The historical dimension is deepened with contributions on William Joyce, Joseph Jonas, the marginalisation of the mass emigration of the Jews within German memory, and the exile of princesses for whom, until recent times, marriage often meant a life far from home.

Terrorism and Modern Literature Alex Houen, 2002-09-12. Is terrorism's violence essentially symbolic? Does it impact on culture primarily through the media? What kinds of performative effect do the various discourses surrounding terrorism have? Such questions have not only become increasingly important in terrorism studies; they have also been concerns for many literary writers. This book is the first extensive study of modern literature's engagement with terrorism. Ranging from the 1880s to the 1980s, the terrorism examined is as diverse as the literary writings on it. Chapters include discussions of Joseph Conrad's novels on Anarchism and Russian Nihilism; Wyndham Lewis's avant garde responses to Syndicalism and the militant Suffragettes; Ezra Pound's poetic entanglement with Segregationist violence; Walter Abish's fictions about West German urban guerrillas; and Seamus Heaney's and Ciaran Carson's poems on the Troubles in Northern Ireland. In each instance, Alex Houen explores how the literary writer figures clashes or collusions between terrorist violence and discursive performativity. What is revealed is that writing on terrorism has frequently involved refiguring the force of literature itself. In terrorism studies, the cultural impact of terrorism has often been accounted for with rigid structural theories of its discursive roots. But what about the performative effects of violence on discourse? Addressing the issue of this mutual contagion, *Terrorism and Modern Literature* shows that the mediation and effects of terrorism have been historically variable. Referring to a variety of sources, in addition to the literature, newspaper and journal articles, legislation, letters, manifestos, the book shows how terrorism and the literature on it have been embroiled in wider cultural fields. The result is not just a timely intervention in debates about terrorism's performativity. Drawing on literary critical theory and philosophy, it is also a major contribution to debates about the historical and political dimensions of modernist and postmodernist literary practices.
