Shackled Dreams A Palestinians Struggle For Truth Justice And The American Way:

Our Vision For Liberation Ramzy Baroud, Ilan Pappé, 2022-03-01 This is a fascinating great book ROGER WATERS founding member Pink Floyd These moving visions of a decolonized democratic and free Palestine will resonate wherever collective yearnings for freedom have survived Palestinian intellectuals activists and artists are a beacon both for the future of Palestine and the destiny of our globe ANGELA DAVIS Read this book and you will be strengthened and inspired It's a death knell to the Zionist fantasy and imperialist domination RONNIE KASSRILS South African anti apartheid icon Our Vision for Liberation Engaged Palestinian Leaders none bode well for any of the parties involved Here an alternative Palestinian view of liberation and decolonization is provided by engaged Palestinian leaders and intellectuals those who have been actively involved in generating an ongoing Palestinian discourse on liberation taking into account the parameters of their struggle as it now stands Drawing on their own remarkable personal experiences and successes as archaeologists artists authors community leaders educators filmmakers historians human rights activists journalists lawyers spiritual leaders political prisoners and the like they address what now what next is to be done in a manner that reflects not only Palestinian aspirations but their view of what is possible Liberation is a term that was dropped from the official Palestinian lexicon simply because it was incompatible with the US championed political discourse but it has resurfaced here because without its justice dimensions there can be no peace Now that the international community is able to see that Oslo along with the two state solution model has irreversibly failed the paradigmatic void has opened space for the articulation of new possibilities Our Vision for Liberation embraces this opportunity to introduce a new Palestinian discourse one that is able to address current challenges and obstacles to Palestinian rights and freedom and provide diverse paths all leading forward

Broken Promises, Broken Dreams Alice Rothchild, 2010-03-15 The tragedies of the conflict between Israelis and Palestinians are never far from the pages of the mainstream press Yet it is rare to hear about the reality of life on the ground and it is rarer still when these voices belong to women This book records the journey of a Jewish American physician travelling and working within Israel and the Occupied Territories Alice Rothchild grew up in a family grounded by the traumas of the Holocaust and passionately devoted to Israel This book recounts her experiences as she grapples with the

reality of life in Israel and the hardships of Palestinians living in the West Bank and Gaza The new edition includes a new preface two chapters on Israeli dissent and a chapter which explores the impact of a Palestinian home demolition and the work of Israeli soldiers and Palestinian fighters who have joined together to form Combatants for Peace Ultimately the book raises troubling questions regarding US policy and the mainstream Jewish community's insistence on giving unquestioning support to all Israeli policy

The Iron Cage Rashid Khalidi, 2007-09-01 At a time when a lasting peace between the Palestinians and the Israelis seems virtually unattainable understanding the roots of their conflict is an essential step in restoring hope to the region In *The Iron Cage* Rashid Khalidi one of the most respected historians and political observers of the Middle East homes in on Palestinian politics and history By drawing on a wealth of experience and scholarship Khalidi provides a lucid context for the realities on the ground today a context that has been until now notably lacking in our discourse The story of the Palestinian search to establish a state begins in the mandate period immediately following the breakup of the Ottoman Empire the era of British control when fledgling Arab states were established by the colonial powers with assurances of eventual independence Mandatory Palestine was a place of real promise with unusually high literacy rates and a relatively advanced economy But the British had already begun to construct an iron cage to hem in the Palestinians and the Palestinian leadership made a series of errors that would eventually prove crippling to their dream of independence The Palestinians struggle intensified in the stretch before and after World War II when colonial control of the region became increasingly unpopular population shifts began with heavy Jewish immigration from Eastern Europe and power began to devolve to the United States In this crucial period Palestinian leaders continued to run up against the walls of the ever constricting iron cage They proved unable to achieve their long cherished goal of establishing an independent state a critical failure that set a course for the decades that followed right through the eras of the Palestinian Liberation Organization the Palestinian Authority and Hamas Rashid Khalidi's engrossing narrative of this torturous history offers much needed perspective for anyone concerned about peace in the Middle East
