Scarlet And The Beast A History Of The War Between English And French Freemasonry:

Scarlet and the Beast I John Daniel, 2018-09-21 My research has revealed that there are two separate and opposing powers in Freemasonry One headquartered in London subscribes to and promotes an idolatrous and pantheistic view of the world It is monarchist capitalistic wealthy right wing The other in Paris is atheistic and humanistic in origin and outlook It is republican socialist poor left wing One is Scarlet The other the Beast The breakthrough theory which I have developed with Scripture as my guide makes sense of the massive literature I have collected on Freemasonry as well as its apparent contradictions My library includes books written by members of and defectors from both English and French Freemasonry At the beginning of my research like many other revisionist authors I thought revisionist authors were reporting one single plot I gradually realized that many authors were exposing what in reality were often the machinations of one group of conspirators against the other The devices of both wings of Masonry were so similar that without Scripture as a guide one could easily perceive only a single intrigue This interesting twist in the historical drama confirmed again and again by my research points to the existence of a struggle between the two powers in Freemasonry Although revisionist authors are supposedly concerned about one plot I noticed that all exposes pointed to Paris as the center of an intrigue before World War I After the War however evidence points to the shift of intrigue to London I will explain this shift in the course of this book

Scarlet and the Beast: A history of the war between English and French freemasonry John Daniel, 1994 **Scarlet and the Beast** John Daniel, 1992-12-01 The Ruling Elite Deanna Spingola, 2012 The U S government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln s revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA s covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY Constantine Versus the Bankers C. Eliopoulos Nicholas C. Eliopoulos, Nicholas C. Eliopoulos, 2010 Constantine Versus the Bankers is the epic of what went wrong and still goes wrong in a seemingly Christian setting In spite of setbacks it examines what is yet to be accomplished toward Peace in this world There is nevertheless a de facto kind of oneness in politics religion education and public ethos albeit as four distinctly separate Estates and not always in harmony This results at times in human failure

and more often in pernicious conspiracies at work Constantine still is maligned from contemporary world leaders to historians while Christians still are selectively being killed with evermore imaginative cunning Consider the sources vilifying Christianity they are the same agencies hunting down the Holy Apostles on their Mission with the same combination of Murky Forces and modern internationalist adepts While considered a sacred cow the Bankers of all grades are popularly held on the highest pedestal and glorified as saviors greater than God As matters today stand the only solutions to cultural political social economic and educational impasses come through going deeper into private national and international debt sinking down into the cavernous jaws of the interest bearing Vipers To believe in an irreversibly coming doom is to question whether there is a God or not **The Cosmopolitan Empire** Peter Gerard Myers,2023-10-13 This book is about conspiracies in high places Conspiracies it covers include the assassination of JFK the attacks of 9 11 the Covid 19 Lockdown Orwell depicted Speech Codes and Thought Police Both have turned out to be correct *Scarlet and the Beast* John Daniel,1995 **The Seven Churches of Revelation** John Daniel,2008 **Ritual America** Craig Heimbichner,Adam Parfrey,2012-03-06 Adam Parfrey is one of the nation s most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization s public image by denying the existence of its most contentious ideas Ritual America reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance has become faintly unnecessary The authors of Ritual America contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of Cult Rapture Revelations of the Apocalyptic Mind and It s a Man s World Men s Adventure Magazines the Postwar Pulp He is editor of the influential Apocalypse Culture series Love Sex Fear Death The Inside Story of the Process Church of the Final Judgment Craig Heimbichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the Feral House compilation Secret and Suppressed II and wrote about the famous occult order the O T O in Blood and Altar **Saviors** Robert Wahler,2009-12-29 For nearly two thousand years a man called Jesus Christ has dominated the religious landscape of the Western World Now with the discovery of a corpus of ancient manuscripts from the desert sands of the Middle East and a fresh look at the New Testament Gospels a new

understanding of his rightful place in history and that of his remarkable family has emerged In his own words Jesus tells us his was a ministry limited in time and place to those who could see him and hear him a ministry of personal non sacrificial mystic salvation meant only for those alive when he was the salvation of others being the responsibility of others like him In words of undeniable clarity Jesus indicates he wasn't alone in coming here as Savior His cousin John the Baptist and his brother James the Just are shown to be Masters of the Highest Order predecessor and successor respectively to Jesus Amazingly possible evidence for two more brothers of like stature is revealed Newly discovered ancient manuscripts recovered from caves on the Dead Sea at Qumran and from the desert sands at Nag Hammadi near the Nile River lend an authority and authenticity unrivaled by even the Bible itself in support of this new view of Messianism The heart and soul of Christianity itself comes up for a full and honest examination when the self proclaimed thirteenth apostle of Christ Paul is conclusively shown almost unbelievably by Jesus himself to be the perpetrator of the greatest fraud in the history of mankind the false doctrine of universal sacrificial atonement through the shed blood of Jesus Christ All this is aided and abetted by a centuries long history of scribal and ecclesiastical corruption both intentional and unintentional It is time now for the world community to acknowledge this demonstrable certainty and harmonize the religious history of the Middle East with that of the Far East

