the early modern era go by so many names And what political situations what religious and cultural prejudices in the nineteenth and twentieth centuries gave rise to this confusion Taking up these questions John O Malley works out a remarkable guide to the intellectual and historical developments behind the concepts of Catholic reform the Counter Reformation and in his felicitous term Early Modern Catholicism The result is the single best overview of scholarship on Catholicism in early modern Europe delivered in a pithy lucid and entertaining style Although its subject is fundamental to virtually all other issues relating to sixteenth and seventeenth century Europe there is no other book like this in any language More than a historiographical review Trent and All That makes a compelling case for subsuming the present confusion of terminology under the concept of Early Modern Catholicism The term indicates clearly what this book so eloquently demonstrates that Early Modern Catholicism was an aspect of early modern history which it strongly influenced and by which it was itself in large measure determined As a reviewer commented O Malley's discussion of terminology opens up a different way of conceiving of the whole history of Catholicism between the Reformation and the French Revolution

The Catholic Reformation Michael A.

Mullett,1999 This book provides a comprehensive history of the Counter Reformation in early modern Europe It is an indispensable new survey which provides a wide ranging overview of the religious political and cultural history of the time

The Counter-Reformation and the Catholic Reformation in Early Modern Europe Michael A. Mullett,1984 *The Counter Reformation* Arthur Geoffrey Dickens,1969 The reform of the Catholic Church in the sixteenth century was historically as important as the contemporary Protestant Reformation Though never committed solely to fighting Protestantism it inevitably also became a Counter Reformation since it soon faced the threat created by Luther and his successors The century between the career of Ignatius Loyola and that of Vincent de Paul became a classic age of Catholicism The lives of its saints popes and secular champions could hardly be made more fascinating by any novelist While paying due attention to the great characters the author also considers the broader political social and cultural features of the Counter Reformation A G Dickens is Emeritus Professor of History at the University of London *The Counter-Reformation* Anthony D. Wright,2017-09-29 Modern scholarship has effectively demonstrated that far from being a knee jerk reaction to the challenges of Protestantism the Catholic Reformation of the sixteenth and seventeenth centuries was fuelled primarily by a desire within the Church to reform its medieval legacy and to re-enthuse its institutions with a sense of religious zeal In many ways both the Protestant and Catholic Reformations were inspired by the same humanist ideals and though ultimately expressed in different ways the origins of both movements can be traced back to the patristic revival of the fifteenth and sixteenth centuries Nevertheless it is undeniable that many contemporaries and subsequent historians came to view the Catholic Reformation as an attempt to challenge the Protestants and to cut the ground from beneath their feet In this new revised edition of Dr Wright's groundbreaking study of the Counter Reformation the wide panoply of the Catholic Reformation is spread out and analysed within the political religious philosophical scientific and cultural context of late medieval and early modern Europe In so doing this book provides a fascinating guide to the many doctrinal and interrelated social issues involved in the wholesale restructuring of religion that took place both within Western Europe and overseas

The Counter-Reformation Anthony David Wright,1982 **Catholicism Between Luther and Voltaire** Jean Delumeau,1977 **The Ashgate Research Companion to the Counter-Reformation** Alexandra Bamji,Geert H. Janssen,Mary Laven,2016-03-23 In the last two decades the history of the Counter Reformation has been stretched and re-shaped in numerous directions Reflecting the variety and innovation that characterize studies of early modern Catholicism today this volume incorporates topics as diverse as life cycle and community science and the senses the performing and visual arts material objects and print culture war and the state sacred landscapes and urban structures Moreover it challenges the conventional chronological parameters of the Counter Reformation and introduces the reader to the latest research on global Catholicism The Ashgate Research Companion to the Counter Reformation presents a comprehensive examination of recent scholarship on early modern Catholicism in its many guises It examines how the Tridentine reforms

inspired conflict and conversion and evaluates lives and identities spirituality culture and religious change This wide ranging and original research guide is a unique resource for scholars and students of European and transnational history **The Catholic Reformation** Henri Daniel-Rops,1964 *The Counter-Reformation* David Luebke,1999-10-29 This book comprises nine key articles on the Counter Reformation introduced and contextualized for the student reader They show that these reforms were more than a mere reaction against the Protestant challenge to Catholic doctrine and institutions rather they also constituted an internal renewal that transformed sixteenth and seventeenth century Catholic religious life in many complex ways The collection surveys the conceptual and geographical range of work on the subject since 1945 and includes innovative articles on spirituality the religious life of ordinary Catholics the work of missionaries in the New World and the changing role of women in Catholic culture The essays are divided into two groups Definitions and Outcomes to illustrate the distinction between reform as a historical idea and as set of processes The book provides an ideal starting point for an exploration into key topics of debate surrounding this central event of European history *The Counter Reformation, 1559-1610* Marvin Richard O'Connell,1974 A competent Catholic scholar carries on an objective study of the determined efforts of the Catholic Church to reform itself to stem the advances of Protestantism and if possible to recover the lands lost to heresy in the earlier 16th century **Catholic Reformation in Protestant Britain** Alexandra Walsham,2016-04-15 The survival and revival of Roman Catholicism in post Reformation Britain remains the subject of lively debate This volume examines key aspects of the evolution and experience of the Catholic communities of these Protestant kingdoms during the sixteenth and seventeenth centuries Rejecting an earlier preoccupation with recusants and martyrs it highlights the importance of those who exhibited varying degrees of conformity with the ecclesiastical establishment and explores the moral and political dilemmas that confronted the clergy and laity It reassesses the significance of the Counter Reformation mission as an evangelical enterprise analyses its communication strategies and its impact on popular piety and illuminates how Catholic ritual life creatively adapted itself to a climate of repression Reacting sharply against the insularity of many previous accounts this book investigates developments in the British Isles in relation to wider international initiatives for the renewal of the Catholic faith in Europe and for its plantation overseas It emphasises the reciprocal interaction between Catholicism and anti Catholicism throughout the period and casts fresh light on the nature of interconfessional relations in a pluralistic society It argues that persecution and suffering paradoxically both constrained and facilitated the resurgence of the Church of Rome They presented challenges and fostered internal frictions but they also catalysed the process of religious identity formation and imbued English Welsh and Scottish Catholicism with peculiar dynamism Prefaced by an extensive new historiographical overview this collection brings together a selection of Alexandra Walsham s essays written over the last fifteen years fully revised and updated to reflect recent research in this flourishing field Collectively these make a major contribution to our understanding of minority Catholicism and the Counter Reformation in the era after the Council of Trent

The Counter Reformation Arthur G. Diokens, 1975

Protestant and Catholic Reform Enzo Bellini, 1981

The Protestant Reformation and the Catholic or Counter Reformation form the main topic of this book the seventh in the series In the sixteenth century abuses in the Church demanded correction The religious revolution began in earnest in 1517 sparked by Martin Luther a German Augustinian monk Other great leaders especially John Calvin spread Protestant ideas religious differences spread throughout Europe leading to deep divisions The modern world began with these unhappy divisions but it began also with that serious seeking for God which is a noble inheritance left by Luther and his contemporaries
