Reformed Administration in Lebanon George Grassmuck, Kamal Suleiman Salibi, 1964 **Administrative Reform**
GERALD E. CAIDEN, 2011-12-31 What is administrative reform How is it differentiated from other kinds of social reform Who are administrative reformers and how do they approach their task And who benefits and who suffers from it Does a theory of administrative reform exist A survey of published research on administrative reform reveals that satisfactory answers to these questions are handicapped by methodological and theoretical shortcomings There are no common definitions no agreement over content no selected boundaries no clear links with the wide phenomenon of social reform no firm hypothesis tested by empirical findings and no continuous dialogue between practitioners and theorists This book is the first comprehensive and systematic treatment of the subject for professionals and students in the fields of public and private administration It carefully examines the diverse interdisciplinary literature on the subject and identifies and develops the most promising approaches towards a unified theory Caiden shows how the study of administrative reform can contribute substantially to the development of administrative theory and constructs a working definition of the phenomenon of administrative reform distinguishing it from social change and from administrative change The practical use of this definition is tested by the analysis of various case histories of administrative cultures of different periods in history from which a common cycle of reform processes is discerned The author follows with a detailed examination of the processes themselves The book concludes with a discussion of the obstacles to reform and a review of the author's findings and conclusions A Manual of Lebanese Administration. Lebanon William Harris,2012-06-12 In this impressive synthesis William Harris narrates the history of the sectarian communities of Mount Lebanon and its vicinity He offers a fresh perspective on the antecedents of modern multi communal Lebanon tracing the consolidation of Lebanon s Christian Muslim and Islamic derived sects from their origins between the sixth and eleventh centuries The identities of Maronite Christians Twelver Shia Muslims and Druze the mountain communities developed alongside assertions of local chiefs under external powers from the Umayyads to the Ottomans The chiefs began interacting in a common arena when Druze lord Fakhr al Din Ma n achieved domination of the mountain within the Ottoman imperial framework in the early seventeenth century Harris knits together the subsequent interplay of the elite under the Sunni Muslim Shihab relatives of the Ma ns after 1697 with demographic instability as Maronites overtook Shia as the largest community and expanded into Druze districts By the 1840s many Maronites conceived the common arena as their patrimony Maronite Druze conflict ensued Modern Lebanon arose out of European and Ottoman intervention in the 1860s to secure sectarian peace in a special province In 1920 after the Ottoman collapse France and the Maronites enlarged the province into the modern country with a pluralism of communal minorities headed by Maronite Christians and Sunni Muslims The book considers the flowering of this pluralism in the mid twentieth century and the strains of new demographic shifts and of social resentment in an open economy External intrusions after the 1967 Arab Israeli war rendered Lebanon s contradictions unmanageable and the country fell apart Harris contends that Lebanon has not found a new equilibrium and has not transcended its sects In the early twenty first century there is an uneasy duality Shia have largely recovered the weight they possessed in the sixteenth century but Christians Sunnis and Druze are two thirds of the country This book offers readers a clear understanding of how modern Lebanon acquired its precarious social intricacy and its singular political character
