Schiele Poster Book Taschen Publishing, 1994-09 **Neurological Disorders in Famous Artists** Julien Bogousslavsky, M. G. Hennerici, H. Baezner, C. Bassetti, 2010-01-01 The third part of *Neurological Disorders in Famous Artists* presents painters musicians and writers who had to fight against an acute or chronic neurological disease Sometimes this fight was without success e g Shostakovich Schumann Wolf Pascal but often a dynamic and paradoxical creativity of the clinical disorder was integrated into their artistic production e g Klee Ramuz Occasionally some even wrote the first report of a medical condition they observed in themselves like Stendhal who made a detailed report of aphasic transient ischemic attacks before dying of stroke shortly thereafter In rarer instances a neurological disease was inaccurately attributed to an artist in order to explain certain features of his work de Chirico Schiele Some chapters in this publication focus on neurological conditions reported in artistic work including descriptions by Shakespeare and Dumas Bringing new light to both artists and neurological conditions this book serves as a valuable and entertaining read for neurologists psychiatrists physicians and anybody interested in arts literature and music Representation in Religion Jan Assmann, Albert I. Baumgartner, 2018-08-14 The role of representation in religion is complex While often perceived as essential it is also associated in many traditions with the liability of idolatry and provokes iconoclasm The essays in this volume examine the nuances of representation in religion and the debate concerning its place across a variety of traditions from the three Abrahamic faiths to those of antiquity and the East This volume consists of presentations made at an international conference held in honor of Moshe Barasch art historian and cultural critic who has done much to elucidate the light which representation and religion shed on each other It pays tribute to Barasch by expanding the base of understanding and insight he has erected It should be of interest to students of religion and of art history *The Memory Factory* Julie M. Johnson, 2012-05-15 The *Memory Factory* introduces an English speaking public to the significant women artists of Vienna at the turn of the twentieth century each chosen for her aesthetic innovations and participation in public exhibitions These women played important public roles as exhibiting artists both individually and in collectives but this history has been silenced over time Their stories show that the city of Vienna was contradictory and cosmopolitan despite men only policies in its main art institutions it offered a myriad of unexpected ways for women artists to forge successful public careers Women artists came from the provinces Russia and Germany to participate in its vibrant art scene However and especially because so many of the artists were Jewish their contributions were actively obscured beginning in the late 1930s Many had to flee Austria losing their studios and lifework in the process Some were killed in concentration camps Along with the stories of individual women artists the author reconstructs the history of separate women artists associations and their exhibitions Chapters covering the careers of Tina Blau Elena Luksch Makowsky Bronica Koller Helene Funke and Teresa Ries among others point to a more integrated and cosmopolitan art world than previously thought one where women became part of the

avant garde accepted and even highlighted in major exhibitions at the Secession and with the Klimt group **Posters and Publicity** Sydney Robert Jones,1926 *Dancing with the Unconscious* Danielle Knafo,2012-04-23 In writing and lecturing over the past two decades on the relationship between psychoanalysis and art Danielle Knafo has demonstrated the many ways in which these two disciplines inform and illuminate each other This book continues that discussion emphasizing how the creative process in psychoanalysis and art utilizes the unconscious in a quest for transformation and healing Part one of the book presents case studies to show how free association transference dream work regression altered states of consciousness trauma and solitude function as creative tools for analyst patient and artist Knafo uses the metaphor of dance to describe therapeutic action the back and forth movement between therapist and patient past and present containment and release and conscious and unconscious thought The analytic couple is both artist and medium and the dance they do together is a dynamic representation of the boundless creativity of the unconscious mind Part two of the book offers in depth studies of several artists to illustrate how they employ various media for self expression and self creation Knafo shows how artists though mostly creating in solitude are frequently engaged in significant relational processes that attempt rapprochement with internalized objects and repair of psychic injury *Dancing with the Unconscious* expands the theoretical dimension of psychoanalysis while offering the clinician ways to realize greater creativity in work with patients **Posters & Publicity, Fine Printing and Design** Sydney Robert Jones,1926 Expressionism Ashley Bassie,2023-12-28 Max Beckmann Otto Dix George Grosz Emil Nolde E L Kirchner Paul Klee Franz Marc as well as the Austrians Oskar Kokoschka and Egon Schiele were among the generation of highly individual artists who contributed to the vivid and often controversial new movement in early twentieth century Germany and Austria Expressionism This publication introduces these artists and their work The author art historian Ashley Bassie explains how Expressionist art led the way to a new intense evocative treatment of psychological emotional and social themes in the early twentieth century The book examines the developments of Expressionism and its key works highlighting the often intensely subjective imagery and the aspirations and conflicts from which it emerged while focusing precisely on the artists of the movement *Erasures and Eradications in Modern Viennese Art, Architecture and Design* Megan Brandow-Faller,Laura Morowitz,2022-09-23 *Erasures and Eradications in Modern Viennese Art Architecture and Design* challenges the received narrative on the artists exhibitions and interpretations of Viennese Modernism The book centers on three main erasures the erasure of Jewish artists and critics erasures relating to gender and sexual identification and erasures of other marginalized figures and movements Restoring missing elements to the story of the visual arts in early twentieth century Vienna authors investigate issues of gender race ethnic and sexual identity and political affiliation Both well studied artists and organizations such as the Secession and the Austrian Werkbund and iconic figures such as Klimt and Hoffmann are explored as are lesser known figures and movements The book's thought provoking chapters expand the chronological contours and canon of artists surrounding Viennese Modernism to offer original

