Only on this basis can the reader without prejudice or cynicism begin to appreciate Shari'ah law and Islamic jurisprudence. With this platform established in the first part of the book, readers are invited to learn about the financial products and services offered, understand the challenges in their development and ultimately recognize the significant opportunities that Islamic banking and finance can provide both Muslims and non-Muslims. This second edition contains updates of statistics and dates with regards to the development of Islamic banking in Malaysia, Singapore, Indonesia and Brunei. In particular, the chapter on Singapore details significant developments such as the direction which major banks are taking towards Islamic banking and the increase in Islamic banking products being offered.
