## Sexual Sameness:

Sexual Sameness (Routledge Revivals) Joseph Bristow, 2014-03-18 First published in 1992 Sexual Sameness examines the differing textual strategies male and female writers have developed to celebrate homosexuality Examining such writers as E M Forster James Baldwin Sylvia Townsend Warner and Audre Lourde this wide ranging book demonstrates how literature has been one of the few cultural spaces in which sexual outsiders have been able to explore forbidden desires From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS Sexual Sameness reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing In opening up homosexual literature to informed and objective methods of reading Sexual Sameness will be of interest to a large lesbian and gay readership as well as to students of gender studies literary studies and the social sciences *Umbr(a):*

*Sameness* , Sexual Sameness (Routledge Revivals) Joseph Bristow, 2015-05-18 First published in 1992 Sexual Sameness examines the differing textual strategies male and female writers have developed to celebrate homosexuality Examining such writers as E M Forster James Baldwin Sylvia Townsend Warner and Audre Lourde this wide ranging book demonstrates how literature has been one of the few cultural spaces in which sexual outsiders have been able to explore forbidden desires From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS Sexual Sameness reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing In opening up homosexual literature to informed and objective methods of reading Sexual Sameness will be of interest to a large lesbian and gay readership as well as to students of gender studies literary studies and the social sciences *A Politics*

*of Impossible Difference* Penelope Deutscher, 2018-08-06 The influential philosopher and theorist Luce Irigaray has been faulted for giving more importance to sexual difference than to race and multiculturalism Penelope Deutscher's eagerly awaited book the first to focus on the scholar's controversial later works addresses this charge Through a learned critique of these lesser known writings the book examines Irigaray's claim that the politics of feminism and multiculturalism are intrinsically linked The volume also serves as a clear and comprehensive introduction to her entire corpus In her recent works Irigaray promotes sexual difference as the philosophical basis for legal political and linguistic reform Deutscher explores this approach and in particular Irigaray's view that the very notion of difference is culturally impossible Taking this concept of impossibility into consideration Deutscher evaluates Irigaray's contributions to contemporary debates about the politics of identity recognition diversity and multiculturalism In a balanced discussion she considers the philosopher's work from the perspective of fellow critics including Michel Le Doeuff Drucilla Cornell Jacques Derrida Judith Butler and Charles Taylor **Erotics and Politics** Tim Edwards, 2012-11-12 Erotics and Politics provides an interface between the study of sexuality particularly gay male studies and gender primarily feminism In doing so it covers a wide range of issues of concern to gay and feminist movements over the past twenty five years including gay liberational sexuality sado masochism

pornography promiscuity personal relationships AIDS and postmodernity The central focus of attention throughout is the nature development and consequence of gay male sexuality and masculinity This book is unique in its coverage of a wide range of issues and connecting subjects which are typically examined separately Sexuality Repositioned Belinda Brooks-Gordon, Loraine Gelsthorpe, Martin Johnson M.A., PhD., F.R.C.O.G., Andrew Bainham, 2004-06-10 Despite the advent of new sexual knowledges new perspectives new experiences even we do not routinely or habitually reflect on the interface of social and legal dimensions of sexuality Rather the law is periodically reviewed in response to some crisis or campaign The idea for the book thus came from awareness that it is important to explore some of the social and moral censures contours and controversies that shape and mark the boundaries of sexuality The production of the book has coincided with a major review and new legislation concerning sexual offences fuelling the authors concerns and making their explorations timely Interdisciplinary in scope drawing in biological psychological sociological and historical perspectives to set out the new battlegrounds of sexuality for instance but with particular emphasis on socio legal issues the book examines the following areas the development of sexuality and the right to define one s sexuality genetic maps and sexual politics sexuality and same sex relationships in law the law in relation to intersecting oppressions concerning lesbians gay men and trans people the sexual abuse of children and the limitations of the law the contours of regulation concerning young people sexual health and prostitution sexual freedoms versus protectionist debates sexuality desire and embodied performances in the workplace sexuality film and the law and the law on sexuality in the everyday practice of the Care Standards Tribunal The book also reviews the recent reform of sexual offences and examines the current vogue for psychological treatment interventions for sexual offenders This book offers a highly original and exciting new exploration of contemporary socio legal issues in relation to different sexual positions **Sexuality and Medicine** E.E. Shelp, 2012-12-06 When confronted by the concerns of human sexual function or dys function American medicine finds itself well impaled on the horns of a dilemma Currently it is acceptable medical practice to treat sexual dysfunctions disorders or dissatisfactions that arise from psy chogenic etiologies endocrine imbalances neurologic defects or are side effects of necessary medication regimes In addition implanta tion of penile prostheses in cases of organic impotence is an increas ingly popular surgical procedure These clinical approaches to sexual inadequacies accepted by medicine since 1970 represent one horn of the dilemma The opposite horn pictures the medical profession firmly backed into a corner by cultural influences For example when hospital admissions occur a significant portion of the routine medical history is the section on system review A few questions are asked about the cardio respiratory the genito urinary and the gastro intestinal sys tems But in a preponderance of hospitals no questions are permitted or if raised answers are not recorded about human sexual functioning Physicians tend to forget that they are victims of cultural imposition first and of professional training a distant second *Sexual Sameness* Joseph Bristow, 2014-01-01 First published in 1992 Sexual Sameness examines the differing textual strategies male and female

