Reflections From This Dewdrop:

Reflections from this Dewdrop Louis P. Frank, 1976 *Dōgen on Meditation and Thinking* Hee-Jin Kim, 2010-03-10 Thirty years after the publication of his classic work *D gen Kigen Mystical Realist* Hee Jin Kim reframes and recasts his understanding of *D gen s* Zen methodology in this new book Through meticulous textual analyses of and critical reflections on key passages primarily from *D gen s Sh b genz Kim* explicates hitherto underappreciated aspects of *D gen s* religion such as the ambiguity of delusion and also of enlightenment intricacies of negotiating the Way the dynamic functions of emptiness the realizational view of language nonthinking as the essence of meditation and a multifaceted conception of reason Kim also responds to many recent developments in Zen studies that have arisen in both Asia and the West especially Critical Buddhism He brings *D gen* the meditator and *D gen* the thinker into relief Kim s study clearly demonstrates that language thinking and reason constitute the essence of *D gen s* proposed Zen praxis and that such a Zen opens up new possibilities for dialogue between Zen and contemporary thought This fresh assessment of *D gen s* Zen represents a radical shift in our understanding of its place in the history of Buddhism Catalog of Copyright Entries. view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by Victor Turner and enriched by Arnold Van Gennep Jacques Lacan and other observers of the in between aspects of experience The approach differs from previous attempts to explain Marvell in that it allows multidisciplinary and multi media contexts in a broad matrix of the areas of experience and representation that defy boundaries that blur the line at which entrance becomes exit This study acknowledges that the poems discussed and by implication the entire corpus of Marvell s work and the life that produced it derive from a refusal to draw a definite divide In analyzing a small selection of Marvell s life and lyrics as explorations of various realms of liminality in word and image readers can see a passageway to the poet s works that never really reaches a destination instead the unlimited possibilities of the journey remain Thus the in between aspects of the poet and his poetry actually define his technique as well as his brilliance
