By: Ellen Glasgow** Ellen Glasgow, 2017-01-04 Virginia 1913 is a novel by Ellen Glasgow about a wife and mother who in vain seeks happiness by serving her family This novel her eleventh marked a clear departure from Glasgow s previous work she had written a series of bestsellers before publishing Virginia in that it attacked in a subtle yet unmistakable way the very layer of society that constituted her readership Also as its heroine though virtuous and god fearing is denied the happiness she is craving its plot did not live up to readers expectations as far as poetic justice is concerned and was bound to upset some of them Today Virginia is seen by many as an outstanding achievement in Glasgow s career exactly because the author defied literary convention by questioning the foundations of American society around the dawn of the 20th century be it capitalism religion or racism Born in 1864 to a clergyman and his dutiful wife Virginia grows up as a Southern belle in the town of Dinwiddie Virginia Her education is strictly limited to the bare minimum with anything that might disturb her quiet and comfortable existence vigorously avoided Thus prepared for life Virginia falls for the first handsome young man who crosses her path Oliver Treadwell the black sheep of a family of capitalist entrepreneurs who during the time of Reconstruction brought industry and the railroad to the South Oliver who has been abroad and has only recently arrived in Dinwiddie is a dreamer and an intellectual An aspiring playwright his literary ambitions are more important to him than money and he refuses his uncle s offer to work in his bank However when Virginia falls in love with him he realizes that he must be able to support a family and eventually accepts his uncle s offer to work for the railroad The young couple get married and have three children a boy and two girls Gradually perfecting her household skills Virginia is

able to get by on very little money When after many years Oliver's first play is put on the stage in New York City his expectations are high However the show is a complete failure as the play is far too intellectual and radical for a Broadway audience who wants to be entertained rather than reformed Reading about the flop in the local newspaper Virginia for the first time in her life leaves her children asking her mother to take care of them for a day or two and takes the night train to New York to be with and console her husband only to be rejected by him who is in a state of severe depression When he has recovered from the shock Oliver makes yet another concession to society and public taste and starts writing trash Throughout the years Virginia leads a vicarious life She is happy when her husband and children are happy she makes sure their clothes are in perfect condition while neglecting her own outward appearance and she is eager to provide for her children the education she herself has been denied When at one point she realizes that the women her age whom she has known since childhood still look quite young while she has aged prematurely she quickly persuades herself to believe that a life of altruistic subservience is more than worthwhile that living and acting the way she does is her duty and God's will Her father's sudden if honourable death he unsuccessfully tries to prevent the lynching of an innocent young African American and is stabbed in the process by an angry and drunken young man adds to the gloom that starts creeping into her life especially when she sees that as a widow her mother suddenly loses all her will to live When she dies only a few months after her husband Virginia has a premonition that her own fate when losing Oliver could be a similar one
