Skocik, 2013-06 On a mission to circumnavigate the universe the crew of the Eldorado discovers an entire hidden universe separated from our universe by the speed of light composed of temporal dimensions Yet the astronauts their overtaxed minds pushed beyond rational thought are increasingly unable to study the very phenomena they were sent to discover Then the fighting breaks out Colleagues gun one another down friends turn against friends and in the irrational combat the ship itself is damaged The mission itself is part of the structure of the cosmos the end of time is both the cause and the effect of the relativistic journey Human nature becomes part of the physics of spacetime and whoever controls the Eldorado controls the fate of the universe **Dreamer Who Dreams You** Daniel

Dreams of the Soul Miran Horvat, 2013-07-25 What could be better than opening a beautiful book on a long cold winter evening and allowing oneself to be comfortably transported on the wings of imagination across different areas of the world and to experience its beauties and its dark sides or for instance take a walk through a winter forest heavily laden with soft snow which is joyously sparkling under the sunrays that are playfully penetrating the spruce tree branches and follow a walker explorer and his friend Brick the dog The two of them are exploring the near and far surroundings of their home situated in the high mountain world The explorer's grandpa lives in that home in his younger years he was a diplomat who was sent on important missions throughout the world in order to help solve difficult global problems Even now

in his old age he is trying to help the suffering humanity He is therefore endowed with rich life experience and broad knowledge which greatly attracts the young explorer Thus an interesting conversation develops between them which takes place during the carefree time of winter holidays *Radical Dreaming* John D.
