

Lopez Velarde

Andrew Peter Debicki

Lopez Velarde:

Song of the Heart Ramón López Velarde, 2013-05-01 Ramón López Velarde 1888-1921 was one of the most Mexican of Mexican poets whose sense of history found expression in many poems including his best known *La suave Patria* Sweet Land This bilingual collection drawn primarily from *Poesías completas y el minuterio* offers English language readers our first book length introduction to his poetry Often called a poet of the provinces López Velarde gives us a glimpse into a slower and more gentle way of life His poems present the contrast between city and hometown and between urban and pastoral landscapes Through these contrasts runs the thread of religious faith while urgency of language informs the entire body of his poetic production Original specially commissioned drawings by noted contemporary Mexican artist Juan Soriano complement the poems This combination of poetry and art speaks to universal emotions indeed the poetry of López Velarde belongs to everyone who sings the *Song of the Heart* RAMON LOPEZ VELARDE Allen W. PHILLIPS, Ramón LÓPEZ VELARDE, 1962

Ramon Lopez Velarde (1888-1921). William J. Mulroy, 1950 *La Suave Patria in the Works of Ramon Lopez Velarde* ... Judy Held Monsour, 1964 Song of the Heart Ramón López Velarde, 1995 Ramón López Velarde 1888-1921 was one of the most Mexican of Mexican poets whose sense of history found expression in many poems including his best known *La suave Patria* Sweet Land This bilingual collection drawn primarily from *Poesías completas y el minuterio* offers English language readers our first book length introduction to his poetry Often called a poet of the provinces López Velarde gives us a glimpse into a slower and more gentle way of life His poems present the contrast between city and hometown and between urban and pastoral landscapes Through these contrasts runs the thread of religious faith while urgency of language informs the entire body of his poetic production Original specially commissioned drawings by noted contemporary Mexican artist Juan Soriano complement the poems This combination of poetry and art speaks to universal emotions indeed the poetry of López Velarde belongs to everyone who sings the *Song of the Heart* *Dictionary of Mexican Literature* Eladio Cortés, 1992-11-24 This volume features approximately 600 entries that represent the major writers literary schools and cultural movements in the history of Mexican literature A collaborative effort by American Mexican and Hispanic scholars the text contains bibliographical biographical and critical material placing each work cited within its cultural and historical framework Intended to enrich the English speaking public's appreciation of the rich diversity of Mexican literature works are selected on the basis of their contribution toward an understanding of this unique artistry The dictionary contains entries keyed by author and works the length of each entry determined by the relative significance of the writer or movement being discussed Each biographical entry identifies the author's literary contribution by including facts about his or her life and works a chronological list of works a supplementary bibliography and when appropriate critical notes Authors are listed alphabetically and cross referenced both within the text and the index to facilitate easy access to information Selected bibliographical entries are also listed alphabetically by author and include both the original title and English translation

