James L. Malfetti

Love Is Not Blind:

Love is not blind Anuroop Sebastian,2019-02-15 Anuroop Sebastian explores the theme of the true vs counterfeit or the fake love and explains how the reader can identify the real thing by following the example of Jesus In John 2:24 Jesus rejects the praises of a certain group of people Their praises appear to be genuine but Jesus knows that they are simply flattering Him Yet when Mary pours expensive perfume on His feet he accepts her love John 12:1-8 Jesus had the ability to discern the true nature of others by listening to their hearts instead of listening to their words or following their actions The author will show how the Bible gives readers the wisdom to recognize their true friends and safeguard themselves from toxic relationships

The Love Hypothesis Rubleena Behera & Mayank Samantray, The Love Hypothesis is compiled by Rubleena Behera and Mayank Samantray which is among most of the enthusiastic anthology books ever outlined It visualizes the current morale love tales which is indeed a twist of the abomination It symbolizes the real nomination from a strange cross to an unstoppable passionate and realistic love story Objectives of this anthology is genuinely clear because The Love Hypothesis is made on the basis of limited evidences and facts as a starting point for further investigation of Love itself where facts end research starts One of the best proverbs in our history mentioned There is no difference between a wise man and a fool when they fall in love As it says no matter how much we are fond of being ourselves in the end when we are being fond of someone's presence who brings out our personality like a Five Years Old Kid Drop a hearty mention of our content to your stories tagging in Instagram wordsgenix_publication what's your apparent review about that topic or co author draft which might justify the same situation occurred with you or you want to clarify your feelings to your partner Let's find out different sites of our co authors draft Love Is . . . Three Philosophies of Life Peter Kreeft,2009-12-08 I've been a philosopher for all my adult life and the three most profound books of philosophy that I have ever read are Ecclesiastes Job and Song of Songs These are the opening lines of Kreeft's Three Philosophies of Life He reflects that there are ultimately only three philosophies of life and each one is represented by one of these books of the Bible life is vanity life is suffering life is love In these three books Kreeft shows how we have Dante's great epic The Divine Comedy played out from Hell to Purgatory to Heaven But it is an epic played out in our hearts and lives here and now Just as there is movement in Dante's epic so there is movement in these books from Ecclesiastes to Job from Job to Song of Songs Love is the final answer to Ecclesiastes' quest the alternative to vanity and the true meaning of life Finally Kreeft sees in these books the epitome of theological virtues of faith hope and love and an essential summary of the spiritual history of the world *The Origin of Humanness in the Biology of Love* Humberto Maturana Romesín, Gerda Verden-Zöllner,2012-02-21 The central concern of this book is us human beings The authors' basic

question is How is it that we can live in mutual care have ethical concerns and at the same time deny all that through the rational justification of aggression The authors answer this basic question indirectly by providing a look into the fundamentals of our biological constitution concentrating on what they term emotioning that is the flow of emotions in daily life that guides the flow of the systemic conservation of a manner of living Maturana and Verden Zeller claim that the fundamental emotion that gave rise to humans as sapient languaging beings was love and that this remains our fundament even when other emotions become socially prevalent

On Love, Family, and the State: Philosophical-sociological Essay Олег Арин / Алекс Бэттлер, 2021-07-08 The problems of love family and state are topics that are widely discussed both in the West and in Russia This essay however differs from all previous research work in that Alex Battler elevated the well known words love family and marriage to the level of concepts This enabled the author to correlate them to the conception of force and progress he had substantiated in the book Dialectics of Force Ontology and ultimately to define the regular connection between the destruction of marriage and the collapse of a state within the context of the law of entropy growth or the law of death

The Routledge Handbook of Phenomenology of Emotion Thomas Szanto, Hilge Landweer, 2020-04-22 The emotions occupy a fundamental place in philosophy going back to Aristotle However the phenomenology of the emotions has until recently remained a relatively neglected topic The Routledge Handbook of Phenomenology of Emotion is an outstanding guide and reference source to this important and fascinating topic Comprising forty nine chapters by a team of international contributors this handbook covers the following topics historical perspectives including Brentano Husserl Sartre Levinas and Arendt contemporary debates including existential feelings situated affectivity embodiment art morality and feminism self directed and individual emotions including happiness grief self esteem and shame social emotions including sympathy aggressive emotions collective emotions and political emotions borderline cases of emotion including solidarity trust pain forgiveness and revenge Essential reading for students and researchers in philosophy studying phenomenology ethics moral psychology and philosophy of psychology The Routledge Handbook of Phenomenology of Emotion is also suitable for those in related disciplines such as religion sociology and anthropology

Awakening to the Power of Peace—Love—Joy—Gratitude Jean Maalouf, 2019-08-09 Humankind is at the present time reaching a critical point in history A disaster of apocalyptic proportions could erupt at any time I know not with what weapons World War III will be fought predicted Albert Einstein but World War IV will be fought with sticks and stones What we are to do in order to prevent such catastrophic events We are to change the way we think insists philosopher Maalouf We are to see people and things in different ways We are to see with God's eyes We are to witness the birth of a new consciousness For philosopher Jean Maalouf who holds two Ph.D.s and who has published more than forty books one needs to go beyond the symptoms he affirms and find the root causes of our crises His new book Awakening to the Power of Peace Love Joy Gratitude goes straight to the very core of our crises and points the way to their solutions The truth is that the battlefield is not primarily on the land where

people confront and kill each other The true battlefield is where decisions are made in the people s minds hearts and souls This is also where solutions should be found Dr Maalouf invites us to change the way we perceive reality so that a new way of living can emerge If we don t learn to love one another and to live together in peace we will continue to kill each other and we will perish together We are interconnected We are interdependent What we think about how we see things and what we say and do and the way we live our life matter greatly We ly all of us together we should live in peace love joy and gratitude

Malfetti,1971 *Globalization and Modernity in Asia* Chris Hudson,Bart Barendregt,2025-10-01 Much has been said regarding the global flows of information that are characteristic of modernity it has been frequently stressed that these conduits are so deeply embedded that local or national environments may be imagined as having a global span Thus while we are now well aware that the imagination is integral to global cultural processes questions still arise about how the imagination of life with a global span is made possible at the level of everyday social practices This book examines performative interventions that can generate a re imagining of local publics both spatially grounded and mediatized and help to renegotiate the connection between the local and the global After the performative turn of the 1960s it has been understood that shared experience of performance as event or spectacle can

transform interpretations of the global and the local and create new meanings and this book continues in the direction of this important tradition while also fully expanding on its consequences New Testament Words William Barclay,2000-01-01

The Letter to Philemon is one of the most beautiful rhetorical letters written by Paul and yet at the same time perhaps the most underread letter in the New Testament Paul wrote this letter out of love hoping to persuade the slave master Philemon to choose compassion rather than follow the typical Roman attitudes towards slaves to treat Onesimus as a brother in Christ rather than as an inferior subhuman chattel This letter is not only theologically important but also important in a practical sense because it is more than mere words it is a testimony In order for readers to better appreciate the true depth of the meanings in the letter this book is written in a rather creative way Each chapter begins with a selected scene from the movie Les Mis rables to introduce the key theme of the chapter Then the author will interpret the details of the text of the letter and the other relevant texts in the Pauline corpus The final section of each chapter is a creative story based on the text and historical context The purpose of inventing these creative stories is to help readers better grasp the historical context and most importantly the rhetoric in the letter Pocket Handbook of Christian Apologetics Peter Kreeft,Ronald K.