Collected Prefaces Nicholas Hagger, 2022-04-29 Nicholas Hagger's 55 books include innovative works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books *Collected Prefaces* a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays and as in T S Eliot's *Selected Essays* there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger's works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His Universalism focuses on humankind's relationship to the whole universe as reflected in seven key disciplines seen as wholes the whole of literature history philosophy and the sciences mysticism religion international politics and statecraft and world culture Behind all the Prefaces is Hagger's fundamental perception of the unity of the universe as the One and of humankind's position in it These Prefaces complement his *Selected Letters* a companion volume also published by O Books and contain startling insights that illumine and send readers to the works the Prefaces introduce

Why Did Yahweh and His Son Yahshuah Say What They Said?
 Dr. Justin G. Prock, 2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the

message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions *Liber 420* Chris Bennett,2018-04-20

Although little known cannabis and other psychoactive plants held a prominent and important role in the Occult arts of Alchemy and Magic as well as being used in ritual initiations of certain secret societies Find out about the important role cannabis played in helping to develop modern medicines through alchemical works Cannabis played a pivotal role in spagyric alchemy and appears in the works of alchemists such as Zosimos Avicenna Lull Paracelsus Cardano and Rabelais Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix Sepher Raxiel Liber Salomonis and The Book of Oberon Could cannabis be the Holy Grail With detailed historical references the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma which was a preparation of cannabis opium and other drugs Many of the works discussed have never been translated into English or published in centuries The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and renaissance history of cannabis as well as the role of plants in the magical and occult traditions **Dismantling the Big Lie** Steven L. Table of contents **Jugoslavia And World Peace** Nicholas C. Eliopoulos,2002-08 Twelve centuries of endless warfare by Vatican s high priests and their associates the international banking nobility are concentrated to subdue the Christian Orthodox Peoples into some new order of things The erroneously touted age old animosities in the Balkans is a fiction of age old alien enemies The conflict in the Serbian lands and the rest of the Balkans today is a mini pre image of the coming Great Secular War III The coming collapse of Vaticanism Scottish Grand Orient Freemasonry Zionism Massoreticism Debt Banking Oil Power and Muslimism is heralded Jugoslavia bravely resists their lackeys the Military Industrial Church Complex in turn using NATO as their front as their mighty image and prestige is exposed and scattered to the winds *The Fall of the West* Nicholas Hagger,2022-11-25 In The Syndicate 2004 Nicholas Hagger described how in the 20th century a Syndicate of litist mega rich families levelled down the leading Western countries by promoting revolutions wars and independence movements

against their empires and planned a New World Order and world government that would control the earth's resources for their own benefit In *The Secret History of the West* 2005 he traced the Syndicate's roots back to secret Freemasonic organisations and revolutions that undermined the West from the Renaissance to the early 20th century In *The Fall of the West* 2022 the third book in his trilogy on the West Hagger updates the story to include the pandemic and describes how Syndicate driven 21st century events from the War on Terror to Covid have brought the Western financial system to the brink of collapse and shifted power from the West to the East and China In this first impartial attempt to assemble all the evidence to date for the origin of Covid like fitting together available pieces of a jigsaw to reveal the main picture Hagger the first to discover the Cultural Revolution in China in March 1966 finds that the three main features of Covid 19 were man made by American NIAID funded medics in 2002 and patented 73 times since 2008 and seem to have been surreptitiously used as a bio weapon in a Syndicate plan to limit the rise of China and its expanding trade A dangerous new Biological Age has been born and the West faces being levelled down and a sudden fall Hagger sees the post Covid West's dream of creating a good New World Order a vaccine protected democratic presidential part federal world government and World State with sufficient authority to abolish war and solve the world's post Covid problems as being challenged by the self interested Syndicate's levelling down and to survive it first has to go along with the Syndicate's plan for West and East to draw together into an authoritarian world government involving China and democratise later This is a thought provoking work with a prophetic vision of the future

The Syndicate Nicholas Hagger, 2004 This highly topical and controversial work provides an alternative view of 20th century history It describes the activities of a small group of men whose wealth and influence have been grossly underestimated It gives the background to the war on terror and points out the dangers in the increasing trend towards world government
