Bomber Crew Mystery David Price, 2016. The All-American Crew Russell Low, 2022-04-05. An inspiring true story of teamwork, camaraderie, and Americans at war. On January 23 1943 a B-24 Liberator bomber and its crew of ten men disappeared without a trace in New Guinea. Their families never knew what happened to them. Now 80 years later their long forgotten letters and dusty photographs finally tell their story. In The All American Crew Stanley Low did not want to be a hero and would not have welcomed the description. A Chinese American kid from Salem Oregon who wasn't yet old enough to vote or drink beer. Stan joined the army because there was a war on and it was his duty. As Stan trains to become a bomber nose gunner and heads into combat he experiences loneliness, racism, his first beer, his first romance, and the horrors of war. Stan also builds tight bonds with his crewmates who come from every American ethnicity and walk of life including Irish American pilot Scott Regan and Jewish American bombardier Jerome Lesser. The ten men of Stan's bomber crew rich and poor from old American families and recent immigrants form an all American crew whose dedication to the country and their team elevates them above their individual differences. As the war heats up Stan, his crewmates, and many other hastily trained bomber crews fly off dirt runways in the South Pacific tropics thousands of miles from the nearest allied base fighting the relentless forces of the Japanese Empire. The loss of life mounts at an alarming rate as many crews fail to return from missions. Those who survive quickly learn to fight. Now battle-hardened veterans Stan and his crew fly toward their final rendezvous with destiny willing to sacrifice everything for their country and each other. Celebrating American diversity and ideals of honor, bravery, and freedom. The All American Crew is a magnificent true story of men at war. *Midnight Flyboys* Bruce Henderson, 2025-11-11. The untold history of a top secret operation in the run-up to D-Day in which American flyers and Allied spies carried out some of the most daring cloak-and-dagger operations of World War II. In 1943 the OSS precursor to the CIA came up with a plan to increase its support to the French resistance forces that were fighting the Nazis. To start the OSS recruited some of the best American bomber pilots and crews to a secret airfield twenty miles west of London and briefed them on the intended mission. Given a choice to stay or leave every airman volunteered for what became known as Operation Carpetbagger. Their dangerous plan called for a new kind of flying taking their B-24 Liberator bombers in the middle of the night across the English Channel and down to extremely low altitudes in Nazi-occupied France to find drop zones in dark fields. On the ground resistance members waited to receive steel containers filled with everything from rifles and hand grenades to medicine and bicycle tires. Some nights the flyers also dropped Allied secret agents by parachute to

assist the French partisans Though their story remained classified for more than fifty years the Carpetbaggers ultimately received a Presidential Unit Citation from the US military which declared it is safe to say that no group of this size has made a greater contribution to the war effort Along with other members of the wartime OSS they were also awarded the Congressional Gold Medal Based on exclusive research and interviews the definitive story of these heroic flyers and of the brave secret agents and resistance leaders they aided can now be told Written in Bruce Henderson s spellbinding USA TODAY prose *Midnight Flyboys* is an astonishing tale of patriotism courage and sacrifice **The All-American Crew** Russell Low,2022-02-08 An inspiring true story of teamwork camaraderie and Americans at war On January 23 1943 a B 24 Liberator bomber and its crew of ten men disappeared without a trace in New Guinea Their families never knew what happened to them Now 80 years later their long forgotten letters and dusty photographs finally tell their story in *The All American Crew* Stanley Low did not want to be a hero and would not have welcomed the description A Chinese American kid from Salem Oregon who wasn t yet old enough to vote or drink beer Stan joined the army because there was a war on and it was his duty As Stan trains to become a bomber nose gunner and heads into combat he experiences loneliness racism his first beer his first romance and the horrors of war Stan also forms a tight bond with his crewmates who come from every American ethnicity and walk of life including Irish American pilot Scott Regan and Jewish American bombardier Jerome Lesser These ten men rich and poor from old American families and recent immigrants form an all American crew whose dedication to the country and their team elevates them above their individual differences As the war heats up Stan his crewmates and many other hastily trained bomber crews fly off dirt runways in the South Pacific tropics thousands of miles from the nearest allied base fighting the relentless forces of Japanese Empire The loss of life and Liberator crews mount at an alarming rate as many crews fail to return from missions Those who survive quickly learn to fight As Stan and his crew fly toward their final rendezvous with destiny they are willing to sacrifice everything for their country and each other Celebrating American diversity and ideals of honor bravery and freedom *The All American Crew* is a magnificent true story of men at war *Untold Valor* Rob Morris,2006 First hand accounts of Europe s air war from those who beat the odds
