## **Reformation Studies History Series:**

Acts Esther Chung-Kim, Todd R. Hains, 2014-02-04 In the latest Reformation Commentary on Scripture we watch as the diverse streams of the Protestant movement converge on the book of Acts As we return with the Reformers to this vision of Spirit filled community we are given a lesson in the nature of biblical reform from those who bore it out for the first time

*Johann Sleidan and the Protestant Vision of History* Alexandra Kess, 2008 Johann Sleidan 1506-1556 was the author of the first great history of the Protestant movement and did much to influence how it was perceived by both Catholics and Protestants In this new study his life and works are comprehensively analysed for the first time exploring his roles as both diplomat and historian In so doing much is revealed about how many moderate statesmen and scholars sought to bridge the growing confessional divide and promote coexistence and how Protestantism began to search for and manufacture its own history independent of that espoused by the Catholic Church Following these twin themes this book offers a fascinating and timely look at an influential figure of the Reformation *Reformation Studies* Arthur Geoffrey Dickens, 1982 *Reading the Reformations* Anna French, 2023-02-17 In the last thirty years understandings of the European reformations have been transformed A generation of scholars has demonstrated how radically wide ranging these movements were Across family life politics material culture and philosophy the reformations are now at the very heart of our understanding not just of early modern Europe but of religion and identity in general This volume collects recent work from past and present members of the European Reformation Research Group exploring key fronts in contemporary Reformation Studies achieving a broad view of how historiography has developed in recent decades and where it seems set to go next

**Church History** James E. Bradley, Richard A. Muller, 2016 In their acclaimed much used Church History James Bradley and Richard Muller lay out guidelines methods and basic reference tools for research and writing in the fields of church history and historical theology Over the years this book has helped countless students define their topics locate relevant source materials and write quality papers This revised expanded and updated second edition includes discussion of Internet based research digitized texts and the electronic forms of research tools The greatly enlarged bibliography of study aids now includes many significant new resources that have become available since the first edition's publication in 1995 Accessible and clear this introduction will continue to benefit both students and experienced scholars in the field *Riches and Reform* Bess Rhodes, 2019-08-26 The Scottish Reformation is often presumed to have had little economic impact Traditionally scholars maintained that Scotland's late medieval church gradually secularised its estates and that the religious changes of 1560 barely disrupted an ongoing trend In *Riches and Reform* Bess Rhodes challenges this assumption with a study of church finance in Scotland's religious capital of St Andrews a place once regarded as the chief and mother city of the Realm Drawing on largely unpublished charters rentals and account books *Riches and Reform* argues that in St Andrews the Reformation triggered a rapid large scale and ultimately ruinous redistribution of ecclesiastical wealth Communal assets built up over generations were suddenly

dispersed through a combination of official policies individual opportunism and a crisis in local administration leading the post Reformation churches and city of St Andrews into poverty and decay

**Revelation** Rodney Petersen, Gerald Bray, 2025-09-04 Discover the world of sixteenth century interpretation of Revelation Known as one of the most enigmatic books of the Bible Revelation has sparked centuries of diverse theological debate capturing the imaginations of Reformers navigating a time of immense upheaval This volume part of the Reformation Commentary on Scripture series invites readers to engage with the perspectives of key Reformation era theologians offering a window into their reflections on prophecy eschatology and profound hopes for moral renewal Guided by Rodney Petersen and Gerald Bray this masterfully curated commentary guides readers through a wealth of early modern commentary on the book of Revelation including voices across theological traditions Lutheran Reformed Anglican Radical and Catholic Much of the material including commentaries sermons treatises and confessions appears for the first time in English providing pastors scholars and students with fresh perspectives on the text Through their expert curation Petersen and Bray expand our understanding of how Revelation has been interpreted historically enlightening contemporary reflection and practice This volume offers more than theological insights it is a resource for spiritual growth and deeper engagement ideal for pastors seeking to invigorate their sermons or scholars aiming to broaden their knowledge of Reformation biblical interpretation

