Sexual Democracy Women Oppression And Revolution:

Sexual Democracy Ann Ferguson, 2019-09-16 In a book that is both a critical analysis of contemporary society and the record of a feminist intellectual odyssey Ann Ferguson one of the most influential socialist feminist theorists develops a new theory of social domination Tracing the development of socialist feminist theory from its roots in the politics of the New Left to its present p Materialist Feminism Rosemary Hennessy, Chrys Ingraham, 1997 During the 1980s capitalism triumphantly secured its global reach anti communist ideologies hammered home socialism s inherent failure the New Left increasingly moved into the professional middle class and many of feminism s earlier priorities were marginalized Identity politics often formulated in terms of social reconstructionism or multiculturalism has increasingly suppressed materialist feminism s systematic perspective replacing it with discourse analysis or cultural politics Materialist Feminism A Reader argues against the retreat to multiculturalism for keeping invisible the material links among the explosion of meaning making practices in highly industrialized social sectors the exploitation of women s labor and the appropriation of women s bodies that continues to undergird the scramble for profits and state power in multinational capitalism Engels Today Christopher J. Arthur, 2016-07-27 Engels Today marks the centenary of Frederick Engels death through a collection of papers engaging with the thought of Marx s only close collaborator who was influential in his own right as well as in his attempted popularisation of Marxism Specialists in different disciplines here address what is still alive in Engels contributions to them they discuss matters that remain influential or controversial in the works of this great socialist and thinker relating to Nature Science Women Revolution Democracy Economics Materialism and Class Breaking the Abortion Deadlock Eileen L. McDonagh, 1996 McDonagh s approach by bridging the divide between pro life and pro choice advocates revolutionizes the abortion debate in a way that opens up a whole new avenue for resolving the abortion conflict and advancing women s rights *Gender And Crime: A Reader* Evans, Karen, Jamieson, Janet, 2008-07-01 Law *The SAGE Handbook of Feminist Theory* Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie Wearing, 2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all

disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences **Women, Knowledge, and Reality** Ann Garry, Marilyn Pearsall, 2015-07-17 This second edition of *Women Knowledge and Reality* continues to exhibit the ways in which feminist philosophers enrich and challenge philosophy Essays by twenty five feminist philosophers seventeen of them new to the second edition address fundamental issues in philosophical and feminist methods metaphysics epistemology and the philosophies of science language religion and mind body This second edition expands the perspectives of women of color of postmodernism and French feminism and focuses on the most recent controversies in feminist theory and philosophy The chapters are organized by traditional fields of philosophy and include introductions which contrast the ideas of feminist thinkers with traditional philosophers The collected essays illustrate both the depth and breadth of feminist critiques and the range of contemporary feminist theoretical perspectives *Adventures in Lesbian Philosophy* Claudia Card, 1994-12-22 *Adventures in Lesbian Philosophy* contains many illuminating discussions of S M sex lesbian ethics lesbian desire bisexuality and includes a useful bibliography of lesbian criticism *Passion* This new collection edited by Claudia Card includes important articles of interest to feminist philosophy relating to lesbian feminist issues and ethics *Ethics* a fun and engaging conceptual romp *Journal of the History of Sexuality* These essays explore diverse positive understandings of lesbian philosophy from contested sexual behaviors such as pornography and sadomasochism to the meaning of lesbianism Editor Claudia Card has also included an up to date bibliography of lesbian philosophy and related works **Fires on the Border** Rosemary Hennessy, 2013-12-01 The history of the maquiladoras has been punctuated by workers organized resistance to abysmal working and living conditions Over years of involvement in such movements Rosemary Hennessy was struck by an elusive but significant feature of these struggles the extent to which organizing is driven by attachments of affection and antagonism belief betrayal and identification What precisely is the affective dimension of organizing for justice Are affects and emotions the same And how can their value be calculated *Fires on the Border* takes up these questions of labor and community organizing its affect culture on Mexico's northern border from the early 1970s to the present day Through these campaigns Hennessy illuminates the attachments and identifications that motivate people to act on behalf of one another and that bind them to a common cause The book's unsettling even jarring narratives bring together empirical and ethnographic accounts of specific campaigns the untold stories of gay and lesbian organizers love and utopian longing in concert with materialist theories of affect and the critical good sense of Mexican organizers Teasing out the integration of affect culture in economic relations and cultural processes Hennessy provides evidence that sexuality and gender as strong affect attractors are incorporated in the harvesting of surplus labor At the same time workers testimonies confirm that the capacities for bonding and affective attachment far from being entirely at the service of capital are at the

Deferrals of Domain NA NA,2016-04-30 Contemporary female novelists tend to portray the relationship between women and the state as profoundly negative in contrast to various constructions in current feminist theory Martine Watson Brownley analyzes novels by Margaret Atwood Paule Marshall Nadine Gordimer and Margaret Drabble to explore the significance of this disparity The book uses literary analysis to highlight elements of state power that many feminist theorists currently occlude ranging from women s still minimal access to state politics to the terrifying violence exercised by modern states At the same time however feminist theory clarifies major elements in many contemporary women s lives about which the novels are ambivalent or misleading such as romantic love and the role of sexuality in state politics *Deferrals of Domain* fills a double gap both authorial and topical in current critical treatments of women writers and will be of interest to both literary and women s studies scholars
