**Sayonara** James Michener, 1953      *Extreme Exoticism* William Anthony Sheppard, 2019 *Extreme Exoticism* explores the role of music in shaping American perceptions of the Japanese the influence of Japanese music on American composers and the place of Japanese Americans in American musical life over the past 150 years      *Criminalization/Assimilation* Philippa Gates, 2019-03-08 Pt 1 Hollywood's Chinese America Introduction Yellow peril protest and an orientalist gaze Hollywood's constructions of Chinese Americans Pt 2 Chinatown crime Imperilled imperialism Tong wars slave girls and opium dens The whitening of Chinatown action cops and upstanding criminals Pt 3 Chinatown melodrama The perils of proximity white downfall in the Chinatown melodrama Tainted blood white fears of yellow miscegenation Pt 4 Chinese American assimilation Assimilation and tourism Chinese American citizens and Chinatown rebranded Assimilating heroism the Chinese American as American action hero Epilogue      *America's Geisha Ally* Naoko Shibusawa, 2010-01-01 During World War II Japan was vilified by America as our hated enemy in the East Though we distinguished good Germans from the Nazis we condemned all Japanese indiscriminately as fanatics and savages As the Cold War heated up however the U S government decided to make Japan its bulwark against communism in Asia But how was the American public made to accept an alliance with Japan so soon after the Japs had been demonized as subhuman bucktoothed apes with Coke bottle glasses In this revelatory work Naoko Shibusawa charts the remarkable reversal from hated enemy to valuable ally that occurred in the two decades after the war While General MacArthur's Occupation Forces pursued our nation's strategic goals in Japan liberal American politicians journalists and filmmakers pursued an equally essential though long unrecognized goal the dissemination of a new and palatable image of the Japanese among the American public With extensive research from Occupation memoirs to military records from court documents to Hollywood films and from charity initiatives to newspaper and magazine articles Shibusawa demonstrates how the evil enemy was rendered as a feminized submissive nation as an immature youth that needed America's benevolent hand to guide it toward democracy Interestingly Shibusawa reveals how this obsession with race gender and maturity reflected America's own anxieties about race relations and equity between the sexes in the postwar world America's *Geisha Ally* is an exploration of how belligerents reconcile themselves in the wake of war but also offers insight into how a new superpower adjusts to its role as the world's preeminent force      *Race in American Film* Daniel Bernardi, Michael Green, 2017-07-07 This expansive three volume set investigates racial representation in film providing an authoritative cross section of the most racially significant films actors directors and movements in American cinematic history Hollywood has always reflected current American cultural norms and ideas As such film provides a window into attitudes about race and ethnicity over the last century This comprehensive set provides information on hundreds of films chosen based on scholarly consensus of their importance regarding the subject examining aspects of race and ethnicity in American film through the historical context themes and people involved This three volume set highlights the most important

films and artists of the era identifying films actors or characterizations that were considered racist were tremendously popular or hugely influential attempted to be progressive or some combination thereof Readers will not only learn basic information about each subject but also be able to contextualize it culturally historically and in terms of its reception to understand what average moviegoers thought about the subject at the time of its popularity and grasp how the subject is perceived now through the lens of history

Nipponalia Kyōto Gaikokugo Daigaku. Toshokan,1980      **Envisioning Asia**

Jeanette Roan,2010-05-07 Whereas some other scholars read selected films mainly to illustrate political arguments Roan never loses sight of the particularities of film as a distinctive cultural form and practice Her drive to see cinema as a mechanism of American orientalism results in not just a textual analysis of these films but also a history of their material production and distribution Josephine Lee University of Minnesota Envisioning Asia offers an exciting new contribution to our understandings of the historical developments of American Orientalism Jeannette Roan deftly situates changing cinematic technologies within the context of U S imperial agendas in this richly nuanced analysis of shooting on location in Asia in early 20th century American cinema Wendy Kozol Oberlin College Through her vivid illustration of the role of American cinema in the material visual and ideological production of Asia Jeanette Roan takes the reader on a journey to Asia through a very different route from the virtual travel taken by the viewers of the films she discusses Mari Yoshihara University of Hawai i at Manoa The birth of cinema coincides with the beginnings of U S expansion overseas and the classic Hollywood era coincides with the rise of the United States as a global superpower In Envisioning Asia Jeanette Roan argues that throughout this period the cinema s function as a form of virtual travel coupled with its purported authenticity served to advance America s shifting interests in Asia Its ability to fulfill this imperial role depended however not only on the cinematic representations themselves but on the marketing of the films production histories and in particular their use of Asian locations Roan demonstrates this point in relation to a wide range of productions offering an engaging and useful survey of a largely neglected body of film Not only that by focusing on the material practices involved in shooting films on location that is the actual travels negotiations and labor of making a film she moves beyond formal analysis to produce a richly detailed history of American interests attitudes and cultural practices during the first half of the twentieth century Jeanette Roan is Adjunct Professor of Visual Studies at California College of the Arts and author of Exotic Explorations Travels to Asia and the Pacific in Early Cinema in Re collecting Early Asian America Essays in Cultural History 2002 Cover art Publicity still Tokyo File 212 Dorrell McGowan and Stuart McGowan 1951 The accompanying text reads Hundreds of spectators gather on the sidelines as technicians prepare to photograph a parade scene in Tokyo File 212 a Breakston McGowan Production filmed in Japan for RKO Radio distribution Courtesy of the Academy of Motion Picture Arts and Sciences      *Romance and the Yellow Peril* Gina Marchetti,1994-02-15 Hollywood films about Asians and interracial sexuality are the focus of Gina Marchetti s provocative new work While miscegenation might seem an unlikely theme for Hollywood Marchetti shows how fantasy dramas of

interracial rape lynching tragic love and model marriage are powerfully evident in American cinema The author begins with a discussion of D W Griffith s *Broken Blossoms* then considers later films such as *Shanghai Express* *Madame Butterfly* and the recurring geisha movies She also includes some fascinating forgotten films that have been overlooked by critics until now Marchetti brings the theoretical perspective of recent writing on race ethnicity and gender to her analyses of film and television and argues persuasively that these media help to perpetuate social and racial inequality in America Noting how social norms and taboos have been simultaneously set and broken by Hollywood filmmakers she discusses the orientalist tensions underlying the construction of American cultural identity Her book will be certain to interest readers in film Asian women s and cultural studies
