REFORMING ELECTORAL DEMOCRACY

VOLUME 2

Reforming Electoral Democracy Final Report

Christopher Dunn

Reforming Electoral Democracy Final Report:

Reforming Electoral Democracy : Final Report Canada. Royal Commission on Electoral Reform and Party Financing, Pierre Lortie, 1991 This document discusses the objectives of electoral democracy the democratic rights of voters access to elected office equality and efficacy of the vote political parties as primary political organizations fairness in the electoral process and strengthening public confidence in the integrity of the electoral process It also addresses the registration of voters the voting process administering the vote a register of voters aboriginal constituencies applying the regulatory framework for election expenses and the reporting of political finance communication issues election law enforcement and direct democracy in the electoral process

Reforming Electoral Democracy Canada. Royal Commission on Electoral Reform and Party Financing, 1992 *Reforming Electoral Democracy* Canada. Royal Commission on Electoral Reform and Party Financing, 1991 Reforming Electoral Democracy : Proposed Legislation (3 of 4) Royal Commission on Electoral Reform and Party Financing, 1991 **Reforming Electoral Democracy: Without special title** Canada. Royal Commission on Electoral Reform and Party Financing, 1991 *Reforming Electoral Democracy: What Canadians told us* Canada. Royal Commission on Electoral Reform and Party Financing, 1991 *Democratic Reform in New Brunswick* William Paul Cross, 2007 Democratic Reform in New Brunswick is a comprehensive collection of research papers written initially for the New Brunswick Commission on Electoral Democracy The essays provide detailed consideration of the many issues relating to democratic and electoral reform currently on the public policy agenda in Canada Topics covered include electoral system change gender and representational issues questions relating to party democracy the role of legislators concerns around drawing electoral boundaries fixed election dates direct democracy and political disengagement among young voters All of the essays examine the implications of various reform proposals in these areas and most draw upon the experiences of other jurisdictions in addressing how they might play out in the Canadian context Many chapters also draw specifically upon the New Brunswick experience in considering how democratic reform might impact upon the province s politics New Brunswick is Canada s only bilingual province with two vibrant linguistic communities and is in many ways a microcosm of the Canadian state These readings provide insight into how issues related to democratic and electoral reform may play out on the national stage

Equity & Community Institute for Research on Public Policy, 1993 This book The Author addresses the following issues how and to what effect judicial action has changed since the adoption of the charter both at the national level and in Quebec how judges seek to reconcile particular groups claims with the sense of community integral to a free and democratic society the implications of these and other developments for interest group advocacy particular within parliament and means of strengthening the voice of under represented groups within elected institutions

Contested Words Ian Cram, 2016-05-13 In modern liberal democracies rights based judicial intervention in the policy choices of elected bodies has always been controversial For some such judicial intervention has trivialized and

impoverished democratic politics For others judges have contributed to a dynamic and healthy dialogue between the different spheres of the constitution removed from pressures imposed on elected representatives to respond to popular sentiment This book provides a critical evaluation of ongoing debates surrounding the judicial role in protecting fundamental human rights focusing in particular on legislative executive abridgment of a core freedom in western society namely liberty of expression A range of types of expression are considered including expression related to electoral processes political expression in general and sexually explicit forms of expression

Money and Votes Martin Linton,1994

Politics in the Vernacular Will Kymlicka,2001-01-19 This volume brings together eighteen of Will Kymlicka s recent essays on nationalism multiculturalism and citizenship These essays expand on the well known theory of minority rights first developed in his Multicultural Citizenship In these new essays Kymlicka applies his theory to several pressing controversies regarding ethnic relations today responds to some of his critics and situates the debate over minority rights within the larger context of issues of nationalism democratic citizenship and globalization The essays are divided into four sections The first section summarizes the state of the debate over minority rights and explains how the debate has evolved over the past 15 years The second section explores the requirements of ethnocultural justice in a liberal democracy Kymlicka argues that the protection of individual human rights is insufficient to ensure justice between ethnocultural groups and that minority rights must supplement human rights In particular Kymlicka explores why some form of power sharing such as federalism is often required to ensure justice for national minorities why indigenous peoples have distinctive rights relating to economic development and environmental protection and why we need to define fairer terms of integration for immigrants The third section focuses on nationalism Kymlicka discusses some of the familiar misinterpretations and preconceptions which liberals have about nationalism and defends the need to recognize that there are genuinely liberal forms of nationalism He discusses the familiar but misleading contrast between cosmopolitanism and nationalism and discusses why liberals have gradually moved towards a position that combines elements of both The final section explores how these increasing demands by ethnic and national groups for minority rights affect the practice of democratic citizenship Kymlicka surveys recent theories of citizenship and raises questions about how they are challenged by ethnocultural diversity He emphasizes the importance of education as a site of conflict between demands for accommodating ethnocultural diversity and demands for promoting the common virtues and loyalties required by democratic citizenship And finally he explores the extent to which globalization requires us to think about citizenship in more global terms or whether citizenship will remain tied to national institutions and political processes Taken together these essays make a major contribution to enriching our understanding of the theory and practice of ethnocultural relations in Western democracies

Value Change and Governance in Canada Neil Nevitte,Professor in the Department of Political Science Neil Nevitte,2002-01-01 Consequently they argue the institutions of democratic governance now operate in a profoundly different environment than that in which they were founded

