## **Sex The Done Thing:**

*Sex Before the Sexual Revolution* Simon Szreter, Kate Fisher, 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control It demonstrates that while the era s emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives

*Paying for Pleasure* Teela Sanders, 2013-05-13 This book offers insights into why engagement in commercial sex is prolific as sexual culture is transformed in late modernity Drawing on original empirical data with men who buy sex the book explores not only why men buy sex but also the sociological and psychological processes that men encounter in order to enter an assumed deviant sexual behaviour as part of their everyday lives

Slow Learners Diane Griffin, 2005-08-02 First Published in 1978 In the case of slow learners the first and most critical thing to do is to recognise that children are individuals and then to break the circle of failure they expect to tread All the ideas and suggestions in this book therefore are governed by this belief Each chapter is self contained in so far as it can be read by itself and as a reference if a teacher or parent is meeting a particular difficulty in that field Some chapters are pertinent to both primary and secondary school teachers some more to one age group than another but all are related The appendices are itemised separately so that their information may be used on its own All the materials ideas and suggestions are from practising teachers and have been or are being at the present time used in schools

Mar Saba Codex Douglas Lockhart, 2011-09-30 While attending a Catholic conference in the US to boost

the faith in difficult times Australian political journalist and ex seminarian Jack Duggan is made aware of a controversial codex written by a 4th century Syrian bishop Only photographs of the codex are available the original having gone missing soon after its discovery at the Palestinian monastery of Mar Saba Within a few pages we are engaged in Duggan's struggle with his religious past a past that furnished him with the expertise to translate the codex but left him antagonistic to all things religious From there we are carried into the thick of a story that reveals step by step what this ancient codex contains and it contains not a few historical surprises At once a kind of thriller a romance and a slice of life The Mar Saba Codex is a big story with many an unexpected twist that traverses the globe from Sydney to San Francisco and from New York to Rome reaching its grand climax in the old walled city of Jerusalem where equally belligerent forces strive for dominance **The Wheel of Fortune** Susan Howatch,2012-10-09 An emotion packed New York Times bestselling saga by the author of Cashelmara set on a Welsh family estate in the early twentieth century San Francisco Chronicle Tucked in the hills of South Wales is Oxmoon the ancestral estate of the Godwin family In the summers before 1914 music streams through the family home as the Godwins at the height of their prosperity dance in the ballroom with their guests But despite the remarkable talents of heir apparent Robert Godwin the fates have a rough tough ride planned for him and those he loves Fortunes shift during two world wars disastrous love affairs leave the family battered and finally jealousy threatens to destroy Oxmoon and all it symbolizes Based on a true story that has been updated to modern times The Wheel of Fortune is a timeless tale of love hatred revenge redemption and forgiveness This ebook features an illustrated biography of Susan Howatch including rare photos and never before seen documents from the author's personal collection **The End of Mr. Y** Scarlett Thomas,2020-06-11 A cursed book sends a young woman on a philosophical journey through an alternate dimension in this stylish and dizzying novel by the author of PopCo The New York Times Graduate student Ariel Manto has a fascination with nineteenth century scientists especially Thomas Lumas the mysterious author of The End of Mr Y a book no one alive has read When she uncovers a copy at a used bookstore Ariel goes down an interdimensional rabbit hole of science and faith consciousness and death space and time and everything in between And to make matters worse the CIA is onto her Following in Mr Y's footsteps Ariel swallows a tincture stares into a black dot and is transported into the Troposphere a wonderland where she can travel through time and space using the thoughts of others There she begins to understand all the mysteries surrounding the book herself and the universe Or is it all just a hallucination **The Sex Thieves** Julien Bonhomme,2016-11-15 While working in Africa anthropologist Julien Bonhomme encountered an astonishing phenomenon people being accused of stealing or shrinking the genitals of strangers on the simple occasion of a handshake on the street As he soon discovered these accusations can have dramatic outcomes the sex thieves are often targeted by large crowds and publicly lynched Moreover such rumors are an extremely widespread practice having affected almost half of the African continent since the 1970s In this book Bonhomme examines the story of the penis snatcher asking larger questions about

how to account for such a phenomenon unique in its spatial and temporal scale without falling prey to the cliché of Africa as an exotic other Bonhomme argues that the public belief in sex thieves cannot be considered a superstition or form of mass hysteria Rather he brings to light multiple factors that explain the rumor's success and shows how the cultural dynamic can operate on a vast scale Analyzing the rumor on both transnational and local levels he demonstrates how it arises from the ambiguities and dangers of anonymity and thus that it reveals an occult flipside to everyday social interaction Altogether this book provides both richly ethnographic and theoretical understandings of urban sociality and the dynamics of human communication in contemporary Africa and beyond
