Setting the Stage for Learning William A. Sommers, Lindsey Pollock, Margie Blount, Elita Driskill, 2025-01-07 When working with groups or individual leaders telling stories of what has been possible can deliver amazing results Many of the best staff developers trainers and presenters tell stories While many professionals walk away forgetting the facts data and tables that flashed on the screen they walk away remembering the stories that were told The more options for conversation the quicker we resolve issues Busy leaders and trainers can use the many resources in *Setting the Stage for Learning* Activating the Power of Stories to Facilitate Learning to increase impact and readiness for important topics These resources will save leaders time because the stories videos quotes and questions are readily available

The Light of Conscience William Shore, 2005-08-09 AN INSPIRATIONAL MEDITATION ON THE POWER OF CONSCIENCE HOW A SIMPLE ACT A MOMENT OF PURPOSE CAN CHANGE YOUR LIFE YOUR COMMUNITY EVEN THE WORLD We all struggle at times to know what to do to seek and abide our conscience when right and wrong are not black and white when heart and head speak with different voices when our intentions and interests are not aligned If you believe that the outcome of these struggles affects the course of your life and the lives around you then this book is for you If you believe that there are times and places when the choice an individual makes to speak or be silent to eat or fast to remain seated or to stand up in a crowd to stare and remember or to walk on by and forget can be as powerful as a president's command a congressional appropriation or a military incursion then this book is for you This book is for you if your profession is rewarding financially but not spiritually or if you're ever worried that your career and conscience conflict This book is for you if you are a parent whose love of your

children never wavers with the anxiety they cause you but sometimes leaves you wondering whether they will grow up to do the right thing even if no one is watching This book is for you if you question whether the countless small decisions you make each day add up to a larger judgment about your life s meaning Finally this book is for you if you believe that quiet often solitary acts of conscience have echoes louder than the original sound that individual acts have the potential to trigger large public consequences and continue to inspire others from generation to generation that such acts bring rewards to the individual that unforeseen benefits accrue that one gains more than was sacrificed and that there is a transformative power and richness to a life so lived
