Good Long Life is full of simple ideas that can be incorporated into daily routines to help you feel better and keep on doing what you love President Bill Clinton For thirty years Martha Stewart has carefully coached us on how to take care of our homes our menus our crafts And now in Living the Good Long Life she has brought her brilliant skills to the mission of helping us take care of ourselves With sparkling prose no nonsense instruction and as always oceans of wisdom Martha implores readers not to recoil from their advancing years but to embrace and celebrate them with invaluable tips on keeping our diets healthy our bodies pumping and our outlook forever sunny I just loved this book Marlo Thomas

Younger for Longer Dr Duncan Carmichael, 2018-12-06 Revelatory and accessible Sunday Post Dr Carmichael has studied nutrition hormone balancing and aesthetic medicine and his passion on which he lectures globally is healthy ageing His approach in his fascinating new book Younger for Longer is scientific and holistic The Times Be good to yourself Younger for Longer features wisdom on nutrition sleep mood regulation and most importantly hormonal health for men and women Scotsman I have not stopped learning on my Low Carb Healthy Fat journey Younger for Longer continues that process for me with an incredibly well referenced text It s refreshing to see the balance of nutrition and lifestyle discussed in such an informed and robust manner Gary Fettke orthopaedic surgeon health activist and author Younger for Longer tells you exactly what you need in order to live an extended healthy life It s very 80 20 and one of the best books I ve read in ages Richard Koch author of million seller The 80 20 Principle Fascinating Packed with the most incredible information about health Radio Today South Africa Offers valuable honest and solid medical insights into how you can age better It is without doubt one of the best books I have read in my many years as a health activist Longevity magazine Targeted at the general reader the goal of this book is to show readers how to live a healthy life free from the debilitating effects of ageing helping them to stay mentally alert and physically active and making sure they get the most out of all of their years It reveals practical steps to slow the ageing process and stay healthy in short how to stay younger for longer With research showing that obesity nutrition and lifestyle illnesses can hamper our body s response to Covid 19 such advice has become even more crucial in reducing Covid 19 risk factors The key is to aim for optimal health However focussing on one factor alone will not get us there Our sleep our mood what we eat our detoxification system and our hormones are just some of the factors that interact in amazing ways to make us who we are they are also at the very heart of the ageing process This book shows how these different strands combine in ways that can be positive or negative and explains why this interaction depends far more on the lifestyle we choose than on the genes we inherit In that way it gives the reader a unique and comprehensive understanding of their body and tells them how with this knowledge they can optimise their health The topics range from nutrition toxins men s health and women s health to understanding why our skin brain and liver age and how to undo the damage and stave off ageing But the book s main focus underlying all of this is hormones the chemicals that tell different parts of our body what to do Our hormone levels vary throughout our life but if they are supported correctly they can keep us youthful and vital into our final years

Finding health then is not about seven ways to detox or the five best vitamins The body is far more complex than that and in an approach aimed specifically at the layperson Younger for Longer traces the exciting path of how the body works to help the reader create the best person they can be for the rest of their life *Long-Life Surfaces for Busy Roads* International

Arneson, 2022-06-02 Prioritarianism holds that improvements in someone's life gains in well being are morally more valuable the worse off the person would otherwise be The doctrine is impartial holding that a gain in one person's life counts exactly the same as an identical gain in the life of anyone equally well off If we have some duty of beneficence to make the world better prioritarianism specifies the content of the duty Unlike the utilitarian the prioritarian holds that we should

not only seek to increase human well being but also distribute it fairly across persons by tilting in favor of the worse off A variant version adds that we should also give priority to the morally deserving to saints over scoundrels The view is a standard for right choice of individual actions and public policies offering a distinctive alternative to utilitarianism maximize total well being sufficiency make everyone s condition good enough and egalitarianism make everyone s condition the same
