Canadian social fabric This study is especially pertinent today given the pervasive market culture that is eroding the civic culture underlying the social covenants in contemporary Western societies It goes beyond conventional assessments that focus on economic and material dimensions of our society Shakedown Angus Reid,1997 A NATION ON THE BRINK As the end of the millennium draws near Canada finds itself trapped in a frightening new era of shrinking incomes corporate downsizing and declining government services The economy booms but jobless rates remain high The top 20 percent are getting richer while the bottom 80 percent are getting poorer Technology and globalization seem to be killing more jobs than they are creating Now Angus Reid a passionate observer of the Canadian scene head of Canada's leading polling firm draws on twenty years of market and social opinion research to paint a provocative portrait of where Canada has been where it is now and where it is going With its invaluable insights into what Canadians must do to survive and thrive in the global economy of the 21st century *Shakedown* is essential reading for all Canadians anxious about the present and concerned for the future **Who Killed the Queen?** Holly Jewell Dressel,2008 *Who Killed the Queen* is the first sustained investigation ever attempted into the mass closures of hospitals and hospital beds in Canada during the mid 1990s showing the effects that the loss of 20 per cent of beds has had on health care across the country It provides very strong evidence as to who and what was responsible for bed losses that are unparalleled in the history of any other industrialized country It also provides well supported templates for saving and strengthening the entire Canadian health care system despite this attack *Who Killed the Queen* makes its arguments by means of a particularly dramatic and telling case study It investigates the life and death of the exemplary 100 year old Canadian community hospital the Queen Elizabeth of Montreal site of many national and international medical firsts which nonetheless became a typical victim of the mass closures in the mid 1990s *Changing Politics of Canadian Social Policy* Michael J. Prince,James J. Rice,2000-03-18 No one is content with the state of health and social programs in Canada today The Right thinks that there is too much government involvement and the Left thinks there is not enough In *Changing Politics of Canadian Social Policy* James Rice and Michael Prince track the history of the welfare state from its establishment in the 1940s through its development in the mid 1970s to the period of deficit crisis and restraint that followed in the late 1970s and 1980s Taking a historical perspective the authors grapple with the politics of social policy in the 1990s Globalization and the concomitant corporate mobility affect government's ability to regulate the distribution of wealth while the increasing diversity of the population puts increasingly complex demands on an already overstressed system Yet in the face of these constraints the system still endures and is far from irrelevant Some social programs have been dismantled but the government has organized and maintained others Greater democratization of welfare programs and social policy agencies could make the system thrive again *Changing Politics* provides the much needed groundwork for students and policy makers while also proposing real solutions for the future The Mountie Michael Dawson,1998-04-01 Historian Michael Dawson digs deep into the written and pictorial record to reveal how the RCMP since its inception has constructed

and zealously guarded its public image Drawing on previously untapped sources Dawson documents how consultants and entrepreneurs deliberately transformed and modernized the traditional symbolism of the Mountie His trenchant analysis extends to the ironies of the recent licensing of the hallowed Mountie image to the ultimate dream merchants Disney

North of Empire Jody Berland, 2009-10-07 Theorizes the relationship between nation media and globalization by way of Canadian cultural studies *Mennonites in the Global Village* Leo Driedger, 2000-01-01 An exploration of the impact of

professionalism and individualism on Mennonite culture families and religion Driedger contends that Mennonites are in a unique position in the global electronic age having entered modern society relatively recently **Changing Politics of Canadian Social Policy, Second Edition** James J. Rice, Michael J. Prince, 2013-03-05 A consistent bestseller since its publication in 2000 *Changing Politics of Canadian Social Policy* is a one of a kind resource in the fields of political science and social work Examining current conditions affecting the development of social policies in Canada this book offers in depth critical analysis of how these policies first arose and the implications they pose for future policy development This new edition of *Changing Politics of Canadian Social Policy* features updated chapters while retaining the first edition's analytical focus on economic globalization societal pluralization and social protection The authors offer fresh considerations of gender relations and families community agencies and the voluntary sector as well as the social policy activities of all levels of government in the Canadian federation *Changing Politics of Canadian Social Policy* will continue to provide the much needed groundwork for students and policymakers as well as propose real solutions for the future **How Canadians**

Communicate David Taras, Frits Pannekoek, Maria Bakardjieva, 2003 **Kickstart** Alexander Herman, 2008-02-25 In 2005 recent graduates Alex Herman Paul Matthews and Andrew Feindel realized they weren't entirely sure where they were going in life Then they had an idea Over the next two years they interviewed 70 well known Canadians and asked them how they got started The answers they found were not always what they expected Kickstart profiles over 30 prominent Canadians including professional athletes former CFL star Norman Kwong TV personalities Valerie Pringle Native leaders Matthew Coon Come and former prime ministers Brian Mulroney Their collective wisdom offered in their own words just might help readers kickstart their own lives and careers *Ages Ahead* Sik Hung Ng, 1998 A collection of conference papers and

commentaries on the ageing of the population in New Zealand The tension between age as a burden and age as a resource is examined as well as the decreasing interaction between the generations Maori Chinese and Pacific Rim perspectives are included **The Capacity to Govern** Yehezkel Dror, 2012-12-06 The inadequacies of contemporary forms of governance are increasingly recognized the brain drain from politics distrust of governments the danger of mass media and money dominated elections and the failure of governments to find good policy options on major issues Industry civil society and non governmental organizations however important cannot compensate for government's incapacity to shape the future which only it is democratically entitled to do Radical improvements in governance are urgently needed but salient proposals are

scarce This book diagnoses contemporary governments as obsolete and proposes changes in values structures staffing public understanding and political culture to equip governance for the radically novel challenges of the 21st century This is the first Report dealing with governance commissioned and approved by the Club of Rome testifying to the significance of this book
