Marks of Distinctions Irven M. Resnick, 2012-06 For medieval Latin Christendom texts such as the Bible and the writings of the Fathers of the Church gave form to Christian perceptions of Jews and Judaism Eye witness testimony hearsay reports of converts from Judaism and the testimony of dreams visions and miraculous events helped fill in the details The author explores the additional support drawn from medieval science by studying long held medieval scientific theories that predisposed Jews to certain types of offensive behavior or even to communicate certain illnesses and disease By arguing for a Jewish nature dictated by specific physical characteristics medieval scientific authorities contributed to growing fears of a Jewish threat Externally these differences were evidenced by marks that physically distinguished Jews for example circumcision Internally their melancholy humoral complexion further weakened by the Jews dietary restrictions was thought to dictate their temperament and sexual mores and to incline them toward leprosy bleeding hemorrhoids and other infirmities These differences were viewed by some as ineradicable even following religious conversion or at best erasable with only the greatest difficulty over several generations

Kill Religion! The Deserved Death of Faith Ranty McRanterson, 2018-02-07 Have you ever wondered why people have faith Why don t they choose not to have faith How does it help you to believe things for which no reasons or evidence can be provided Is faith pure wish fulfillment Is it social conditioning brainwashing mind control Imagine a world where no one had ever heard of Moses the Buddha Jesus and Mohammed but everyone had heard of Pythagoras Socrates Plato and Aristotle Would our world be better or worse Imagine that not a single person believed in anything Imagine that no one placed any faith in anything

Imagine that everyone was rational logical and committed to evidence and proof Imagine that everything was rejected that didn't involve reason logic evidence and proof How would that lead to a worse world Wouldn't humans be much smarter Wouldn't they evolve much faster
