Melville-Hawthorne Connection Erik Hage, 2013-11-20 This book offers the first in depth examination of the friendship between the authors Hawthorne's influence upon Moby Dick is weighed as is the probability of Melville's influence upon Hawthorne This was a friendship whose true basis beyond an almost instantaneous mutual affinity and admiration for each other was intellectual ideas and literary pursuits and the conversations between the two hewed mostly to philosophical and spiritual rumination as well as to those matters that concern writers most craft and publishing

learning environments Extra resources are available on the website www.oup.com/elt/teacher/itc Nathaniel Hawthorne and the Romance of the Orient Luther S. Luedtke,1989-09-22 This volume argues that by focusing on British and American backgrounds readers have underestimated the impact of Asia and the East on American novelist and short story writer Nathaniel Hawthorne s 1804 1864 writing The central force in Hawthorne s intellectual development was New England Puritanism It fascinated even when it sometimes repelled him It exercised a pull on his imagination which a lifetime of varied experience did not loosen The author recreates Hawthorne s heritage and examine his readings in material dealing with the East he examines three of Hawthorne s early tales that were all written before 1830 and he looks at Hawthorne s The Story Teller the two volume book of sketches and tales Hawthorne unsuccessfully tried to publish in 1834 and issued piecemeal thereafter in periodicals as annuals The author also evaluates the role of the Eastern world in Hawthorne s view of Romance and studies some of Hawthorne s remarkable heroines Beatrice Rapaccini Hester Zenobia and Miriam in particular The author maintains that the Puritan element in Hawthorne s ancestry has been overstressed and that insufficient attention has been paid to the equally important travel adventure exploration aspect of Hawthorne s heritage and craft **Adapted from the Original** Laurence Raw,2018-09-14 Critics and audiences often judge films books and other media as great but what does that really mean This collection of new essays examines the various criteria by which degrees of greatness or not so are constructed whether by personal political or social standards through topics in cinema literature and adaptation The contributors recognize how issues of value vary across different cultures and explore what those differences say about attitudes and beliefs *Literature in our Lives* Richard Jacobs,2020-02-04 This book recreates in written form seventeen of the most popular frankly personal and engaging lectures on literature given by the award winning teacher Richard Jacobs who has been working with students for over forty years This is a book written for students whether starting their studies or more experienced and also for all lovers of literature At its heart is the conviction that reading thinking about and writing or talking about literature involves us all personally texts talk to us intimately and urgently inviting us to talk back intervening in and changing our lives These lectures discuss in an open but richly informed way a wide range of texts that are regularly studied and enjoyed They model what it means to be excited about reading and studying literature and how the study of literature can be life changing perhaps even with the effect of changing the lives of readers of this eloquent and remarkable book **Civic Longing** Carrie Hyde,2018-01-11 No Constitutional definition of citizenship existed until the 14th Amendment in 1868 Carrie Hyde looks at the period between the Revolution and the Civil War when the cultural and juridical meaning of citizenship was still up for grabs She recovers numerous speculative traditions that made and remade citizenship s meaning in this early period A Case for Teaching Literature in the Secondary School Janet Alsop,2015-04-17 Taking a close look at the forces that affect English education in schools at the ways literature cognitive science the privileging of the STEM disciplines and current educational policies are connected this timely book counters with a strong argument for the

importance of continuing to teach literature in middle and secondary classrooms The case is made through critical examination of the ongoing culture wars between the humanities and the sciences recent research in cognitive literary studies demonstrating the power of narrative reading and an analysis of educational trends that have marginalized literature teaching in the U S including standards based and scripted curricula The book is distinctive in presenting both a synthesis of arguments for literary study in the middle and high school and sample lesson plans from practicing teachers exemplifying how literature can positively influence adolescents intellectual emotional and social selves *Navigating White Space in Education* Maessie Allen Jameson,2024-03-31 When more than 80 percent of America s teachers are White and approximately 50 percent of the students they serve are Black Indigenous or people of color BIPOC that disparity affects the professional and personal responsibility to equitably service and grow all students cultivate a climate of professional growth and attract and retain BIPOC educators Navigating this educational white space requires shifting our perspective on this damaging dynamic and finding value building staying power through the denials difficulties and discrimination that frame it In this experiential devotional author Maessie Allen Jameson shares strategies born from struggles familial adages that transcend educational theory and empowering scriptural lessons that have nurtured her love for teaching and view of what achieving perfection looks like in the American public education system as a Black educator Her three pronged approach involves establishing Christian credence engaging in critical conversations and developing cultural competency She provides thematically aligned classroom strategies scripture readings and planning pages for reflective application Teachers of all levels will find approachable tools to help them respond to racism isolation burnout prejudicial practices and damaging pedagogy *Studies in Classic American Literature* D.H. Lawrence,2020-10-01 The author of such classics as *Sons and Lovers* and *The Rainbow* critically examines classic American literature in this collection of essays This anthology provides a deep look at D H Lawrence s thoughts on American literature including notable essays on Benjamin Franklin Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Walt Whitman Originally published in 1923 this volume has corrected and uncensored the text and presents earlier versions of many of the essays **The Solitary Vice** Mikita Brottman,2008-02-28 Mikita Brottman wonders just why is reading so great It s a solitary practice one that takes away from time that could be spent developing important social networking skills Reading s not required for health happiness or a loving family And if reading is so important why are catchy slogans like *Reading Changes Lives* and *Champions Read* needed to hammer the point home Fearlessly tackling the notion that nonreaders are doomed to lives of despair and mental decay Brottman makes the case that the value of reading lies not in its ability to ward off Alzheimer s or that it s a pleasant hobby Rather she argues that like that other well known solitary vice masturbation reading is ultimately not an act of pleasure but a tool for self exploration one that allows people to see the world through the eyes of others and lets them travel deep into the darkness of the human condition *The Book of Days.
