Rempson,2020-11-19 Rempson takes issue with those who lay the plight of African Americans on racism not seeing it today as a major obstacle to black progress Rather he traces the origin back to what he terms the African American Garden of Eden In it W E B Dubois outlasted Booker T Washington and fathered a tradition which Rempson argues has produced a victim identity and an emphasis on the system rather than the self Only black males offer a way out he declares because it is entirely our black males who are keeping us down and curtailing our progress in contrast to black females who are doing OK They are plagued by what Rempson calls the African American Male School Adaptability Crisis AMSAC Their academic performance ranks at the bottom alone below black female students and below white Asian and Hispanic male students In large urban areas their high school dropout rate is 59 percent and nationally they lag behind in college attendance and graduation rates The outcome Rempson argues is dysfunctionality and the existence of hedonistic norms which hinder family and community stability But while black males are the problem Rempson contends it is nevertheless only they who can solve it because research and experience show that it takes males to bring up and change other males Though intended for everyone he therefore writes his book to his fellow advantaged black males and makes a passionate plea for them to step up and with the help of black females and of the nation take the lead As their guide he has formulated eight propositions Arrived at through an examination of impressively extensive data from numerous sources and disciplines they are a marked departure from the customary Most strikingly delicate matters such as those which pertain to intelligence quotient IQ and culture are openly confronted and dealt with But Rempson writes unless confronted we will not solve our problems Nor he continues can we solve them unless we cut the umbilical cord to white America We have no right to expect it to be our savior nor are we justified in perceiving it as our oppressor Forcefully and finely written Rempson s book is a singular and courageous contribution Alone his eight propositions make it a worthy read **Resources in Education** ,1993 **JQ. Journalism Quarterly** ,1992 Includes section Book reviews and other bibliographical material **Scholastic Editor** ,1923 *The Publishers Weekly* ,1917 **Literacy**

Butorac, 2017-02-06 This volume investigates Proclus own thought and his wide ranging influence within late Neoplatonic Alexandrine and Byzantine philosophy and theology It further explores how Procline metaphysics and doctrines of causality influence and transition into Arabic and Islamic thought up until Richard Hooker in England Spinoza in Holland and Pico in Italy John Dillon provides a helpful overview of Proclus thought Harold Tarrant discusses Proclus influence within Alexandrian philosophy and Tzvi Langermann presents ground breaking work on the Jewish reception of Proclus focusing on the work of Joseph Solomon Delmedigo 1591 1655 while Stephen Gersh presents a comprehensive synopsis of Proclus reception throughout Christendom The volume also presents works from notable scholars like Helen Lang Sarah Wear and Crystal Addey and has a considerable strength in its presentation of Pseudo Dionysius Proclus transmission and development in Arabic philosophy and the problem of the eternity of the world It will be important for anyone interested in the development and transition of ideas from the late ancient world onwards *Race and Education in New Orleans* Walter Stern, 2018-05-04 Surveying the two centuries that preceded Jim Crow s demise *Race and Education in New Orleans* traces the course of the city s education system from the colonial period to the start of school desegregation in 1960 This timely historical analysis reveals that public schools in New Orleans both suffered from and maintained the racial stratification that characterized urban areas for much of the twentieth century Walter C Stern begins

his account with the mid eighteenth century kidnapping and enslavement of Marie Justine Sirnir who eventually secured her freedom and played a major role in the development of free black education in the Crescent City As Sirnir s story and legacy illustrate schools such as the one she envisioned were central to the black antebellum understanding of race citizenship and urban development Black communities fought tirelessly to gain better access to education which gave rise to new strategies by white civilians and officials who worked to maintain and strengthen the racial status quo even as they conceded to demands from the black community for expanded educational opportunities The friction between black and white New Orleanians continued throughout the nineteenth century and well into the twentieth when conflicts over land and resources sharply intensified Stern argues that the post Reconstruction reorganization of the city into distinct black and white enclaves marked a new phase in the evolution of racial disparity segregated schools gave rise to segregated communities which in turn created structural inequality in housing that impeded desegregation s capacity to promote racial justice By taking a long view of the interplay between education race and urban change Stern underscores the fluidity of race as a social construct and the extent to which the Jim Crow system evolved through a dynamic though often improvisational process A vital and accessible history *Race and Education in New Orleans* provides a comprehensive look at the ways the New Orleans school system shaped the city s racial and urban landscapes *Transforming School Leadership with ISLLC and ELCC* J. Allen Queen, Henry Peel, Neil Shipman, 2013-08-06 Authoritative and practical this book is co authored by Neil Shipman former ISLLC Director It provides knowledge and tools to help principals in training and practitioners apply the ISLLC and ELCC standards in their schools Each chapter contains a research based discussion and practical applications of the standard along with suggested activities assignments and case studies **The Importance of Using Primary Sources in Social Studies, K-8** Elaine M.
