The Meaning of Wilderness Sigurd F. Olson, 2001-06-08 Sigurd F. Olson 1899-1982 was one of the greatest environmentalists of the twentieth century A conservation activist and popular writer Olson introduced a generation of readers to the importance of wilderness He served as president of the Wilderness Society and the National Parks Association and as a consultant to the federal government on wilderness preservation and ecological problems He earned many honors including the highest possible from the Sierra Club National Wildlife Federation and Izaak Walton League Olson is perhaps best known though for his many books that express the wonder awe and peace he found in the wilderness including the nature classics *The Singing Wilderness* *Listening Point* and *Reflections from the North Country* While these books have greatly influenced subsequent environmentalist movements and writers such as Annie Dillard and Barry Lopez a major portion of Olson's wilderness writing much of it originating as speeches has been relatively inaccessible scattered in a number of magazines and obscure books over a period of more than fifty years or never published at all The

Meaning of Wilderness gathers together the most important of Sigurd Olson's articles and speeches making them available for the first time. The book also contains an introduction and chapter by chapter commentary by Olson's authorized biographer David Backes that help the reader discover the various facets of Olson's wilderness philosophy and their development over time. A lively look at the evolution of one of environmentalism's greatest figures. The Meaning of Wilderness will be essential reading for Olson fans, historians, and outdoors people around the country. **Touching Raw Nerves** Paul R. Dunn, 2004. In Touching Raw Nerves Paul R. Dunn offers readers a collection of 75 of his newspaper columns that were published in The Pilot newspaper of Southern Pines, North Carolina, during the stormy presidencies of Bill Clinton and George W. Bush. Each is introduced by a timely commentary that places the column in a contemporary context. Those who appreciate his debunking of the extreme propaganda of America's far right applaud Dunn's writings. For weeks after many of his columns appear, irate conservatives may be counted upon to fill the paper with often vitriolic Letters to the Editor in outrageous protest. Dunn, an avowed progressive liberal, cautions: If you relish the reactionary carping of the likes of Bill Buckley, Ann Coulter, Sean Hannity, G. Gordon Liddy, Russ Limbaugh, Bill O'Reilly, and Pat Robertson, do not, I repeat, do not buy this book. It's sure to ruin your day. Folksinger's Wordbook Irwin Silber, Fred Silber, 1973. Probably the most comprehensive collection of songs: 1000 folk songs, work songs, old favorites, and new classics. Thirty-nine sections, each containing as many songs as can be found in some songbooks. For schools, camps, and churches. Melody line format.
