A Reformed Catholic William Perkins, 2021 Today Christians think of the Roman Catholic church as the oldest most ancient form of Christianity Evangelicals are often apathetic about their Christian heritage and see little difference between themselves and Roman Catholics In *Reformed Catholic* Puritan theologian William Perkins both shows that it is possible to genuinely respect Christian tradition and to disagree with the errors of Roman Catholicism This book is not a debate over subtle points of doctrine but over issues that continue to divide Christians to this day These are truths worth fighting for Book jacket

John Owen Carl R. Trueman, 2021-11-18 John Owen is considered one of the sharpest theological minds of the seventeenth century and a significant theologian in his own right particularly in terms of his contributions to pneumatology christology and ecclesiology Carl Trueman presents a major study of the key elements of John Owen's writings and his theology Presenting his theology in its historical context Trueman explores the significance of Owen's work in ongoing debates on seventeenth century theology and examines the contexts within which Owen's theology was formulated and the shape of his mind in relation to the intellectual culture of his day particularly in contemporary philosophy literature and theology Examining Owen's theology from pneumatological political and eschatological perspectives Trueman highlights the trinitarian structure of his theology and how his theological work informed his understanding of practical Christianity With the current resurgence of interest in seventeenth century Reformed theology amongst intellectual historians and the burgeoning research in systematic theology this book presents an invaluable study of a leading mind in the Reformation and the historical underpinnings for new systematic theology

Catholic and Reformed Anthony Milton, 2002-05-09 Religious controversy was central to political conflict in the years before the English Civil War Where earlier historians have focused more narrowly on the doctrine of predestination Dr Milton analyses the broader attitudes

which underlay notions of religious orthodoxy Through the first comprehensive analysis of how contemporaries viewed the Roman and foreign Reformed churches in the early Stuart period Milton demonstrates the way in which an author's choice of a particular style of religious discourse could be used either to mediate or to provoke religious conflict This study challenges many current historical orthodoxies It identifies the theological novelty of Laudianism but also exposes areas of ideological tension within the Jacobean Church Its wide ranging conclusions will be of vital concern to students of early Stuart religion and the origins of the English Civil War *Fifty Motives for Being a Reformed Catholic, and for Not Being a Roman Catholic, Suggested by the Duke of Brunswick's Fifty Reasons for Being a Roman Catholic. By a Member of the Catholic and Apostolic Church of England*, 1838 Letters of a Reformed Catholic Edward Churton, Reformed Catholic, Walter Farquhar Hook, 1838 **Reformed Catholicity** Michael Allen, Scott R. Swain, 2015-01-13 Can Christians and churches be both catholic and Reformed In this volume two accomplished young theologians argue that to be Reformed means to go deeper into true catholicity rather than away from it Their manifesto for a catholic and Reformed approach to dogmatics seeks theological renewal through retrieval of the rich resources of the historic Christian tradition The book provides a survey of recent approaches toward theological retrieval and offers a renewed exploration of the doctrine of sola scriptura It includes a substantive afterword by J Todd Billings **A Reformed, Evangelical, Catholic Theology** Alan P.F. Sell, 1998-05-13 The story of twentieth century theology remains incomplete writes author Sell if due attention is not paid to the Christian ecumenical bodies and their theological work He has therefore compiled this theological history of the World Alliance of Churches the first detailed analysis of the theological contribution of any major Christian world communions **Catholic and Reformed** Charles Yrigoyen, George H. Bricker, 1978-01-01 The place of the Mercersburg Theology in American religious history has been widely recognized It is usually viewed as one of the unique movements in 19th century American Protestantism principally because it challenged many of the prevailing theological ideas and practices of the time Two surveys of American religious history have described it as a theologically and liturgically creative high church movement Robert T Handy and as the most creative manifestation of the Catholic tendency Sydney E Ahlstrom among 19th century American Protestants Catholic and Ecumenical Frederick M. Bliss, 2007-04-18 Ecumenical consciousness has not always been part of the Catholic experience Frederick M Bliss S M traces how the concern for ecumenism came about_ from uneasy tension to confidence in the true grace of catholicity This new edition follows significant developments in dialogues with the Catholic Church up to 2006 and suggests likely trends of continuing change It studies the forces that had an impact on the Second Vatican Council forces that continue to steer the church into relationships with other Christian communities other religions and the world **The New Cambridge Companion to Christian Doctrine** Michael Allen, 2022-11-17 What is Christian Doctrine This Companion guides students and scholars through the key issues in the contemporary practice of Christian theology Including twenty one essays specially commissioned from an international team of leading theologians the

volume outlines the central features of Christian doctrinal claims and examines leading methods and theological movements. The first part of the book explores the ten most important topics in Christian doctrine offering a nuanced historical analysis as well as charting pathways for further development. In the second part essays address the most significant movements that are reshaping approaches to multiple topics across disciplinary as well as denominational and ecclesiastical borders. Incorporating cutting edge biblical and historical scholarship in theological argument this Companion serves as an accessible and engaging introduction to the main themes of Christian doctrine. It will also guide theologians through a growing literature that is increasingly diverse and pluriform. *Ecumenical Dialogue* Angelo Maffei, 2005. Provided by publisher. *John Calvin and Roman Catholicism* Randall C. Zachman, 2008-09. Protestant and Catholic scholars examine the relationship of John Calvin to Roman Catholicism offering historical essays on sixteenth and seventeenth century interactions and contemporary assessments. **The Mercersburg Theology and the Quest for Reformed Catholicity** W. Bradford Littlejohn, 2009-07-01. In the mid nineteenth century Reformed churchmen John Nevin and Philip Schaff launched a fierce attack on the reigning subjectivist and rationalist Protestantism of their day giving birth to what is known as the Mercersburg Theology. Their attempt to recover a high doctrine of the sacraments and the visible Church among other things led them into bitter controversy with Charles Hodge of Princeton Seminary as well as several other prominent contemporaries. This book examines the contours of the disagreement between Mercersburg and Hodge focusing on four loci in particular Christology ecclesiology sacramentology and church history. W. Bradford Littlejohn argues that despite certain weaknesses in their theological method the Mercersburg men offered a more robust and historically grounded paradigm for the Reformed faith than did Hodge. In the second part of the book Littlejohn explores the value of the Mercersburg Theology as a bridgehead for ecumenical dialogue uncovering parallels between Nevin's thought and prominent themes in Anglican Catholic and Orthodox theology as well as recent debates within Reformed theology. This thorough study of one of the most creative movements in American theology offers an alluring vision of the quest for Reformed catholicity that is more relevant today than ever. *Aspects of Anglican Identity* Colin Podmore, 2005. A collection of essays exploring the underlying issues facing the Anglican Communion and setting them in their historical context including the roles of synods bishops and primates the ministry of the Archbishop of Canterbury being in and out of communion and the significance of diocesan boundaries in an age of globalization. **The United States Catholic Magazine and Monthly Review**, 1846. *The American Quarterly Register*, 1839.
