The 74-year-old comedian proudly presents the finest of the thousands of clean jokes he has heard over the years, most of which have been embellished by his skill at eliciting the maximum humor from each yarn. A good many of the jokes have been adapted, rephrased, and given twists so that they reflect my own personal style. This is particularly the case with the Italian jokes, most of which were not really Italian jokes when first related to me. I turned them into Italian jokes because I thought they sounded funnier told with a foreign accent. Did you hear the one about... About the Author: Silvio Famularo lives in Wellington, New Zealand. Humorous Garden-Paths Marta Dynel, 2009-05-27 Surprising as it may seem, sometimes humans like being led up the garden path, which is thanks to the pleasurable feeling of surprise entwined with a humorous effect: deception tends to afford. The central issue under investigation is the nature of short humorous texts in the form of one-liners and witticisms based on the garden path mechanism. The monograph provides a survey of relevant linguistic research, recapitulating and assessing other authors' theses in the context of their applicability in the analysis of garden path humour. Discussions are conducted in the light of not only humour studies but also cognitive and pragmatic literature on human communication in general, with a view to presenting a meticulous description of short garden path texts. The book should be of interest to anybody who finds humour research appealing, whether or not already familiar with this field. No background knowledge is necessary on the reader's part, given that all relevant postulates and theories are revisited. Also, the author steers a clear course through many terminological and conceptual obstacles that can be encountered in the study of humour, e.g. verbal/non-verbal humour, ambiguity, types, punning, etc.
