**Flickers of Desire** Jennifer M. Bean, 2011-07-12 Today we are so accustomed to consuming the amplified lives of film stars that the origins of the phenomenon may seem inevitable in retrospect But the conjunction of the terms movie and star was inconceivable prior to the 1910s Flickers of Desire explores the emergence of this mass cultural

phenomenon asking how and why a cinema that did not even run screen credits developed so quickly into a venue in which performers became the American film industry's most lucrative mode of product individuation Contributors chart the rise of American cinema's first galaxy of stars through a variety of archival sources newspaper columns popular journals fan magazines cartoons dolls postcards scrapbooks personal letters limericks and dances The iconic status of Charlie Chaplin's little tramp Mary Pickford's golden curls Pearl White's daring stunts or Sessue Hayakawa's expressionless mask reflect the wild diversity of a public's desired ideals while Theda Bara's seductive turn as the embodiment of feminine evil George Beban's performance as a sympathetic Italian immigrant or G M Anderson's creation of the heroic cowboy outlaw character transformed the fantasies that shaped American filmmaking and its vital role in society      *Modernist America* Richard Pells, 2011-03-29 America's global cultural impact is largely seen as one-sided with critics claiming that it has undermined other countries languages and traditions But contrary to popular belief the cultural relationship between the United States and the world has been reciprocal says Richard Pells The United States not only plays a large role in shaping international entertainment and tastes it is also a consumer of foreign intellectual and artistic influences Pells reveals how the American artists novelists composers jazz musicians and filmmakers who were part of the Modernist movement were greatly influenced by outside ideas and techniques People across the globe found familiarities in American entertainment resulting in a universal culture that has dominated the twentieth and twenty-first centuries and fulfilled the aim of the Modernist movement to make the modern world seem more intelligible *Modernist America* brilliantly explains why George Gershwin's music Cole Porter's lyrics Jackson Pollock's paintings Bob Fosse's choreography Marlon Brando's acting and Orson Welles's storytelling were so influential and why these and other artists and entertainers simultaneously represent both an American and a modern global culture      **John Ford** Bill Levy, 1998-11-30 John Ford 1894-1973 is universally acknowledged as one of the greatest directors in the history of cinema He is the only person to win four Academy Awards for Direction for *The Informer* 1935 *The Grapes of Wrath* 1940 *How Green Was My Valley* 1941 and *The Quiet Man* 1952 This reference book is a comprehensive guide to his career The volume begins with a biography that looks at Ford as a person a director and a cinematic legend and influence Ford's life is discussed chronologically but the biography repeatedly considers how his early experiences shaped his creative vision and attempts to explain why he was so self-destructive and unhappy throughout his career In addition the biography carefully scrutinizes his methods styles techniques and secrets of direction A chronology presents his achievements in capsule form The rest of the book provides detailed information about his many productions and about the response to his works The heart of the volume is a filmography which includes individual entries for 184 films with which Ford was involved as either an actor a director a producer a writer an advisor or an assistant These entries include cast and credit information a plot synopsis critical commentary and excerpts from reviews The book also includes the most extensive annotated bibliography on Ford ever published with more than 1000 entries for books articles dissertations

documentaries and even four works of fiction concerning Ford. Additional sections of the book provide information about his unrealized projects, his radio, television, and theater work, his awards and honors, and special collections and archives.

**Keepers** Richard Schickel, 2016-08-09 After six decades of writing about film, acclaimed critic Richard Schickel generously shares *Keepers*, a history of film as he's seen and lived it. Here is a tour of his favorites from *Snow White* and the *Seven Dwarfs* to *Pulp Fiction* and a master class in what makes a film soar or flop. Schickel reminds us of the subjective art of film criticism, highlighting above all the true gems, the immortal moments of transcendent movie magic: the scenes, characters, lines, shots, scores, and even lighting cues that have stuck with him over a lifetime of movie watching. *Buster Keaton*, *His Girl Friday*, *Ingrid Bergman*, *Taxi Driver*, *Star Wars*, *Stanley Kubrick*. Schickel reveals all the films and the forces behind them that have kept him coming back for more.