publisher date and place of publication and number of pages **Mexican Literature** David William Foster, 2010-07-22
 Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective More than merely a catalog of names and titles it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature Recognizing that no one scholar can authoritatively cover so much territory David William Foster has assembled a group of specialists some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship The topics they discuss include pre-Columbian indigenous writing Joanna O Connell Colonial literature Lee H Dowling Romanticism Margarita Vargas nineteenth century prose fiction Mario Mart n Flores Modernism Bart L Lewis major twentieth century genres narrative Lanin A Gyurko poetry Adriana Garc a theater Kirsten F Nigro the essay Martin S Stabb literary criticism Daniel Altamiranda and literary journals Luis Pe a Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works **The Double Strand** Frank Dauster, 2021-10-21 Two strands one indigenous the other imposed produce the poetic and cultural tensions that give form to the work of five contemporary Mexican poets All Chumacero Efrain Huerta Jaime Sabines Ruben Bonifaz Nuno and Rosario Castellanos Although all five are significant figures only Castellanos has yet been widely studied in the United States primarily for her novels and her relations with the feminist movement In spite of a number of rather basic differences in their work these poets share and write within a complicated culture rooted in both the pre-Hispanic and the European traditions Their poetry reflects this in its emphasis on death as a constant presence and in the echoes of both Aztec ritual poetry and European poetry Although apparently very different formally and thematically the five share a number of concerns Each of them writes out of a contradictory inner tension each is preoccupied with the effort to shape language as part of a personal voyage of discovery each is haunted by death and seeks realization or plenitude through love of some kind And each of them ultimately finds there is no escape As Frank Dauster concludes The poetry of Mexico like its people and its society reflects the fusion of two worlds and these complex poets of the double strand operate freely and imaginatively within it Although addressed primarily to specialists in Latin American literature The Double Strand also speaks to those interested in the complex interaction between two widely differing cultural heritages and in the rich fusion this blending produces in Mexican letters From the Mexican Poetry Jaime A. Villareal, 1961 *I Speak of the City* Mauricio Tenorio-Trillo, 2015-02-24 In this dazzling multidisciplinary tour of Mexico City Mauricio Tenorio Trillo focuses on the period 1880 to 1940 the decisive decades that shaped the city into what it is today Through a kaleidoscope of expository forms *I Speak of the City* connects the realms of literature architecture music popular language art and public health to investigate the city in a variety of contexts as a living history textbook as an expression of the state as a modernist capital as a laboratory and as language Tenorio's formal imagination allows the reader

to revel in the free flowing richness of his narratives opening startling new vistas onto the urban experience From art to city planning from epidemiology to poetry this book challenges the conventional wisdom about both Mexico City and the turn of the century world to which it belonged And by engaging directly with the rise of modernism and the cultural experiences of such personalities as Hart Crane Mina Loy and Diego Rivera I Speak of the City will find an enthusiastic audience across the disciplines

The Dissonant Legacy of Modernismo Gwen Kirkpatrick, 2023-04-28 The Dissonant Legacy of Modernismo Lugones Herrera y Reissig and the Voices of Modern Spanish American Poetry examines the intricate evolution of modernista poetry in Spanish America focusing on the works of key figures such as Leopoldo Lugones Julio Herrera y Reissig and their successors The book explores the contradictions and shifts within modernismo a literary movement defined by its ornamental style and the tension between tradition and innovation Lugones known for his diverse body of work epitomizes the fragmented nature of the movement offering a precursor to the dissonant trend that would influence later poets His early works starting from 1893 signal a break from inherited poetic traditions and social structures employing innovative thematic elements and technical procedures that defy conventional poetic forms This drive for reform despite Lugones later authoritarian leanings positions him as a central figure in understanding the dissonant legacy of modernismo The study then shifts to other poets like Herrera y Reissig who like Lugones questioned and subverted modernismo's conventions These poets expanded the movement's boundaries challenging European models and incorporating elements of the colloquial the ridiculous and the avant garde By exaggerating and naturalizing European influences they not only resisted but also transformed traditional poetic structures Through metaphors like the map the landscape and the city the book reveals how modernista poetry's sensory overload created gaps that allowed for the emergence of new poetic possibilities As social and economic changes reshaped Spanish American societies poets began to fragment poetic structures deconstructing rhyme rhythm and meter This deconstruction laid the groundwork for the radical experiments of vanguardista poets and the broader transformation of Spanish American poetry in the twentieth century Ultimately the book demonstrates how the dislocations in modernismo often seen as imperfect imitations were in fact innovative subversions that dissolved traditional hierarchies allowing for the development of a distinct Spanish American poetic voice This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989

Antología de la poesía mexicana moderna Andrew Peter Debicki, 1976 Just south of Lake St Croix the widest part of the lower St Croix River Afton lies placidly on its western banks Settled beginning in the 1840s by sturdy New England loggers followed by German and Swede farmers this tiny river town has seen little boom Her sawmills were short lived enterprises and even the local berry business collapsed after World War I Relatively unspoiled by progress as she approaches the twenty first century