religious life and their efforts to circumvent the city's rampant anti-Semitism by the family's conversion to Catholicism along with other prominent intellectual Jews among them Gustav Mahler. While conversion did not free Jews from anti-Semitism, it allowed them to secure positions otherwise barred to them. Two decades later, as Kristallnacht raged and Vienna burned, the Gallias were having movers pack up the contents of their extraordinary apartment designed by Josef Hoffmann. The family successfully fled to Australia, bringing with them the best private collection of art and design to escape Nazi Austria. Included were paintings, furniture, three sets of silver cutlery, chandeliers, letters, diaries, books, and bookcases, furs, chinchilla, sable, sealskin, and even two pianos, one upright and one Steinway. Not since the publication of Carl Schorske's acclaimed portrait of Viennese modernism, *Fin de Si cle Vienna*, has a book so brilliantly and completely given us this kind of close-up look at the turn of the last century Viennese culture, art, and daily life when the Hapsburg Empire was fading and modernism and a new order were coming to the fore. *Good Living Street* re-creates its world atmosphere, people, energy, and spirit, and brings it all to vivid life.

Scoundrels, Cads, and Other Great Artists Jeffrey K. Smith, 2020-10-25 Just because the art is beautiful doesn't mean the artist was a saint. *Scoundrels, Cads, and Other Great Artists* examines the lives of nine great artists who were less than exemplary human beings in their lives outside of their art. It explores the question: Why do we like magnificent art from artists who were awful human beings? For example, the great Baroque painter Caravaggio, who developed the chiaroscuro style of painting, was in constant trouble with the law, even having killed a man in a duel. Frederick Remington, the great painter of the American West, was an incredible racist and bigot. His evocative paintings of Native Americans on the trail on horseback give no hint of Remington's enmity toward them and other ethnic groups in America. Jackson Pollock's irascibility and petulance were compounded by a lifelong battle with alcoholism, ultimately leading to a fatal automobile accident. Whistler and Courbet were philanderers and libertines. *Scoundrels* introduces people to great art by showing the more salacious side of the personal lives of great artists over time. This book not only tells the stories of a dozen artists but explores how to look at art and the separation between art and artist. This lively narrative is enhanced by over 100 full-color reproductions of great paintings and details from them.

Rethinking Vienna 1900 Steven Beller, 2001-10-01 *Fin de si cle Vienna* remains a central event in the birth of the century's modern culture. Our understanding of what happened in those key decades in Central Europe at the turn of the century has been shaped in the last years by an historiography presided over by Carl Schorske's *Fin de Si cle Vienna* and the model of the relationship between politics and culture which emerged from his work and that of his followers. Recent scholarship, however, has begun to question the main paradigm of this school, i.e., the failure of liberalism. This volume reflects not only a whole range of the critiques but also offers alternative ways of understanding the subject, most notably through the concept of critical modernism and the integration of previously neglected aspects such as the role of marginality of the market and the larger Central and European context. As a result, this volume offers novel ideas on a subject that is of unending fascination and never fails to captivate the Western imagination.

Gustav Mahler: Volume 3. Vienna:

Triumph and Disillusion (1904-1907) Henry-Louis de La Grange, 1995 There he also met Alma Schindler the most beautiful woman in Vienna and La Grange tells the story of their engagement and marriage in 1902 and the early years of their tempestuous relationship As his fame spread throughout Europe Mahler travelled with his music to Germany Russia Holland Poland and Belgium meeting many other leading musicians of his day including Pfitzner Mengelberg Diepenbrock Oskar Fried and many others

Long Century's Long Shadow Kenneth S. Calhoon, 2021-06-25 The Long Century's Long Shadow approaches German Romanticism and Weimar cinema as continuous developments enlisting both in a narrative of reciprocal illumination The author investigates different moments and media as connected phenomena situated at alternate ends of the long nineteenth century but joined by their mutual rejection of the neo classical aesthetic standard of placid and weightless poise in numerous media including film painting sculpture prose poetry and dance Connecting Weimar filmmaking to Romantic thought and practice Kenneth S Calhoon offers a non technological aesthetic genealogy of cinema He focuses on well known literary and artistic works including films such as Nosferatu Metropolis Frankenstein and Fantasia the writings of Conrad Kafka Goethe and Novalis and the paintings of Caspar David Friedrich one of the leading artists of German Romanticism With an eye to the modernism of which Weimar filmmaking was a part The Long Century's Long Shadow employs the Romantic landscape in poetry and painting as a mirror in which to regard cinema

Constructing the Viennese Modern Body Nathan Timpano, 2017-05-25 This book takes a new interdisciplinary approach to analyzing modern Viennese visual culture one informed by Austro German theater contemporary medical treatises centered on hysteria and an original examination of dramatic gestures in expressionist artworks It centers on the following question How and to what end was the human body discussed portrayed and utilized as an aesthetic metaphor in turn of the century Vienna By scrutinizing theatrically hysterical performances avant garde puppet plays and images created by Oskar Kokoschka Koloman Moser Egon Schiele and others Nathan J Timpano discusses how Viennese artists favored the pathological or puppet like body as their contribution to European modernism
