What Does It Mean to 'Make' Love? Gérard Pommier, 2024-10-25 What Does It Mean to Make Love shows how the choice of gender does not conform to anatomy and is based on an often unrecognised psychic bisexuality Everyone chooses a gender by repressing another gender which becomes the site of both an attraction and a conflict a war of the sexes the contingencies of which animate desire Gérard Pommier explores phantasy desire and perversion and their role in sexual machinery before considering the question of orgasm Pommier's work demonstrates that the analysis of orgasm brings out a political dimension and that aspects of both social and personal life are illuminated by the study of how we think consciously and unconsciously about orgasm and the role we ascribe to it This book makes valuable contributions to the study of sexuality and will be of interest to all psychoanalysts and students of psychoanalysis as well as those in the fields of gender studies anthropology and psychology

Nietzsche's Task Laurence Lampert,2008-10-01 When Nietzsche published *Beyond Good and Evil* in 1886 he told a friend that it was a book that would not be read properly until around the year 2000 Now Laurence Lampert sets out to fulfill this prophecy by providing a section by section interpretation of this philosophical masterpiece that emphasizes its unity and depth as a comprehensive new teaching on nature and humanity According to Lampert Nietzsche begins with a critique of philosophy that is ultimately affirmative because it shows how philosophy can arrive at a defensible ontological account of the way of all beings Nietzsche next argues that a new post

Christian religion can arise out of the affirmation of the world disclosed to philosophy Then turning to the implications of the new ontology for morality and politics Nietzsche argues that these can be reconstituted on the fundamental insights of the new philosophy Nietzsche s comprehensive depiction of this anti Platonic philosophy ends with a chapter on nobility in which he contends that what can now be publicly celebrated as noble in our species are its highest achievements of mind and spirit
