Re-Creating the Cretaceous Kurt M. V. Rich, 2013-09 HERE IS THE STORY HOLLYWOOD DOES NOT WANT YOU TO READ Throughout the 1970's and 80's the United States and other nations conducted numerous scientific experiments intent upon recovering and then replicating the DNA genomes of animals whose lives had been extinct for a period of over tens of thousands up to several millions of years With no guidelines to follow and even worse no external monitoring many formerly extinct life forms were eventually cloned and successfully re-created but with deadly and destructive results Most of the

nations involved in such devastating experiments including the United States promptly responded by enacting highly controversial laws prohibiting both the research into replicating the DNA and the revival of such extinct creatures While some nations reacted by passing bans on such research for twenty five to fifty years the United States enacted a ban of only twenty years due to expire on January 1st 2015 Other nations including many third world countries openly resisted the pressure put upon them by the larger nations and opted out of enacting any type of restrictions Sensing a shift in popular opinion during the two years preceding the expiration of the ban the United States Congress began to conduct numerous hearings on the matter including collecting the testimony of nearly one hundred fifty of the nation s most prominent geneticists and scholars Among the group invited to testify before Congress was Nicholas P Heinz III a thirty two year old paleogeneticist and chairman of the highly esteemed research firm BioGen BioGenetics International Technologies LLC in Cupertino California One of the last witnesses called to testify Heinz had hoped his impassioned testimony and detailed documentation of the myriad benefits derived from DNA genome research would help to continue the momentum gained from earlier witnesses and would sway the Congress into letting the ban expire without being renewed From Kurt M V Rich the author of the critically acclaimed historical novel Chasing the Golden Hoard The Story of the Lydian Hoard Re Creating the Cretaceous invites you to investigate the story of scientific wonders intermingled with greed arrogance subterfuge and a quest for power far beyond the imagination of Hollywood *Forthcoming Books* Rose Arny,1997 *Primordial Resurgence* Dr. Philip Fico,2025-05-14 Archosauria is open Millions of dollars have been spent on security to ensure these animals remain in captivity All of the latest surveillance equipment is in place Months of training and preparation have gone into making the park functional Join Dr Scott Harmon and his team as they work tirelessly to make this a reality New species mean new problems The world s first prehistoric zoo is now ready to receive its first guests How will the general public react to seeing the living breathing dinosaurs About the Author Dr Philip Fico is a veterinarian working in New York City focused in critical care and emergency work His love of dinosaurs started in early childhood and continued into his adult life This led him to decide to compose this series [The Big Book of Dinosaurs](#) DK,2015-10-06 Get ready to roar with this updated edition of DK s beloved Big Book of Dinosaurs Dinosaurs fascinate young children and this colorful catalog of those mysterious creatures from the past will keep even toddlers entertained for hours Children will love spotting and learning to name all the different dinosaurs from the fierce meat eating Tyrannosaurus and the long necked plant eating Diplodocus to the armor plated Stegosaurus and the tiny hen sized Compsognathus **How to Scare a Stegosaurus** Will Dare,2018-11-06 Welcome to The Lost Plains A wild west frontier where dinosaurs never went extinct Josh Sanders is dismayed to discover the crooked businessman Malachi Wilks is building a railroad straight through Trihorn settlement With the sheriff out of town it seems like nothing can stand in the way of Wilks railroad and his pack of stegosaurus workers With his friends Abigail and Sam Josh mounts the town s resistance to the new railroad organizing the most epic dino filled showdown at high noon that the Lost
