The Scariest Place in the World James Brady, 2006-04-04 A memoir from the New York Times bestselling author of *Warning of War* and *Marines of Autumn* James Brady's *The Scariest Place in the World* Half a century after he fought there as a young lieutenant of Marines James Brady returns to the brooding Korean ridgelines and mountains to sound taps for a generation It's been years since Brady first wrote of Korea in *The Coldest War* drawing raves from Walter Cronkite and *The New York Times* which called it a superb personal memoir of the way it was In the spring of 2003 Brady and Pulitzer Prize winning combat photographer Eddie Adams flew in Black Hawk choppers and trekked the Demilitarized Zone where it meanders into North Korea interviewing four star generals and bunking in with tough U S recon troops in Brady's words raw meat on the point of a sharpened stick Brady recalls that first time on bloody Hill 749 the men who died there what happened to the Marines who lived to make it home and experiences yet again the emotional pull of a lifelong love affair with the Corps in which they all served Brady summons up the past and illuminates the present be it the Korea of the forgotten war the Yanks who fought there long ago or today's soldiers standing wary sentinel over the scariest place in the world The result is uplifting inspiring often heartbreaking and this Brady memoir proves as powerful as his first

The Korean War Remembered Michael J. Devine, 2023 Michael J Devine provides a fresh wide ranging and international perspective on the contested memory of the 1950-1953 conflict that left the Korean Peninsula divided along a heavily fortified demilitarized zone His work examines theaters of memory including literature popular culture public education efforts monuments and museums in the United States China and the two Koreas to explain how contested memories have evolved over decades and how they continue to shape the domestic and foreign policies of the countries still involved in this unresolved struggle for dominance and legitimacy *The Korean War Remembered* also engages with the revisionist school of historians who influenced by America's long nightmare in Vietnam consider the Korean War an unwise U S interference in a civil war that should have been left to the Koreans to decide for themselves As a former Peace Corps volunteer to Korea a two time senior Fulbright lecturer at Korean universities and former director of the Harry S Truman Presidential Library Devine offers the unique perspective of a scholar with half a century of close ties to Korea and the Korean American community as well as practical experience in the management of historical institutions
