Shah Of Shahs:

Shah of Shahs Ryszard Kapuscinski, 1985-03-18 This journalist's portrait of life in Iran just after the Revolution is a book of great economy and power with a supreme sense of the absurd New Republic Iran 1980 the revolutionaries have taken charge In a deserted Teheran hotel Ryszard Kapuscinski tries to make journalistic and human sense out of the mass of notes, tapes and photographs he had accumulated during his extended stay in Iran Just what happened and how What did Khomeini have to offer that the Shah who promised to create a second America within a generation did not Where did the revolution come from and where is it going After all this blood has been spilled what has it given its people or the world We have given the world poetry the miniature and carpets says a rug merchant in Teheran We have given the world this miraculous Unique uselessness Kapuscinski tells a rich story that combines factual reporting with his own impressions and reflections Always engrossing and frequently revelatory it is a unique portrait of the psychological state of a country in revolution **Shah of**

Shah-in-Shah Ryszard Kapuściński, 2004 Ryszard Kapuściński Beata Nowacka, Zygmunt Ziątek, 2023-01-13 An award winning writer and a candidate for the Nobel Prize for Literature Ryszard Kapuscinski 1932-2007 was a celebrated Polish journalist and author Praised for the lengths to which he would go to get a story Kapuscinski gained an extraordinary knowledge of the major global events of the second half of the twentieth century and shared it with his diverse audience The first posthumous monograph on the writer's life and work Ryszard Kapuscinski confronts the mixed reception of Kapuscinski's tendency to merge the conventions of reportage with the artistry of literature Beata Nowacka and Zygmunt Ziątek discuss the writer's accounts of the decolonization of Africa and his work in Asia and South America between 1956 and 1981 a period during which Kapuscinski reported on twenty seven revolutions and coups They argue that the journalistic tradition is not in conflict with Kapuscinski's meditations on the deep meanings of these events and that his first person involvement in his text was not an indulgence detracting from his journalistic adventures but a well thought out conception of eyewitness testimony developing the moral and philosophical message of the stories Exploring the whole of Kapuscinski's achievements Nowacka and Ziątek identify a constant tension between a strictly journalistic position and what in Poland is called literary reportage located on the border between journalism and artistic prose Kapuscinski's desire and dedication to make more of journalistic writing is the driving force behind the excellence and readability that have made his legendary books so controversial and so

widely celebrated *Ryszard Kapuscinski* Artur Domoslawski, 2012-07-10 Reporting from such varied locations as postcolonial Africa revolutionary Iran the military dictatorships of Latin America and Soviet Russia the Polish journalist and writer Ryszard Kapu ci ski was one of the most influential eyewitness journalists of the twentieth century During the Cold War he was a dauntless investigator as well as a towering literary talent and books such as *The Emperor* and *Travels with Herodotus* founded the new genre of literary reportage It was an achievement that brought him global renown not to mention the uninvited attentions of the CIA In this definitive biography Artur Domos awski shines a new light on the personal relationships of this intensely charismatic deeply private man examining the intractable issue at the heart of Kapu ci ski s life and work the relationship and tension between journalism and literature In researching this book Domos awski himself an award winning foreign correspondent enjoyed unprecedented access to Kapu ci ski s private papers The result traces his mentor s footsteps through Africa and Latin America delves into files and archives that Kapu ci ski himself examined and records conversations with the people that he talked to in the course of his own investigations Ryszard Kapu ci ski is a meticulous riveting portrait of a complex man of intense curiosity living at the heart of dangerous times **Representing and (De)Constructing Borderlands** Weronika Łaskiewicz, Grzegorz Moroz, Jacek Partyka, 2016-02-08 This volume stems from the assumption that broadly understood borderlands as well as peripheries provinces or uttermost ends of different kinds are abodes of significant culture generating forces From the academic point of view their undeniable appeal lies in the fact that they constitute spaces of mutual interactions and enable new cultural phenomena to surface grow or decline and as such are worth thorough and constant scrutiny However they also provide the setting for radical clashes between ideologies languages religions customs and as the media report every single day armies or guerrilla units Living within such areas of creative dynamics and destructive friction or visiting them even vicariously as the contributors to the volume do is tantamount to exposing oneself to a difference One s response to this difference either in the form of rejection or more preferably acceptance or a mixture of both is not merely an index of one s tolerance a platitudinised term itself that all too often hides an attitude of comfortable indifference but an affirmation of humaneness Borderlands are paradoxical if not aporetic loci They simultaneously connote territories on either side of a border in a literal sense and a vague intermediate state or region in a metaphorical sense Encapsulating the idea of border the term indicates both inescapable nearness and unavoidable or perhaps unbridgeable separateness The studies included in the volume focus on various aspects of borderland art and literature on analyses of selected works and on the peculiarities of cultural and literary representations Thus the borderland landscape both literal and metaphorical comes to be seen as a factor contributing to the emergence of new distinct and identifiable themes and motifs as well as theoretical frameworks *The Posen Library of Jewish Culture and Civilization, Volume 5* Posen Library of Jewish culture and civilization (Lucerne, Switzerland), 2023-03-21 The fifth volume of the Posen Library demonstrates through a rich array of texts and images the extraordinary diversity of Jewish life during the