writers have developed to celebrate homosexuality Examining such writers as E M Forster James Baldwin Sylvia Townsend Warner and Audre Lourde this wide ranging book demonstrates how literature has been one of the few cultural spaces in which sexual outsiders have been able to explore forbidden desires From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS Sexual Sameness reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing In opening up homosexual literature to informed and objective methods of reading Sexual Sameness will be of interest to a large lesbian and gay readership as well as to students of gender studies literary studies and the social sciences

### **Sociology of Sex and Sexuality**

Gail Hawkes,1996-03-16 A Sociology of Sex and Sexuality offers an historical sociological analysis of ideas about expressions of sexual desire combining both primary and secondary historical and theoretical material with original research and popular imagery in the contemporary context While some reference is made to the sexual ideology of Classical Antiquity and of early Christianity the major focus of the book is on the development of ideas about sex and sexuality in the context of modernity It questions the widespread assumption that the anxieties and fears associated with old sexual mores have been overcome in the late twentieth century context and asks whether the discourses of Queer sexual politics have successfully fractured the binary categories of heterosexuality and homosexuality A Sociology of Sex and Sexuality will be of interest to students in the fields of sociology sexual history gender studies and cultural studies

### **The Handbook of Language and Globalization**

Nikolas Coupland,2012-09-17 The Handbook of Language and Globalization brings together important new studies of language and discourse in the global era consolidating a vibrant new field of sociolinguistic research The first volume to assemble leading scholarship in this rapidly developing field Features new contributions from 36 internationally known scholars bringing together key research in the field and establishing a benchmark for future research Comprehensive coverage is divided into four sections global multilingualism world languages and language systems global discourse in key domains and genres language values and markets under globalization and language distance and identities Covers an impressive breadth of topics including tourism language teaching social networking terrorism and religion among many others Winner of the British Association for Applied Linguistics book prize 2011

### **Cotton's Queer Relations**

Michael P. Bibler,2009-02-10 Finally breaking through heterosexual clichés of flirtatious belles and cavaliers sinister black rapists and lusty Jezebels Cotton's Queer Relations exposes the queer dynamics embedded in myths of the southern plantation Focusing on works by Ernest J Gaines William Faulkner Tennessee Williams Lillian Hellman Katherine Anne Porter Margaret Walker William Styron and Arna Bontemps Michael P Bibler shows how each one uses figures of same sex intimacy to suggest a more progressive alternative to the pervasive inequalities tied historically and symbolically to the South's most iconic institution Bibler looks specifically at relationships between white men of the planter class between plantation mistresses and black maids and between black men arguing that while the texts portray the plantation as a rigid hierarchy of differences

these queer relations privilege a notion of sexual sameness that joins the individuals as equals in a system where equality is rare indeed Bibler reveals how these models of queer egalitarianism attempt to reconcile the plantation s regional legacies with national debates about equality and democracy particularly during the eras of the New Deal World War II and the civil rights movement Cotton s *Queer Relations* charts bold new territory in southern studies and queer studies alike bringing together history and cultural theory to offer innovative readings of classic southern texts A book in the American Literatures Initiative ALI a collaborative publishing project supported by The Andrew W Mellon Foundation For more information please visit [www.americanliteratures.org](http://www.americanliteratures.org)

**The Metamorphoses of Kinship** Maurice Godelier, 2012-03-03 With marriage in decline divorce on the rise the demise of the nuclear family and the increase in marriages and adoptions among same sex partners it is clear that the structures of kinship in the modern West are in a state of flux In *The Metamorphoses of Kinship* the world renowned anthropologist Maurice Godelier contextualizes these developments surveying the accumulated experience of humanity with regard to such phenomena as the organization of lines of descent sexuality and sexual prohibitions In parallel Godelier studies the evolution of Western conjugal and familial traditions from their roots in the nineteenth century to the present The conclusion he draws is that it is never the case that a man and a woman are sufficient on their own to raise a child and nowhere are relations of kinship or the family the keystone of society Godelier argues that the changes of the last thirty years do not herald the disappearance or death agony of kinship but rather its remarkable metamorphosis one that ironically is bringing us closer to the traditional societies studied by ethnologists

[The Cinematic Life of the Gene](#) Jackie Stacey, 2010-04-02 A leading feminist film theorist argues that the cinema animates the tropes of and enacts our fears about cloning and other kinds of genetic engineering

