## **Sayings Traditions In The Apocryphon Of James:**

**Sayings Traditions in the Apocryphon of James** Ron Cameron, 1984 The discovery and publication of the Apocryphon of James from Nag Hammadi has significantly expanded the spectrum of early Christian literature about Jesus In this informative monograph which has been out of print until now Ron Cameron provides a form critical analysis that aims to clarify the ways in which the sayings of Jesus were used and transformed in early Christian communities By recognizing the importance of this particular document scholars will no longer be able to regard the synoptic gospels of the New Testament as unique or sufficient for understanding the trajectory of the Jesus tradition The synoptic problem must now be seen as a gospels problem BOOK JACKET

**Jesus Tradition in the Apostolic Fathers** Stephen E. Young, 2011 This dissertation reevaluates the tradition of Jesus sayings in the Apostolic Fathers in light of the growing recognition of the impact of orality upon early Christianity and its writings At the beginning of the last century it was common to hold that the Apostolic Fathers made wide use of the canonical Gospels While a number of studies have since called this view into question many of them simply replace the theory of dependence upon canonical Gospels with one of dependence upon other written sources No full scale study of Jesus tradition in the Apostolic Fathers has been published which takes into account the last four decades of new research into oral tradition in the wake of the pioneering work of Milman Parry and Albert Lord Based on this new research the present dissertation advances the thesis that an oral traditional source best explains the form and content of the explicit appeals to Jesus tradition in the Apostolic Fathers that predate 2 Clement In the course of the discussion attention is drawn to the ways in which the Jesus tradition in the Apostolic Fathers informs our understanding of the use of oral tradition in Christian antiquity

Gospels and Gospel Traditions in the Second Century Jens Schröter, Tobias Nicklas, Joseph Verheyden, 2018-12-03 The second century CE has often been described as a kind of dark period with regard to our knowledge of how the earliest Christian writings the gospels and Paul's letters were transmitted and gradually came to be accepted as authoritative and then later on as canonical At the same time a number of other Christian texts of various genres saw the light Some of these seem to be familiar with the gospels or perhaps rather with gospel traditions identical or similar to those that found their way into the NT gospels The volume focuses on representative texts and authors of the time in order to see how they have struggled to find a way to work with the NT gospels and or the traditions behind these while at the same time giving a place also to other extra canonical traditions It studies in a comparative way the reception of identifiably canonical and of extra canonical traditions in the second century It aims at discovering patterns or strategies of reception within the at first sight often rather chaotic way some of these ancient authors have cited or used these traditions And it will look for explanations of why it took such a while before authors got used to cite gospel texts more or less accurately

*Jesus, Gospel Tradition and Paul in the Context of Jewish and Greco-Roman Antiquity* David Edward Aune, 2013 Collection of texts published previously

*The Epistle of James and Eschatology* Todd Penner, 1996-05-01 The aim of this book is to

challenge the common view that the epistle of James is a late Hellenistic Wisdom document that has little importance for our understanding of earliest Christianity The author undertakes two main projects first an examination of the various assumptions about date setting and content that have influenced how the letter of James has been interpreted and second a re reading of the letter that seeks to uncover the special character of the epistle by stressing the fusion of its eschatological framework with its ethical instruction The literary cultural and social contextualization of James that emerges sheds new light on this often neglected text and its place in early Christianity

Lord Jesus Christ Larry W. Hurtado, 2005-09-14 This outstanding book provides an in depth historical study of the place of Jesus in the religious life beliefs and worship of Christians from the beginnings of the Christian movement down to the late second century Lord Jesus Christ is a monumental work on earliest Christian devotion to Jesus sure to replace Wilhelm Bousset's *Kyrios Christos* 1913 as the standard work on the subject Larry Hurtado widely respected for his previous contributions to the study of the New Testament and Christian origins offers the best view to date of how the first Christians saw and revered Jesus as divine In assembling this compelling picture Hurtado draws on a wide body of ancient sources from Scripture and the writings of such figures as Ignatius of Antioch and Justin to apocryphal texts such as the Gospel of Thomas and the Gospel of Truth Hurtado considers such themes as early beliefs about Jesus divine status and significance but he also explores telling devotional practices of the time including prayer and worship the use of Jesus name in exorcism baptism and healing ritual invocation of Jesus as Lord martyrdom and lesser known phenomena such as prayer postures and the curious scribal practice known today as the *nomina sacra* The revealing portrait that emerges from Hurtado's comprehensive study yields definitive answers to questions like these How important was this formative period to later Christian tradition When did the divinization of Jesus first occur Was early Christianity influenced by neighboring religions How did the idea of Jesus divinity change old views of God And why did the powerful dynamics of early beliefs and practices encourage people to make the costly move of becoming a Christian Boasting an unprecedented breadth and depth of coverage the book speaks authoritatively on everything from early Christian history to themes in biblical studies to New Testament Christology Hurtado's *Lord Jesus Christ* is at once significant enough that a wide range of scholars will want to read it and accessible enough that general readers interested at all in Christian origins will also profit greatly from it