**Buster Keaton: Cut to the Chase** Marion Meade, 2014-04-01 An American icon, Joseph Frank Buster Keaton is easily acknowledged as one of the greatest filmmakers in early cinema and beyond. His elaborate slapstick made audiences scream with laughter. But his stone face hid an internal turmoil. In *BUSTER KEATON CUT TO THE CHASE*, biographer Marion Meade seamlessly lays out the life and works of this comedy genius who lacked any formal education. Buster made his name as a child of vaudeville, thrown around the stage by his father in a cartoon pantomime of very real abuse. The lessons he carried forward from that experience translated into some of the greatest silent films of all time. Keaton wrote, directed, performed, and edited dozens of features and shorts, including his masterpiece *The General*. However, those early scars also led to decades of drinking and mistreatment of women. Keaton saw huge successes, Hollywood sex scandals, years of neglect from studios and audiences, and finally a shaky resurrection that assured his place in Hollywood's film canon. Meticulously researched, this book brings together four years of research and hundreds of interviews to paint a nuanced portrait of a compelling artist. No comedy fan or film buff should miss this insider story of the man behind the stone face.

**Fifty Hollywood Directors** Suzanne Leonard, Yvonne Tasker, 2014-11-20 *Fifty Hollywood Directors* introduces the most important, iconic, and influential filmmakers who worked in Hollywood between the end of the silent period and the birth of the blockbuster. By exploring the historical, cultural, and technological contexts in which each director was working, this book traces the formative period in commercial cinema when directors went from pioneers to industry heavyweights. Each entry discusses a director's practices and body of work and features a brief biography and suggestions for further reading. Entries include Frank Capra, Cecil B. DeMille, John Ford, Alfred Hitchcock, Fritz Lang, Orson Welles, D.W. Griffith, King Vidor. This is an indispensable guide for anyone interested in film history, Hollywood, and the development of the role of the director.

**Douglas Fairbanks** Jeffrey Vance, 2008 Douglas Fairbanks takes the full measure of the star's remarkable life. Jeffrey Vance bases his portrait on a rich array of sources, including Fairbanks's personal and professional papers and scrapbooks, newly available documentation, and rediscovered films, and his own extensive interviews with those who knew or worked with Fairbanks. Engagingly written and sumptuously designed with 237 photographs, the book goes

beyond Fairbanks's public persona to thoroughly explore his art and his far reaching influence **BOOK JACKET** Burt Lancaster Kate Buford, 2013-07-08 Burt Lancaster is perhaps most widely remembered as the tough iron jawed star of films such as *Gunfight at the OK Corral* and *Airport* But as this superbly readable and insightful biography demonstrates he was an actor with much broader ambitions brilliantly realised in Visconti's *The Leopard* as well as the founder of the first actor led production company in Hollywood Lancaster's liberal political views led not only to frequent clashes with the House Un American Activities Committee and a voluminous FBI file but also a private life that was colourful even by Hollywood standards Although a devoted father and husband to three wives the actor took numerous lovers of both sexes In his sexual tastes as in his choice of roles he defied classification Kate Buford's definitive biography offers a full frank sensitive and compelling portrait of the star of Atlantic City From *Here to Eternity* and *Elmer Gantry* for which he won a Best Actor Oscar Lancaster emerges as a man of restless energy relentless curiosity and continual development as an actor a star every bit as interesting offscreen as on As one American reviewer put it Not many film stars receive first class biographies Burt Lancaster not only deserved one he got one Acclaimed biographer Kate Buford has been a regular commentator on National Public Radio in the United States since 1994 **Silent Film Performers** Roy Liebman, 1996 Provides biographical and career data for each listed performer an overview of published books and articles about or written by the performer and a list of archival materials including photographs and stills letters and scrapbooks **Obituaries in the Performing Arts, 2017** Harris M.