Contested Constitutionalism James B. Kelly, Christopher P. Manfredi, 2010 Contested Constitutionalism is a critique of Canadian democracy judicial power and the place of Quebec and Aboriginal peoples within the federation all of which have been altered by the Charter's introduction in 1982

Power and Legitimacy Anne Quémé, 2015-01-01 Examining modern jurisprudence theory statutory law and the family within the modern Gothic novel Anne Quémé shows how the forms and effects of political power transform as one shifts from discourse to discourse

New Zealand Adopts Proportional Representation Keith Jackson, Alan McRobie, 2019-04-26 First published in 1998 this volume is based upon the files of the Royal Commission on the Electoral System plus extensive interviews with the Commissioners cabinet ministers MPs and officials as well as leaders of the principal pressure groups It seeks to place this highly important change in context reviewing both the long term trends and shorter term considerations which led to the adoption of MMP as well as the immediate consequences It is an axiom of political science that whatever promises political parties may make about electoral reform as governments they do not kick away the ladder that brought them to power This book seeks to discover how and why that axiom was disregarded in New Zealand and above all how a reputedly conservative party was ultimately responsible for the change It provides an object lesson in both how and how not to change an electoral system and should be of particular interest in countries with simple plurality electoral systems

Reforming Electoral Democracy: Without special title Canada. Royal Commission on Electoral Reform and Party Financing, 1991

The Law of Deliberative Democracy Ron Levy, Graeme Orr, 2016-11-03 Laws have colonised most of the corners of political practice and now substantially determine the process and even the product of democracy Yet analysis of these laws of politics has been hobbled by a limited set of theories about politics Largely absent is the perspective of deliberative democracy a rising theme in political studies that seeks a more rational cooperative informed and truly democratic politics Legal and political scholarship often view each other in reductive terms This book breaks through such caricatures to provide the first full length examination of whether and how the law of politics can match deliberative democratic ideals Essential reading for those interested in either law or politics the book presents a challenging critique of laws governing electoral politics in the English speaking world Judges often act as spoilers vetoing or naively reshaping schemes meant to enhance deliberation This pattern testifies to deliberation's weak penetration into legal consciousness It is also a fault of deliberative democracy scholarship itself which says little about how deliberation connects with the actual practice of law Superficially the law of politics and deliberative democracy appear starkly incompatible Yet after laying out this critique The Law of Deliberative Democracy considers prospects for reform The book contends that the conflict between law and public deliberation is not inevitable it results from judicial and legislative choices An extended original analysis demonstrates how lawyers and deliberativists can engage with each other to bridge their two solitudes

Provinces Christopher Dunn, 2006-08-01 Provinces is both a study of Canadian provincial government and a review of comparative politics As such it represents a long overdue return to the comparative

tradition with its emphasis on subject specific studies across the country The chapters in this revised edition of Provinces each of which has been written for the book by a leading scholar are arranged according to four major sections political life institutions public administration and public policy making the book highly suitable for those interested in areas beyond provincial politics At the same time the adopted comparative approach reveals a wealth of insight into Canadian politics at the beginning of the new millennium This new edition covers some of the vital concerns of our time a disquiet about the quality of democracy concern about women s place in provincial societies interest in the nature and potential of governance in the north unease on the question of the fiscal imbalance between all orders of government a sensitivity to the needs of cities and communities assessment of the retrenchment of the state and consideration of the policy futures influenced by the changing demography of the provinces Special Combined Price Provinces second edition may be ordered together with The Provincial State in Canada Politics in the Provinces and Territories at a special discounted price In order to secure the package price the following ISBN must be used when ordering 978 1 55402 587 9

Multicultural Citizenship Will Kymlicka, 1996-09-19 The increasingly multicultural fabric of modern societies has given rise to many new issues and conflicts as ethnic and national minorities demand recognition and support for their cultural identity This book presents a new conception of the rights and status of minority cultures It argues that certain sorts of collective rights for minority cultures are consistent with liberal democratic principles and that standard liberal objections to recognizing such rights on grounds of individual freedom social justice and national unity can be answered However Professor Kymlicka emphasises that no single formula can be applied to all groups and that the needs and aspirations of immigrants are very different from those of indigenous peoples and national minorities The book discusses issues such as language rights group representation religious education federalism and secession issues which are central to understanding multicultural politics but which have been surprisingly neglected in contemporary liberal theory

Voluntary Sector Organizations and the State Rachel Laforest, 2011-11-01 In the early 1990s voluntary organizations garnered little attention in Canadian policy circles even though the federal government was simultaneously offloading its responsibility for essential services to the sector and cutting back their funding Two decades later the voluntary sector is a key public policy player in federal provincial and municipal politics Rachel Laforest shows why this turnaround represents a significant shift in the way citizens and policy makers view the place of voluntary organizations in public policy Members of voluntary organizations have struggled for a stronger voice in policy making and redefined their relationship to the federal government through key collaborations such as the Voluntary Sector Initiative This deft account of how a loose coalition of voluntary organizations was transformed into a distinct sector offers a new conceptual framework for explaining dynamic state voluntary sector relations at all levels of government

Embark on a transformative journey with is captivating work, **Reforming Electoral Democracy Final Report** .
