Louis Macneice Selected Poems:

Selected Poems Louis MacNeice, 2007 I would have a poet able bodied fond of talking a reader of the newspapers capable of pity and laughter informed in economics appreciative of women involved in personal relationships actively interested in politics susceptible to physical impressions Louis MacNeice's prescription is designed to look ordinary rather than esoteric but very little poetry can claim to meet these specifications stringent in their very wideness MacNeice's work matches the world he famously described as incorrigibly plural Michael Longley himself a distinguished Ulster poet has written an introductory essay of meticulous advocacy His wife the critic Edna Longley has supplied the apparatus for students and the general reader **Selected Poems of Louis MacNeice** Louis MacNeice, 1990 Collected Poems Louis

MacNeice, 2015-04-09 In the decades since his death in 1963 Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations of readers in Ireland Britain and beyond for whom he is one of the essential poets of the twentieth century His work has also received increasing attention from academic writers and students For both readers and critics the nature of MacNeice's poetic work as a whole is a matter of importance and the second posthumous *Collected Poems* entirely re edited by Peter McDonald attempts for the first time to print MacNeice's poetry in groupings corresponding closely to the collections published by Faber between 1935 and 1963 This makes it easier to read the poet in the published forms in which he was read by his contemporaries In choosing to re create the environments of MacNeice's individual volumes of poetry moreover this new *Collected* reflects the opinion that MacNeice works best in and through those separate volumes particularly so in the brilliant return to form and unique kinds of return on lyric form itself of the last three collections The texts of the poems in the new edition are based on a comparison of all printed versions as revised in the light of the poet's later thoughts This has resulted in a large number of changes It is hoped that the present edition presents MacNeice's poetry more accurately as well as more fully than all previous collections The new *Collected Poems* also includes as appendices *The Last Ditch* the short book of poems which MacNeice published with the Cuala Press in 1940 and *The Revenant* a cycle of songs written for MacNeice's wife the singer Hedli Anderson a selection of uncollected early poems and from *Blind Fireworks* MacNeice's first published book of verse Louis MacNeice, 1990

The Collected Poems of Louis MacNeice Louis MacNeice, 1967 Early in his career MacNeice was identified with a group of politically committed poets whose work appeared in Michael Roberts's anthology *New Signatures* MacNeice drew many of the texts for *Modern Poetry A Personal Essay* from the *New Signature* poets *Modern Poetry* was MacNeice's plea for an impure poetry expressive of the poet's immediate interests and his sense of the natural and the social world Despite his association with young British poets Stephen Spender W H Auden writer Christopher Isherwood and other left wing poets MacNeice was as mistrustful of political programs as he was of philosophical systems In the decades since his death in 1963 Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations

of readers in Ireland Britain and beyond for whom he is one of the essential poets of the twentieth century His work has also received increasing attention from academic writers and students For both readers and critics the nature of MacNeice's poetic work as a whole is a matter of importance particularly so in the brilliant return to form and unique kinds of return on lyric form itself

Louis MacNeice Reads Selected Poems Louis MacNeice, 1961 **Louis MacNeice** Louis MacNeice, 2001 In this series a contemporary poet advocates a poet of the past or present whom they have particularly admired By their selection of verses and by the personal and critical reactions they express the selectors offer intriguing insight into their own work

Selected Poems of Louis MacNeice W. H. Auden, 1964 *Selected Poems* Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because *Selected Poems* usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced

Louis MacNeice Louis MacNeice, 1979 New Selected Poems of W. S. Graham W.S. Graham, 2018-09-18 One hundred years after his birth W. S. Graham's words seem more awake than ever His subtle exploration of the paradoxes of language his passionate conviction of the importance of art and the love he expresses for the people and landscapes of his native Clydeside and adopted home of Cornwall attract more readers each year In startlingly original poems he celebrates family and friendship and probes the limits of our understanding of the world and our place in it Graham's *New Collected Poems* 2004 marked a crucial point in the growth of his reputation bringing together for the first time all the poems of his seven collections as well as some of the unpublished material that had come to light since his death in 1986 Now as we honour his centenary this *New Selected Poems* presents his best and most characteristic from his epic seafaring masterpiece *The Nightfishing* to the quirky metaphysics of *Implements in their Places* as well as a selection of his early neo-romantic poems which Graham himself believed were essential to a full understanding of his oeuvre and some remarkable uncollected work There is no better way to make the acquaintance of one of the greatest British poets of the twentieth century

