GENERAL INDEX An Analysis of the Sayings of Jesus in the Teaching of the Twelve Apostles Clayton N. Jefford, 1988

An Analysis of the Sayings of Jesus in the Teaching of the Twelve Apostles Clayton Nance Jefford, 1990 **The Wisdom of Jesus** Charles W. Hedrick, 2014-11-07 How would the image of Jesus appear if it were based only on sayings that scholars generally agreed originated with Jesus And how would the wisdom of Jesus reflected in those few sayings compare to the wisdom of the sages of ancient Israel and the apostles of the early first century church To answer such questions historians face serious difficulties Everything we know about Jesus comes from what later writers thought about him none of the things they claimed he said came directly from him Everything in the early Christian gospels is either derived from historical memory or is borrowed or invented Hedrick claims Even those few sayings receiving near universal agreement from historians as sayings of Jesus can only be affirmed as probable rather than certain The aim of this study is to allow Jesus to speak for himself directly to readers as nearly as possible in his own words without the theological explanations of his interpreters The resulting image of Jesus that emerges is a complex picture of a first century lower class man who was not religious in a traditional sense His discourse was the language of the secular world and addressed issues of common life

Knowledge and the Coming Kingdom Jonathan Schwiebert, 2008-08-01 Knowledge and the Coming Kingdom is a study of the meal prayers of Didache 9 10 The opening chapters pursue a sustained argument regarding the relationship between the Didache s meal ritual and the well known tradition of Jesus final meal The central goal of this argument is to clarify that the silence of the Didache s prayers regarding Jesus sacrificial death is neither trivial nor the result of textual accident but is instead tied up with how this ritual works as a ritual Schwiebert aims to counter a weighty tradition of reading the Didache s testimony in light of the New Testament accounts and so to free the tradition to become an analytical reference point for a consideration of Christian origins En route to this goal ritual theory serves as an ally that offers insights into the workings of a uniquely attested ritual Having isolated the Didache s tradition in this way he then examines its original milieu arguing for a branch of the Jesus movement that held to Jesus teachings as a privileged form of knowledge even while they affirmed the futurity of God s kingdom and their own eschatological existence From this point he reassesses the various potential parallels to the Didache s prayers and their degree of sympathy with this ritual form to reconstruct a trajectory of the ritual s influence in early Christianity The clues are traced to Egypt where as elsewhere they finally lead to the loss of this ritual form often for identifiable reasons Religious Pamphlets, 1915 **Love Without Pretense** Walter T. Wilson, 1991 Revision of the author s thesis University of Chicago 1990 A Dictionary of Christ and the Gospels James Hastings, 2004-10 The purpose of this

dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher's dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church

A Dictionary of Christ and the Gospels: Labour-Zion, with appendix and indexes James Hastings, John Alexander Selbie, John Chisholm Lambert, 1908 [A Dictionary of Christ and the Gospels](#) James Hastings, John Alexander Selbie, John Chisholm Lambert, 1908 **The Method and Message of Jesus' Teachings** Robert H. Stein, 1994-01-01 This useful and practical book provides the college student seminarian church study group and interested lay person with a much needed introductory guide on the how method and the what message of Jesus teachings In this revised edition Robert Stein updates his classic work adds a new bibliography and introduces use of the New Revised Standard Version of the Bible bringing this important text to a new generation of students [The Gospels Explained](#) Albertus Pretorius, 2024-01-31 How credible are the Gospel narratives in the Bible What did really happen during the life of Jesus of Nazareth This ground breaking book is destined to revolutionize the discipline of New Testament studies Its aim is to provide a novel original and credible explanation of the origins and contents of the Gospel narratives in the New Testament of the Bible as well as some extra biblical writings using critical scientific and rational methods and techniques from the perspective of a non partisan historian This book examines the value of the narratives as historical sources for the life teachings and execution of Jesus of Nazareth and to reconstruct his life as far as possible after the mythological metaphysical dogmatic legendary and obviously skewed descriptions of his life have been exposed and cleared away New insights regarding the background of the Gospels are presented and the previously ignored and hidden role of astronomical

and astrological phenomena in the life of Jesus is highlighted No serious student of the Bible can ignore this book The Canon of Scripture F. F. Bruce, 2025-07-03 Winner of two 1990 Christianity Today Awards Readers Choice 1st place theology doctrine and Critics Choice 1st place theology doctrine A 1989 ECPA Gold Medallion Award winner How did the books of the Bible come to be recognized as Holy Scripture Who decided what shape the canon should take What criteria influenced these decisions After nearly nineteen centuries the canon of Scripture remains an issue of debate Protestants Catholics and Orthodox all have slightly differing collections of documents in their Bibles Martin Luther one of the early leaders of the Protestant Reformation questioned the inclusion of the book of James in the canon And many Christians today while confessing the authority of all of Scripture tend to rely on only a few books and particular themes while ignoring the rest Scholars have raised many other questions as well Research into second century Gnostic texts have led some to argue that politics played a significant role in the formation of the Christian canon Assessing the influence of ancient communities and a variety of disputes on the final shaping of the canon call for ongoing study In this significant historical study F F Bruce brings the wisdom of a lifetime of reflection and biblical interpretation to bear on questions and confusion surrounding the Christian canon of Scripture Adept in both Old and New Testament studies he brings a rare comprehensive perspective to the task Though some issues have shifted since the initial publication of this classic book it remains a significant landmark and touchstone for further studies **The Newly Found Words of Jesus** William Garrett Horder, 1904 **The Encyclopædia Britannica**, 1910 The Encyclopaedia Britannica, 1910 The Encyclopaedia Britannica Hugh Chisholm, 1910 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style **The Encyclopædia Britannica** Hugh Chisholm, 1910 *Library of Congress Subject Headings* Library of Congress, 2005 Library of Congress Subject Headings Library of Congress.
