Love Liberation The Law:

Love, Liberation, and the Law J. Vernon McGee, 1995 The Ten Commandments are central to the Bible because they reveal to us how we are to obey the Greatest Commandment to show our love for God and each other World renowned preacher McGee uses his distinctive style to explain the Ten Commandments and tells how to apply each in a practical and unpretentious way Race and the Cosmos Barbara A. Holmes, 2002-06-01 Argues that theoretical physics and cosmology can provide a key to overcoming race related problems explaining how they enable a means for discussing individual and communal quests for fulfillment beyond racial ethnic class and sexual barriers Original Compendium of the Social Doctrine of the Church Catholic Church. Pontificium Consilium de Iustitia et Pace, 2004 This unique unprecedented document in the history of the Church serves as a tool to inspire and guide the faithful who are faced with moral and pastoral challenges **The Perilous Sayings** Amos Winarto Oei, 2017-04-30 Dr Amos Winarto Oei brings fresh clarity and understanding of the antitheses of Jesus from the Sermon on the Mount Providing a thorough evaluation of key historical and contemporary interpretations of Matthew 5 21 48 from notable theologians Oei illustrates the unity surrounding the teachings of Jesus even among disparate denominational traditions Dr Oei also addresses whether the ethics Jesus set out in the antitheses are for Christians only or whether they are demands for all individuals and also the state This book is the product of extensive theological research and sound exegesis and presents a clear argument of the universal nature and individual scope of the ethics and morality of the most famous sermon ever preached American Protestant Ethics and the Legacy of H. Richard Niebuhr William Werpehowski, 2002-09-20 In this careful analysis and evaluation of the monumental influence of Niebuhr Werpehowski traces four streams that flow from Niebuhr's theology particularly as it deals with ethics In a tightly knit and comprehensive investigation of the work of four contemporary ethicists important in their own right Paul Ramsey Stanley Hauerwas James Gustafson and Kathryn Tanner Werpehowski explores how the legacy of Niebuhr has made an impact on their thought and work He presents a clear concise nuanced analytical criticism of the development of the four ethicists' construction of ethics and does it in a way that interweaves and puts the four into a dialogue and conversation with Niebuhr and each other Addressing a number of substantive issues including the viability of just war tradition and the relationship between church and world American Protestant Ethics and the Legacy of H Richard Niebuhr demonstrates that Christian ethics operates within a set of polar tensions and that such conversations as are developed within need to be a part of moral discourse inside and between a variety of communities of faith To Live in the Spirit Nélide Naveros Córdova, CDP, 2018-11-29 To Live in the Spirit Paul and the Spirit of God brings to light a fresh understanding of the Greek concept spirit in Paul's ethical teaching Placing Paul and his mixed audience within the Hellenistic Jewish and Greek philosophical traditions of the ancient world this book examines his new message concerning's primary function in the acquisition of virtues and avoidance of vices Looking in detail at the various ways in which Paul views in his seven undisputed letters

Naveros C rdova explores s development from Paul s initial ethical reflections in his early letters to a more mature view in his later letters Naveros C rdova argues that it is within these traditions represented by major Hellenistic Jewish and Greco Roman writers that Paul construes the framework of his ethical teaching Paul finds in the power of God s a new ethical alternative for his mixed audience to living lives pleasing to God outside the observance of the Mosaic Law Naveros C rdova demonstrates how Paul draws upon Platonic immaterial and Stoic material language that would have been familiar to his hearers in the early Christian communities to create a persuasive understanding of ethical performance and to show that the moral life of the believers springs from that received from God In his efforts to highlight s central role in his ethics Paul moves beyond both traditions by describing the Christification of not only in Stoic terms but also in Middle Platonic categories of the first century CE

Theology for a Liberating Church Alfred T. Hennelly, 1989 Freedom is a fundamental Christian theological category as much a challenge to construct a new way of seeing oneself and others as it is an announcement of what Christ has already done for us in his death and resurrection Liberation theology is most simply the effort to spell out what such freedom means for Christians in the twentieth and twenty first centuries This book has as its principle premise the conviction that if we are to construct a North American liberation theology we must begin listening to and understanding Latin American theology not so much as a model to be slavishly followed but as a challenge to our own cultural political and even religious assumptions The focus thus is not so much on the theoretical meaning of Christian freedom but on its practice and more exactly its praxis that is to say the dialectic between theory and practice After focusing on the creation and development of liberating theological methods and sources and above all the revitalization and renewal of structures that will contribute to the development of a liberated and liberating church Fr Hennelly ends with an analysis of the most recent and the most important vatican document on liberation theology The Instruction of Christian Freedom and Liberation which he sees as an acknowledgement by the universal church that the theme of liberation is central to the meaning of Christian theology

Everything You Need to Grow a Messianic Yeshiva Dr. Phillip Goble, 1981

A Dictionary of the Jewish-Christian Dialogue Leon Klenicki, Geoffrey Wigoder, 1995 This is an invaluable aid in helping readers become better acquainted with key issues involved in the relationship between Judaism and Christianity It brings together significant discussions of major theological and religious topics that are an integral part of the faith dialogue between Jews and Christians Each topic is treated in two separate essays one by a Christian scholar the other by a Jewish scholar and points of agreement and decisive differences stand out clearly