**Many Things in Parables** Charles W. Hedrick, 2004-01-01 In this splendid introduction to the elusive rhetorical device central to the New Testament picture of Jesus Charles Hedrick explores the nature of the parable and its history of use He asks basic questions such as what is a parable is Jesus really the author of the parables and what does a parable mean and then reviews a range of sources from Aesop's fables to modern New Testament scholarship to answer them He also surveys the various ways the parables have been approached in literary criticism throughout history giving specific examples of each method and delineating their strengths and weaknesses

The First Gospel Arland D. Jacobson,2005-07-28 The first gospel was not one of the four canonical gospels It was probably Q an early collection of Jesus sayings used by Matthew and Luke to create their gospels Q does not mention Jesus death and resurrection and it contains no birth or childhood stories In Q Jesus is pictured as a prophetic sage The First Gospel provides a comprehensive introduction to the Q hypothesis The author reviews and augments the arguments for the existence of Q He concludes that the Q document was not merely a miscellaneous collection of sayings of Jesus that served as a source for Matthew and Luke He sees it as a gospel in its own right with its own history and own quite distinctive theology

Philip: Apostle and Evangelist Christopher R. Matthews,2002-07-01 This

study investigates the history of the traditions that coalesced around the name Philip in the New Testament and other early Christian literature. It proposes that all of this material ultimately owes its genesis to one historical and literary figure: Philip the apostle. This proposition is explored through a wide-ranging examination of the evidence: Luke's redactional employment of traditional materials about Philip the apostle in Acts 8:4-25 and 8:26-40; the evidence of the canonical Gospels; the second-century perspective on Philip as an apostolic authority figure invoked to legitimate various Christian practices; Philip's apostolic authority in gnostic documents for the transmission of the revelatory teaching of Jesus; and the Acts of Philip as a witness to the formation of Christian culture in the earliest centuries. While historical issues are considered where possible, the focus is on the life of the traditions and their reception.

**The Gospel of the Savior** Michael J. Kruger, 2005-08-01 This volume is the first complete analysis of the apocryphal gospel fragment P Oxy 840 since its initial discovery nearly a century ago. The fragment recounts a dispute over ritual purity between Jesus and a Pharisaic chief priest in the temple. After an examination of prior research, this work explores the various palaeographical and historical questions raised by this apocryphal story and also offers a new Greek edition and English translation. In particular, P Oxy 840's controversial descriptions of ritual purity practices in Herod's temple are evaluated in light of what is known of first-century Judaism. After comparing the text with similar passages in the canonical gospels, the origins of this non-canonical story are traced to second-century Jewish Christian groups that shared its theological and polemical thrust.

**The Voice of Jesus in the Social Rhetoric of James** Wesley Hiram Wachob, 2000-01-13 This programmatic socio-rhetorical investigation approaches the Epistle of James as an instance of written deliberative rhetoric and it seeks to ascertain the social texture of James 2:5, a rhetorical performance of language that in other contexts is explicitly attributed to Jesus. Utilizing the conventions of Greco-Roman rhetoric, Dr. Wachob successively probes the inner texture, the intertexture, the social and cultural texture, and the ideological implications of the rhetoric in James 2:1-13. He analyses James' activation of antecedent texts in the LXX, common conceptions and topics in the broader culture, and also sayings in the Jesus tradition. He concludes that James emanates from the same milieu as the pre-Matthean Sermon on the Mount and shows James 2:5 to be an artful performance of the principal beatitude in that early epitome of Jesus' teachings.

Gospel Writing Francis Watson, 2013-05-26 That there are four canonical versions of the one gospel story is often seen as a problem for Christian faith where gospels multiply so too do apparent contradictions that may seem to undermine their truth claims In Gospel Writing Francis Watson argues that differences and tensions between canonical gospels represent opportunities for theological reflection not problems for apologetics Watson presents the formation of the fourfold gospel as the defining moment in the reception of early gospel literature and also of Jesus himself as the subject matter of that literature As the canonical division sets four gospel texts alongside one another the canon also creates a new complex textual entity more than the sum of its parts A canonical gospel can no longer be regarded as a definitive self sufficient account of its subject matter It must play its part within an intricate fourfold polyphony and its meaning and significance are thereby transformed In elaborating these claims Watson proposes nothing less than a new paradigm for gospel studies one that engages fully with the available noncanonical material so as to illuminate the historical and theological significance of the canonical