**The Monarchical Republic of Early Modern England** Professor John F McDiarmid, 2013-06-28 With its challenging paradoxical thesis that Elizabethan England was a republic which happened also to be a monarchy Patrick Collinson's 1987 essay The Monarchical Republic of Queen Elizabeth I instigated a proliferation of research and lively debate about quasi republican aspects of Tudor and Stuart England In this volume a distinguished international group of scholars examines the idea of the monarchical republic from the 1530s to the 1640s and tests the concept from a variety of points of view New suggestions are advanced about the

pattern of development of quasi republican tendencies and of opposition to them and about their relation to the politics of earlier and later periods A number of essays focus on the political activity of leading figures at court several analyse political life in towns or rural areas others discuss education rhetoric linguistic thought and reading practices poetic and dramatic texts the relations of politics to religious conflict gendered conceptions of the monarchy and monarchical republicanism in the new American colonies Differing positions in the scholarly debate about early modern English republicanism are represented and fresh archival research advances the study of quasi republican elements in early modern English politics

**Restoring Christ's Church** Dr Michael S Springer, 2013-06-28 This book examines the struggle for Protestant consensus and unity through the work of John a Lasco 1499 1560 It is only in recent years that scholars have begun to recognize the importance of Lasco as one of the leading figures of the European Reformation and a pivotal figure between Lutheran and Reformed theologians The Polish reformer was among the most dynamic church organizers of the sixteenth century dedicated to healing the divisions among evangelicals and searching for the key to Protestant unity in the example of the Apostolic Church It was to this end that he published the *Forma ac ratio* in 1555 a work that recorded the rites and practices of the London Strangers Church of which he had been the first superintendent and to provide a model for uniting the disparate Protestant communities on the Continent Although some recent works have focused on aspects of Lasco s early career in Germany and England this is the first book to provide a comprehensive analysis of the *Forma ac ratio* and the reformer s reasons for writing it This study also puts Lasco s distinct model for Protestant churches into the wider European context and assesses his impact on the struggle for unity through an examination of his correspondence the reaction to his writings and his influence on Protestant congregations across Europe *From Judaism to Calvinism* Kenneth

Austin, 2007-01-01 This book provides the first full length study of the influential biblical scholar Immanuel Tremellius 1510 1580 since the late nineteenth century It traces his conversion from Judaism through Catholicism to Protestantism where he established a reputation as the leading scholar of Hebraic studies in Europe Teaching at leading Reformed academies and universities and publishing new Latin translations of both the Old and New Testaments Tremellius s life not only reveals much about Reformation scholarship but also about its attitudes to Jews and Jewish studies in an age of rapidly shifting theological doctrines *Syllabus of Lectures on the History of Civilization in Europe* Philip Van Ness Myers, 1893

Genesis 1-11 John L. Thompson, 2014-06-04 In this new addition to the Reformation Commentary on Scripture we read along as the Reformers return to the ancient stories of the six days of creation the tragic fall of God s creature and the catastrophe of the flood and apply them to the tumultuous age of the Reformation Here is a primary source for biblical renewal in the church today

**The A to Z of the Renaissance** Charles G. Nauert, 2006-02-23 Few periods have given civilization such a strong impulse as the Renaissance which started in Italy and then spread to the rest of Europe During its brief epoch most vigorously from the fourteen to the sixteenth centuries Europe reached back to Ancient Greece and Rome

and pushed ahead in numerous fields art architecture literature philosophy banking commerce religion politics and warfare This era is inundated with famous names Da Vinci Michelangelo Raphael Petrarch Machiavelli Cervantes and Shakespeare and the heritage it left can hardly be overestimated The A to Z of the Renaissance provides information on these fields through its chronology which traces events from 1250 to 1648 and its introduction delineating the underlying features of the period However it is the dictionary section with hundreds of cross referenced entries on famous persons from Adrian to Zwingli key locations supporting political and social institutions wars religious reformations achievements and failures which is the heart of this book Further research is facilitated by the bibliography