Selected Literary Criticism of Louis MacNeice Louis MacNeice, 1987 Although the poetry of Louis MacNeice 1907-1963 has long been available in collected editions this is the first volume to bring together a selection of his equally accomplished literary criticism Drawn from reviews articles drama criticism and other publications these fifty six

selections strike a balance between his earliest and his most mature work and canvas the full range of his interests from classical writers to his own contemporaries with essays on such prominent personal friends as W B Yeats W H Auden T S Eliot and Dylan Thomas The volume also contains an introduction notes and a full bibliography of MacNeice's short prose not limited to his literary criticism **The Cambridge Companion to Irish Poets** Gerald Dawe, 2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times **Louis MacNeice** Louis MacNeice, 2005 Louis MacNeice was born in Belfast in 1907 and educated at Marlborough and Merton College Oxford For most of his working life he was a writer and producer for BBC radio His death in 1963 was sudden and unexpected

Twentieth-Century British and Irish Poetry Michael O'Neill, Madeleine Callaghan, 2011-01-31 Featuring contributions from some of the major critics of contemporary poetry Twentieth Century British and Irish Poetry offers an accessible imaginative and highly stimulating body of critical work on the evolution of British and Irish poetry in the twentieth century Covers all the poets most commonly studied at university level courses Features criticisms of British and Irish poetry as seen from a wide variety of perspectives movements and historical contexts Explores current debates about contemporary poetry relating them to the volume's larger themes Edited by a widely respected poetry critic and award winning poet **Out of what Began** Gregory A. Schirmer, 1998 The first book of its kind Out of What Began traces the development of a distinctive tradition of Irish poetry over the course of three centuries Beginning with Jonathan Swift in the early eighteenth century and concluding with such contemporary poets as Seamus Heaney and Eavan Boland Gregory A Schirmer looks at the work of nearly a hundred poets Considering the evolving political and social environments in which they lived and wrote Schirmer shows how Irish poetry and culture have come to be shaped by the struggle to define Irish identity Schirmer includes a large number of accomplished poets who have been unjustly neglected in standard accounts of Irish literature many of these writers are women whose work has been kept in the shadows cast by that of well known male poets He also emphasizes the importance of political poetry in a country that continues to be torn by sectarian violence With its rich selection of poetic voices Out of What Began reveals the political social and religious diversity of Irish culture *Collected Poems, 1925-1948*, by Louis MacNeice Louis MacNeice, 1954 The Cambridge Companion to Contemporary Irish Poetry Matthew Campbell, 2003-08-28 In the last fifty years Irish poets have produced some of the most exciting poetry in contemporary literature writing about love and sexuality violence and history country and city This book provides a unique introduction to major figures such as Seamus Heaney but also introduces the reader to significant precursors like Louis MacNeice or Patrick Kavanagh and vital contemporaries and successors among others Thomas Kinsella Paul Muldoon and Nuala Ni Dhomhnaill Readers will find discussions of Irish poetry from the traditional to the modernist written in Irish as well as English from both North and South This Companion the only book of its kind on the market provides cultural and historical background to contemporary Irish poetry in the contexts of modern Ireland but also in the broad currents of modern world literature It

includes a chronology and guide to further reading and will prove invaluable to students and teachers alike Modern Irish Writers Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world's greatest authors The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O'Casey J.M. Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author's career a discussion of major works and themes an overview of the author's critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume **The Cambridge Companion to British Poetry, 1945-2010** Edward Larrissy, 2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War Focusing on famous and neglected names alike from Dylan Thomas to John Agard leading scholars provide readers with insight into the ongoing importance and profundity of post war poetry
