Looking West Photographing The Canadian Prairies 18581957:

Picturing the Land Marylin J. McKay, 2011-04-12 Emphasizing the ways in which social economic and political conditions determine representation Marylin McKay moves beyond canonical images and traditional nationalistic interpretations by analyzing Canadian landscape art in relation to different concepts of territory Taking an expansive and inclusive perspective on Canadian landscape art McKay depicts this tradition in all its diversity and draws it into the larger body of Western landscape art broadening the horizon of future study appreciation and criticism Richly illustrated and filled with sophisticated and innovative commentary Picturing the Land provides new and distinct histories of the landscape art of French and English Canada

Looking West Brock Silversides, 1999 The first photographers to capture the Canadian prairies on film defined the region for the rest of the world Their images of rolling plains early settlements and architecture railways and surveyors colored by their own expectations and the instructions of their employers had an enormous impact on the settlement and the development of the West In Looking West author and archivist Brock Silversides provides a lasting and valuable record of the changes that transfigured the Canadian prairies during a century of development Archival photographs and an accompanying essay offer a fascinating and powerful look at a land that has been depicted as everything from a desert to a fertile region of incomparable diversity and beauty The men and women who chronicled the region's development through their lenses faced countless obstacles from prairie climate and conditions but found in the land and its people a constantly renewing source of inspiration