**Local Politics in the French Wars of Religion** Mark W. Konnert, 2006 Drawing on the municipal archives of eleven French provincial towns as well as other related sources this book explores the links between local and national politics during the Wars of Religion of the later sixteenth century In particular the study focuses on the efforts of the Duc de Guise to control the governments of these towns in the interests of his family and later of the Catholic League of which he was the head

**Sacred Communities** Dean Phillip Bell, 2021-10-01 We all live in a community and it was no different for the Jews and Christians of medieval Germany or was it This book draws together disparate threads of Christian and Jewish communal development in an effort to give a deeper understanding to the complex tapestry of Jewish and Christian interaction In the broad examination presented herein it is possible to compare the general transformations that affected Jews and Christians both as residents of a shared German society and as residents of their own separate communities Jews and Christians interacted in a variety of ways in numerous settings and at a multitude of levels that defy simple categorization To label late medieval Germany a period of crisis is too simplistic the Reformation should not categorically be viewed as the central development in the shift between medieval and early modern times This book seeks to recontextualize the world of Jewish and Christian relations by bringing together divergent sources not often taken together but equally important to inform one another and offer a fuller picture of Jewish and Christian notions of each other and themselves than has been possible up to this point

**Hebrews, James** Ronald K. Rittgers, 2017-11-07 Both the epistle to the Hebrews and the epistle of James generated much discussion and debate during the Reformation period yet both of these letters have proven to be essential for Christians during the Reformation era and today Edited by Ronald K. Rittgers this RCS volume provides Reformation era biblical commentary on Hebrews and James drawing on Lutheran Reformed Anglican Radical and Roman Catholic resources

**Luther and the Gift** Risto Saarinen, 2017-06-12 Dust jacket back cover In this book Risto Saarinen studies Martin Luther's understanding of the gift and related issues such as favours and benefits faith and justification virtues and merits ethics and doctrine law and Christ He shows that Luther both continues and criticizes the classical discussions regarding the differences and parallels between gifts and sales

**Luke** Beth Kreitzer, 2015-01-07 In this latest volume in the highly regarded Reformation Commentary on Scripture series volume editor Beth Kreitzer introduces us to the wisdom and insight of familiar and unfamiliar reformers alike as they unpack the riches of

Luke's inspired narrative of the things that have been accomplished among us 1 1      **Patents, Pictures and Patronage**

Elizabeth Evenden, 2008 John Day 1522-1584 is generally acknowledged to be the foremost English printer of the latter sixteenth century. Yet despite his legacy, this book is the first full-length study to investigate Day's life and legacy. The study sets Day in the context of the sixteenth-century printing industry, examines his disputed origins and establishment as a London printer, and discusses his career together with the most significant works he printed.      **A Sourcebook of Early**

**Modern European History** Ute Lotz-Heumann, 2019-01-23 A Sourcebook of Early Modern European History not only provides instructors with primary sources of a manageable length and translated into English; it also offers students a concise explanation of their context and meaning. By covering different areas of early modern life through the lens of contemporaries' experiences, this book serves as an introduction to the early modern European world in a way that a narrative history of the period cannot. It is divided into six subject areas, each comprising between twelve and fourteen explicated sources: I The fabric of communities: Social interaction and social control; II Social spaces: Experiencing and negotiating encounters; III Propriety, legitimacy, fidelity: Gender, marriage, and the family; IV Expressions of faith: Official and popular religion; V Realms intertwined: Religion and politics; and VI Defining the religious 'other': Identities and conflicts. Spanning the period from c. 1450 to c. 1750 and including primary sources from across early modern Europe, from Spain to Transylvania, Italy to Iceland, and the European colonies, this book provides an excellent sense of the diversity and complexity of human experience during this time, whilst drawing attention to key themes and events of the period. It is ideal for students of early modern history and of early modern Europe in particular.