[Bodies at Risk](#) Robert Burns Neveland, 1998-01-29 Taking a fundamentally post psychoanalytical approach *Bodies at Risk* links philosophical and aesthetic issues in two distinct periods with postmodernism continuing and amplifying the central concerns of Romanticism including subject formation the disruptive effects of the human body and the unique forms of textuality they enable through risky personal and artistic conflicts Neveland investigates how the body designated as queer or otherwise has placed itself at risk such that it has questioned dominant notions of what it is to be a human subject in Western society roughly since the time of the Romantics Neveland also explores how certain kinds of artistic conflicts have played themselves out in various texts in the Romantic period and postmodernism and what these conflicts have produced both corporeally and textually From Wordsworth s poem *Nutting* to Gregg Araki s film *The Living End* from the Marquis de Sade s prose to the autobiographical fiction of Thomas Bernhard the artifact radically interrogates our notions of textuality setting aside forever its status as a mere imitation or representation and becomes a testimony to the body s ability to resist oppression and create new types of human being

**Witch Hunt** Richmond West, 2009-02-24 Passionate and provocative this novel faces the issue of our society s sexual McCarthyism head on especially as it manifests in abuses of hostile environment sexual harassment law Lupe Diego a lapsed

Catholic philosophy professor with a feminine Spanish name faces accusations after a relationship goes sour Encountering gender prejudice along the way plus faced with losing his career Lupe finds a renewed faith Even as he sees gay friends fall under a wave charges when tyrannical sexual ideology rocks the campus

**Textual Practice** Terence Hawkes,2005-08-10 First published in 1993 Routledge is an imprint of Taylor Francis an informa company

*Law and the Language of Identity* Gregory M. Matoesian,2001 Matoesian uses the notorious 1991 rape trial of William Kennedy Smith to provide an indepth analysis of language use and its role in that trial and the law more generally

**Mapping Desire:Geog Sexuality** David Bell,Gill Valentine,2003-09-02 This is the first book to explore sexualities from a geographical perspective The nature of place and notions of space are of increasing centrality to cultural and social theory Mapping Desire presents the rich and diverse world of contemporary sexuality exploring how the heterosexual body has been appropriated and resisted on the individual community and city scales The geographies presented here range across Europe America Australasia Africa the Pacific and the imaginary cutting across city and country and analysing the positions of gay men lesbians bisexuals and heterosexuals The contributors ring different interests and approaches to bear on theoretical and empirical material from a wide range of sources The book is divided into four sections cartographies identities sexualised spaces global local sexualised spaces local global sites of resistance Each section is separately introduced Beyond the bibliography an annotated guide to further reading is also provided to help the reader map their own way through the literature

**Male and Female in Social Life** Lloyd E. Sandelands, Sex is a theoretical puzzle because it is much older than we are A primary fact of biology sex has defined society from nearly the beginning of life on earth and as a result we cannot see its effects in our lives in evolutionary comparisons with near primate or mammalian relatives Sex is a puzzle too because it is often misconstrued in social science It is not as many social scientists believe a mere feature of a person like hair or skin color Rather it is a part played in the life of the species This propensity to view sex as a personal feature has kept social science from seeing how sex figures in the social life of the species Male and Female in Social Life presents a theoretical framework to describe how sex the division of our species between male and female brings life and order to society It argues that sex is the mainspring of social life and it tells us the most about social dynamics and forms The book centers on five chapters that describe four moments of human social life Following an introduction chapter 2 begins with the first moment of social life unity of the species Chapter 3 examines the second moment of social life division of the species Chapter 4 citing play of the sexes as the third moment shows that sex is the main play of the species and thereby the main basis of social life Chapters 5 and 6 describe the fourth moment order of the species which includes the most basic arrangements of human society including female mate choice male contest female care of the young sorority and fraternity family and bureaucratic organization These later chapters present a three part theory of social order based on the play of the sexes while then offering evidence in support of this theory by showing how disruptions and distortions in the play of the sexes in the recent history of the United States have

brought compensating changes in social life The book concludes with a summary of the book s main points and with directions for further inquiry The volume raises thoughtful long overdue questions about current trends in our culture that minimize or efface sex differences It will be of interest to academics both in the social sciences and in the humanities while at the same time appealing to a more general audience Lloyd E Sandelands is professor at the University of Michigan in the Department of Psychology and in the school of business administration He is author of Feeling and Form in Social Life as well as several articles in the areas of social psychology sociology organization studies and philosophy Queer Renaissance Historiography Vin Nardizzi, Stephen Guy-Bray, 2016-04-15 Dealing with questions of the meaning of eroticism in Renaissance England and its separation from other affective relations Queer Renaissance Historiography examines the distinctive arrangement of sexuality during this period and the role that queer theory has played in our understanding of this arrangement As such this book not only reflects on the practice of writing a queer history of Renaissance England but also suggests new directions for this practice Queer Renaissance Historiography collects original contributions from leading experts participating in a range of critical conversations whilst prompting scholars and students alike to reconsider what we think we know about sex and sexuality in Renaissance England Presenting ethical political and critical analyses of Early Modern texts this book sets the tone for future scholarship on Renaissance sexualities making a timely intervention in theoretical and methodological debates

Fuel your quest for knowledge with is thought-provoking masterpiece, **Sexual Sameness** .
