Reflexive Representations Politics Hegemony Discourse In Global Capitalism:

Reflexive Representations Johannes Angermüller, 2004 This volume addresses the manifold conjunctures interactions and disjunctures that occur at various levels of what has come to be rubricated under the buzzword of globalization While this term has the merit of reperiodizing our account of the capitalist dynamics it simultaneously points to a crisis of representation both in political and epistemological terms The contributions collected in this volume being reflexive representations from the social sciences and humanities assess some of the manifold aspects of this crisis **Risk**
