## **Reforming Gifted Education Matching The Program To The Child:**

**A Menu of Options for Grouping Gifted Students** Karen B. Rogers, 2006 This book gives teachers tips for grouping gifted students in and out of the classroom and provides a menu of options for serving gifted students *Re-forming Gifted Education* Karen B. Rogers, 2002 Offers parents and teachers advice on how to improve classroom curriculum and experiences for gifted children discussing how schools can match programs to a student's specific needs, traits and abilities

**Acceleration for Gifted Learners, K-5** Joan Franklin Smutny, Sally Y. Walker, Elizabeth A. Meckstroth, 2006-10-19 Smutny has assembled a group of colleagues who bring very practical and useful insights to this issue and suggest practices that will make the use of this important curricular modification justifiable, manageable and most of all normal. Acceleration is not treated as a strategy of last resort but as a logical and reasonable way to acknowledge and provide for the growth and continuous progress of all children. By broadening the idea of acceleration as a way to meet academic, emotional and social needs, the book turns the concerns about acceleration into strengths. Barbara Clark, Professor Emeritus, California State University Los Angeles. A well-written, extremely useful guide for parents and educators who wish to provide gifted students an opportunity to learn at a pace and level appropriate to their abilities. Offers valuable insight on the social and emotional aspects of effective acceleration. Jan Davidson, President and Co-founder, Davidson Institute for Talent Development. Coauthor, *Genius Denied: How to Stop Wasting Our Brightest Young Minds*. Raise the bar on accelerated learning and discover new possibilities that go beyond minimum proficiency. Written for K-5 teachers, this practical guide corrects misunderstandings in the field of acceleration and provides the tools necessary to effectively determine the most appropriate learning options for gifted students. Through real-life stories, well-known authors in gifted education, Joan Franklin Smutny, Sally Y. Walker, and Elizabeth A. Meckstroth, dispel the common myths about acceleration and describe what it is, what forms it takes, and what it can do for gifted learners intellectually, socially, and emotionally. Presenting nuts and bolts guidance, this valuable resource provides numerous case studies, helpful checklists, and reproducible forms. Prevailing theories and current research. Social, emotional aspects of acceleration. Practices. Instructional strategies for implementation in various school settings. Learning opportunities for underserved groups such as multicultural and urban students. Bibliographies and helpful Web sites. Offering a new perspective on how prevailing attitudes have deprived students of opportunities to develop their talents. *Acceleration for Gifted Learners, K-5* directly reflects the 2004 Templeton Report in validating the urgency to meet gifted students' needs.

**Designing Services and Programs for High-Ability Learners** Jeanne H. Purcell, Rebecca D. Eckert, 2006 THE comprehensive guide to establishing or strengthening a gifted program. Whether you are developing a new program from the ground up or need to restructure an existing one, *Designing Services and Programs for High Ability Learners* will help you every step of the way with detailed guidelines, practical tips, templates, action plans, and suggestions for strategic planning teams as well as for the sole practitioner. Consolidating the sage advice and up-to-date research of 29 leaders in the field, this

comprehensive and highly practical guide takes the guesswork out of providing appropriate services and programming for high ability students from elementary through high school Each chapter addresses a key feature of gifted programming from identification to evaluation and advocacy and includes Definition Rationale and Guiding Principles of the key feature Attributes That Define High Quality for assessing effectiveness Flawed Example of the key feature and strategies to improve the example Revised Example illustrating implementation of high quality attributes Strategic Plan for Designing or Remodeling the key feature delineating the steps involved Template for Getting Started helping you take the first steps of a complex process Must Read Resources Informed planning allows you to tailor services to the specific needs of your students whether you are in a rural urban or suburban community Superintendents administrators teachers and advocates will find Designing Services and Programs for High Ability Learners invaluable in defending developing and monitoring high quality gifted services and programs **Igniting Creativity in Gifted Learners, K-6** Joan Franklin Smutny, S.E. von

Fremd, 2008-10-29 Provide exciting enriching learning experiences for gifted students through proven strategies from master teachers With contributions from experienced educators this book helps elementary school teachers use creative methods to enhance gifted students learning and stimulate higher level thinking discovery and invention Linked to curriculum standards the numerous ready to use strategies activities and examples help teachers Inspire students in reading writing social studies mathematics science and the arts Tie creative processes to learning outcomes Incorporate technology into instruction where appropriate Encourage students to explore new avenues for thinking and learning *Exploring Critical Issues in Gifted Education* Christine L. Weber, Cecelia Boswell, Wendy A. Behrens, 2021-09-03 Although the best way to provide professional development for educators is through field experiences and hands on practice it is not always easy or even possible to organize such encounters especially in the field of gifted education In order to better prepare educators to work with gifted and talented students *Exploring Critical Issues in Gifted Education A Case Studies Approach* presents problem based learning scenarios that explore authentic situations found in K 12 classrooms The scenarios can be read and discussed in a short amount of time allow the reader to gain greater understanding through empathy require an analysis of multiple perspectives and support the standards of excellence set forth in the 2010 NAGC Pre K Grade 12 Gifted Education Programming Standards Using the cases in the book educators will gain the insight needed to improve the identification of and services for gifted and talented students in light of these standards **Developing Mathematical Talent** Susan

Assouline, Susan Goodsell Assouline, Ann Lupkowski-Shoplik, 2003 This is the original edition of the newly released *Developing Math Talent* While supplies last this edition is being sold on the Prufrock Press Web site at the discounted price of 9 95 Written for teachers and parents of gifted children with a talent for math this book provides a means for identifying the needs of mathematically talented students Developing Math Talent Susan Goodsell Assouline, Ann Lupkowski-Shoplik, 2005 Build student success in math with the only comprehensive parent and teacher guide for developing math talent among advanced learners More