Searching for Dr. Harris Margaret Humphreys,2024-08-20 This is the untold story of Dr J D Harris an African American physician whose life and career straddled enormous changes for Black professionals and the practice of medicine Born in Fayetteville North Carolina Harris served as a contract surgeon to the Union army and transitioned to a similar post under the Freedmen s Bureau treating Black troops and freedpeople in Virginia

Margaret Humphreys not only narrates what we know about Harris but offers context to his remarkable journey including how incredible it was that a young man born into freedom in a slave state learned to read when literacy for Black people was illegal. He was one of very few African Americans to become a doctor before Howard Medical School opened in the 1870s, a fact that both reveals the structural barriers to medical education for Black Americans and highlights how those structures weakened in the 1860s. Drawing on census records, court records, Civil War and Reconstruction documents from the National Archives, African American newspapers, and more, this book is a revealing look at the history not only of medicine in the southern United States but also of race and citizenship during one of the nation's most tumultuous eras. **Is Christ**

Divided? Felecia Rodgers, 2011-07. The church of the Bible is presented as a pattern of human life in marked contrast both to the values of secular society and to the restrictive outlook that characterizes many religious groups. The church is to be the manifestation of the biblical instruction to love God and neighbor. *Is Christ Divided* takes a penetrating look at the identity of the local church. Is it comprised of believers with a passion to worship the God of Truth and live by His purpose following His Holy Spirit that lives inside? Or is the church a group of individuals segregated by culture, class, economics, and education following the traditions of men? *Is Christ Divided* urges the original and philosophical concept of the church advocated by the Word of God. Each chapter reveals biblical support for cooperation amongst the brethren, the local church, and the para church. Containing critical research of Scripture and analysis of church history, this book will provide proof that both populations have existed since the beginning without distinction. The intent is to bridge the gap between denominations, associations, local churches, para church organizations, missions, and ministries. **Immovable Laws, Irresistible Rights**

Christine Pierce, 2000. Same sex partnerships, pregnancy through in vitro fertilization, ending one's own life in dignity: all are deemed inherently wrong by the standards of natural law ethics, but for many people they represent legitimate life choices that are morally right. Now a leading feminist critic of the natural law tradition explores the ongoing confrontation between natural law and moral rights to argue that rights constitute a more solid grounding for ethics in human affairs and for feminist thought. In this volume, Christine Pierce's important essays, including the celebrated *Natural Law Language and Women*, expand, reflect, and refine this central controversy. Reaching back to Aristotle and Aquinas and drawing on modern papal encyclicals and Supreme Court cases, Pierce demonstrates that the natural law tradition with its doctrine of a supposed hierarchy of natural purpose has served to mystify women's nature and thereby justify restricting women to a predetermined social stratum. Addressing issues that concern not only feminism but legal theory as well, she defends her views on equality and universalization against a growing postmodern critique and presents rights theory as an alternative to an ethics of responsibility based on Aristotelian notions of friendship and trust. Through tightly constructed arguments presented in engaging prose, Pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as AIDS, gay marriage, animal liberation, and feminist separatism. She combats the prevailing view of Plato as sexist and

explores Sartre's views of holes and slime. She also examines the work of contemporary authors in ecology, biology, sociobiology, and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in Thomism. With natural law concepts now in fashion with many conservatives and even some Supreme Court justices, Pierce's essays offer a necessary perspective on where current legal and ethical thinking is headed. *Immovable Laws: Irresistible Rights* is invigorating reading for all scholars, students, and interested readers who seek a better understanding of these arguments and the issues affected by them.

An Anthology of Critical Thomist Jurisprudence , An A-Z of Feminist Theology Lisa Isherwood, Dorothea McEwan, 2016-10-06. This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology. There are entries on all the major themes of Christian feminist theology, including models of God and of the Church, ethics, and spirituality, sexuality, and liberation. Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse. Together, they present the far-reaching concerns of feminist theology in an accessible and stimulating way. The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity.

Hindu-Christian Dialogue Mariasusai Dhavamony, 2021-11-15. Dialogue is an integral part of the mission of the Christian church. The immensity of the ocean of Hindu doctrine and thought presents a significant obstacle to Christians who have been invited by the Roman Catholic Church to scrutinize the divine Mystery present in other religions. Many, fascinated by Hindu mysticism, confuse permanent Hindu beliefs with certain current Western religious movements. India's quest for the divine embodies multiple forms. Its millennia-old methods of meditation and varieties of asceticism often confuse those who are less inclined to experience of an inner spiritual nature. This book attempts to address some of these

difficulties and questions It is the author's belief that in the Hindu Christian encounter the Christian believer will also rediscover the originality and newness of the Christian revelation viz the intervention of God in the history of salvation whereby God reveals his salvific love in Jesus Christ Possessing expert knowledge of both Hinduism and Christianity the author approaches the Hindu Christian dialogue with sympathy and discernment