Afton remains a world apart for those who love her Combining memoir with narrative history Afton Remembered is admirer Ed Robb's heartfelt paean to his hometown jacket *The Siren and the Seashell* Octavio Paz, 2013-05-15 Octavio Paz has long been known for his brilliant essays as well as for his poetry Through the essays he has sought to confront the tensions inherent in the conflict between art and society and to achieve a unity of their polarities *The Siren and the Seashell* is a collection of Paz's essays focusing on individual poets and on poetry in general The first five poets he treats are Latin American Sor Juana Inés de la Cruz Rubén Darío José Juan Tablada Ramón López Velarde and Alfonso Reyes Then there are essays on Robert Frost e.e. cummings Saint John Perse Antonio Machado and Jorge Guillén Finally there are Paz's reflections on the poetry of solitude and communion and the literature of Latin America Each essay is more than Paz's impressions of one person or issue each is the occasion for a wider discussion of cultural historical psychological and philosophical themes The essays were selected from Paz's writing between 1942 and 1965 and provide an overview of the development of his thinking and an exploration of the ideas central in his works **Spanish-American Literature** Enrique Anderson Imbert, 1969 With a focus both historical and literary Enrique Anderson Imbert surveys the literature of Hispanic America His study is not merely an historical synthesis of names titles and dates it is rather a critical analytical appraisal of the verse prose and drama written in Spanish in the Americas in the contemporary period *Culture and Customs of Mexico* Peter Standish, Steven M. Bell, 2004-04-30 Mexico with some 90 million people holds a special place in Latin America It is a large complex hybrid a bridge between North and South America between the ancient and the modern and between the developed and the developing worlds Mexico's importance to the United States cannot be overstated The two countries share historical economic and cultural bonds that continue to evolve This book offers students and general readers a deeper understanding of Mexico's dynamism its wealth of history institutions religion cultural output leisure and social customs **A Companion to Pablo Neruda** Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet's apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda's debt to reading and books is studied in depth and the change in poetics re-examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London *The Exotic Self* Assistant Professor of

Music Theory Butler School of Music Chelsea Burns, Chelsea Burns, 2025 I explore how market and political forces composer biography and aesthetic and intellectual concerns expressed in the composer's writings and compositions all complicate ascriptions of nationalism in the case of Mexican composer Carlos Chávez I focus on *La aloma azul* a work Chávez wrote for 1940 concerts at New York's Museum of Modern Art providing an alternative reading of the work and highlighting features that would be missed in a reading concerned with characterizing the work as nationalist

A Companion to Mexican Studies Peter Standish, 2006 This most recent of the Tamesis Companion series traces the evolution of the major creative aspects of Mexican culture from pre-Columbian times to the present Dealing in turn with the cultures of Mesoamerica the colonial period the onset of independence and the modern era the author explores Aztec arts the role of the performing arts in the process of evangelisation manifestations of cultural dependence of the search for national identity and the struggle for modernity drawing examples from such diverse activities as architecture painting music dance literature film and media There is also a brief account of the distinctive characteristics of Mexican Spanish Maps a chronology a bibliographical essay and a lengthy bibliography round off this comprehensive guide making it an indispensable research tool for those seriously interested in Mexican culture Peter Standish is Professor of Spanish at East Carolina University a constituent institution of the University of North Carolina

Octavio Paz and T. S. Eliot Tom Boll, 2017-12-02 When the sixteen year old Octavio Paz 1914-1998 discovered *The Waste Land* in Spanish translation it opened the doors of modern poetry The influence of T. S. Eliot would accompany Paz throughout his career defining many of his key poems and pronouncements Yet Paz's attitude towards his precursor was ambivalent Boll's study is the first to trace the history of Paz's engagement with Eliot in Latin American and Spanish periodicals of the 1930s and 40s It reveals the fault lines that run through the work of the dominant figure in recent Mexican letters By positioning Eliot in a Latin American context it also offers new perspectives on one of the capital figures of Anglo-American modernism

From Romanticism to Modernismo in Latin America David William Foster, Daniel Altamiranda, 1997 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory
